

"There Will Be Hard Fighting In Mediterranean and Elsewhere Before Autumn Arrives"

London, June 30 (AP)—Prime Minister Churchill declared today that it "is very probable there will be heavy fighting in the Mediterranean and elsewhere before the leaves of autumn fall."

Speaking at London's Guildhall, he disclosed that more than 30 U-boats had been certainly destroyed during May and that the massacre was continuing with June "the best month we have ever known in the war."

WINSTON CHURCHILL

He said that shipbuilding in the United States and Canada had reached a stage where the output of new ships "is somewhere between seven and 10 times as much as our losses from enemy action in June."

Convoys Improving

The Prime Minister said that since the middle of May scarcely a single merchant ship had been sunk in the whole of the North Atlantic.

Referring to the coming attack in the Mediterranean, he said that so far as the Italians are concerned "they have only been subjected to the preliminary and discursive bombardments but they are already speculating *** where the blow will fall."

"It is no part of our interest to relieve that anxiety."

Churchill expressed the opinion that Axis worry over Allied plans "may have led to the remarkable long delay of opening the promised German offensive against Russia." He said he also did not propose to relieve that worry.

"Unconditional Surrender"

"We and the United Nations demand from the Nazis and Fascists and Japanese tyrants unconditional surrender."

"By that we mean that their will power to resist must be completely broken and that they must yield themselves absolutely to our justice and mercy."

He declared it also means that "we must take all those far-sighted measures which are necessary to prevent the world from again becoming convulsed, wrecked and blackened by their calculated blows and ferocious aggression."

Standing in the glow of flickering arc lamps and in the center of a panoply of gold, blue and black robes, Churchill told his cheering listeners that the battle of the Ruhr soon would be spreading over all Germany.

To Blast All Targets

"As the nights become longer and the United States Air Force becomes more numerous our strong arms will lengthen both by night and by day and there is no industry or military target in Germany that will not receive as we deem necessary the utmost application of the exterminating force."

"I have never indulged in shallow, fugitive optimism but I have thought it right to make this statement because I am sure it will not lead to the slightest complacency or relaxation of that awful force which now is being brought into action."

"This force will be remorselessly applied to the guilty nations and their wicked leaders who imagined their superiority of airpower would enable them to terrorize and subjugate first England and afterwards the world."

World Looks To Allies

In a fighting speech the length and vigor of which surprised most everyone on such a formal occasion, Churchill declared that "upon the association and intimate alignment policy" of the United States and Britain "depends more than upon any other factor the immediate future of the world."

Referring to the close association of the two countries, he said that the great power of the United States "aroused no fear" and its "preeminence excites no jealousy in British bosoms."

Bloody Riots Break Out In Greece; May Evacuate City Of Bucharest; Italy Shivers

By JAMES F. KING

London, June 30 (AP)—Seething hatred of Axis occupation forces was reported today to have erupted into extensive and bloody riots in Athens and other Greek cities as the ever-present threat of an Allied invasion kept tension high throughout Europe.

Turkish dispatches last night said the street disorders broke out Sunday, and a Greek source in Ankara expressed the view they undoubtedly were touched off by the heartening effect of American air raids last week on airfields near Salonika and Athens.

Many Shot Down

The Axis took quick and ruthless countermeasures against the Greek rioters, an informed Balkan source reported. Hundreds of the demonstrators were said to have been arrested and many shot down. A number of others were believed scheduled for the firing squad.

This source said the demonstrations centered in Athens and Salonika, upon which American air raids last week showered thousands of leaflets containing an encouraging message from President Roosevelt, and in Volos and Larissa, near the east coast.

Other reports to Ankara mean-

while said the Axis was preparing for an Allied thrust into the Balkans.

"Evacuate Bucharest"

A German motorized division was said to be taking up posts along the Salonika peninsula, and a German news agency reported the Rumanian cabinet had decided upon partial evacuation of Bucharest as an air raid precaution. All persons who have recently moved into the capital from the provinces will be forced to leave, this report said.

New strengthening of the Axis lines was reported too in southern Italy and its adjoining stepping stone islands of Sicily and Sardinia, was well as in France, where Field Marshal Erwin Rommel was said to have concentrated some 350,000 troops in the Rhone valley. In a Moscow broadcast heard by the Soviet Monitor, the Russian news agency Tass reported Italy has ordered mobilization of every able-bodied resident of Sicily because of the "inevitability of Allied invasion" and has suspended private telephone and telegraphic communications between mainland and Sicily and Sardinia.

WILLIAM EDEN EXPIRES AFTER BRIEF ILLNESS

William J. Eden, 69, died at 8:05 o'clock this morning at his home, 400 Carlisle street, after an illness of three months. He had suffered a heart attack about a year ago but continued with his work as a salesman at the Adams County Motors corporation until about three months ago.

Since that time he had been up and about until Tuesday evening when he suffered another attack.

Mr. Eden had been associated with the Ford garage here for 30 years and prior to that had operated a grocery store on York street for about 12 years. He graduated from Lock Haven State Normal school in 1897 and was an instructor there for a time.

Funeral Saturday

His wife, who was Cora J. Williams, died a year ago.

A son of the late James and Nancy (Weidner) Eden, he was born in Arendtsville and spent his early years there.

He is survived by the following children, Miss Mildred Eden, at home; Mrs. H. T. Jennings, Chambersburg; Mrs. Arthur Buehler, Gettysburg; Clair Edward Eden, Baltimore; Mrs. Martha E. Wolfe, at home, and PFC Joseph R. Eden, Africa. One cousin is the only other survivor.

Funeral services Saturday at 10 a. m. from the Deatrick brothers funeral home, Baltimore street, with the Rev. Ralph R. Gresh officiating. Interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

R.C. IS UNABLE TO EXPEDITE SOLDIER MAIL

Parents of Adams county men and women in the armed services who have been contacting the Red Cross office here to learn what may have become of letters they sent to their sons and daughters were advised today not to expect too speedy service with the mails.

Even emergency messages sent through the Red Cross home service may be held up for a time, the Red Cross pointed out, because field directors representing the Red Cross in particular areas may be as far as 200 miles from the men to whom the letters are addressed. Because of the pressure of time and difficulty of transportation it is often necessary for the field directors to obtain several messages for a particular section before they can obtain transportation to the area where a soldier may be stationed. This is particularly true during periods when action is impending or in progress, it was stated.

During those periods all vehicles available are given over to the transportation of soldiers and supplies to the front and frequently transportation for the field director is unobtainable for some time.

Birth Messages

The Red Cross also said that it is no longer attempting to relay birth announcements by army radio except where commercial services are not available and where some complication, such as serious illness of mother or child has occurred. Because of the large number of men in the service facilities for radio transmission of the messages have become inadequate to handle both the announcements and the war messages scheduled to be sent.

Parents were warned not to send money to soldiers because in most cases the money is not usable by the soldier and because facilities are not available to send money by cable to some places outside the United States. The best method of sending money, if it is necessary, is by check and even then there is great danger of the check being lost. It was pointed out that in case of emergency the soldiers, and sailors can obtain any money necessary from their local Red Cross field director.

County Soldier In Tokyo Camp

Staff Sergeant Henry B. Pecher, son of Mr. and Mrs. J. Harry Pecher, of near Fairfield, who has been a prisoner of the Japs ever since the fall of Bataan, is now in a prison camp near Tokyo. His family have been advised.

No word has been received from Sergeant Pecher for more than a year.

Buchanan Valley Picnic Cancelled

The St. Ignatius unit of the NCCW met Sunday evening in the parish hall. The meeting was called to order by the president, Miss Catherine E. Miller. The Rev. D. J. Crowley gave the opening prayer and spoke briefly.

Sections of the "Monthly Message" were read. Penny Parade mite boxes were distributed to the ladies. At the next monthly meeting 10 and 25 cent war stamps will be on sale. The Rev. Fr. Crowley announced that under present conditions the annual Buchanan Valley picnic will not be held this year. The meeting was closed with prayer.

MRS. B. FRAZER EXPIRES EARLY THIS MORNING

Mrs. Barbara C. Frazer, 89, widow of James B. Frazer, died at her home, 225 Steinhilber avenue, this morning at 1:40 o'clock from infirmities of age. She had been bedfast since March 24.

She was born in Carroll county, Maryland, a daughter of the late Peter and Mary Jane (Hess) Ridinger. Her husband died November 20, 1924. Mrs. Frazer was a member of the Harney United Brethren church and the Sons and Daughters of Liberty, Gettysburg. For the last 40 years she resided in Gettysburg.

The deceased had distinct recollections of events concerning the Battle of Gettysburg when she lived in Carroll county. Her parents bled for passing soldiers. On one occasion an officer took one of the Ridinger horses to replace his own which had been shot. Following the battle soldiers stole clothes from a clothes line and left their uniforms in the barn.

Funeral on Friday

Surviving are five children, Mrs. Samuel D. Weikert, Charles O. Frazer, J. Harrison Frazer and Lester M. Frazer, all of Gettysburg, and Miss Ada F. Frazer, at home, 10 grandchildren, seven great-grandchildren, and one sister, Mrs. Charles Hess, Gettysburg.

Funeral services from the Bender funeral home Friday afternoon at 2 o'clock conducted by the Rev. Arthur Garvin, Taneytown, and the Rev. Dr. N. B. S. Thomas, Gettysburg. Interment in Evergreen cemetery.

Friends may call at the funeral home Thursday evening after 7 o'clock.

SOROPTIMISTS HONOR MEMBER, PRESENT GIFTS

Miss Anna Mumper, first vice president of the Soroptimist club, was guest of honor at the June dinner meeting of the club at the Battleground Hotel Tuesday night. Twenty-three members and guests attended the affair which was arranged by Miss Mary Ramer, Mrs. Guyon E. Buehler and Miss Dorothy Warner.

Guests included Miss Emily Allison, superintendent of the Warner hospital, who will be initiated into membership in September, Mrs. Charles J. Myers and Mrs. Albert Smalshof, Columbus, Georgia. Mrs. Smalshof, who will be remembered as the former Miss Alita Spangler, is a house guest of Mrs. Clyde D. Berger.

At a short business meeting with Mrs. David Biocher presiding, the club voted \$5 to the Near East Foundation for the relief of starving Greeks and authorized the payment of \$11 to the local USO committee to cover the cost of refreshments at the formal dance sponsored by the club last Saturday night in the college gym for local air cadets and other service men.

Gifts to Guest

Miss Warner, director of special education for Adams county, asked for assistance in the matter of (Please Turn to Page 2)

Two Wills Filed At Court House

The will of Clara O. Sowers, late of Highland township, has been entered at the court house. Raymond F. Topper, Esq., is named as executor of the \$1,500 estate.

The will of Emma Kate Hoffman, late of Arendtsville, has also been entered. The widow, James O. Hoffman, Arendtsville, is executor of the \$3,000 estate.

OLD WARNING PHRASES TO BE USED IN RAIDS

Adams county defense officials, convinced that if the Army wording for warning of air raid alerts is continued in practice confusion similar to that of the early morning blackout this month will again occur, decided Tuesday evening at a meeting in the court room to return to the "homespun" wording established for county use shortly after the civilian defense system was established here.

While admitting that the Army phraseology of warning was shorter than the system in use in the county prior to the taking over of all air raid warnings by the Army, the countymen pointed out how the words calling for a test of control centers and the words warning of an actual alert could be confused.

Message Not Clear

They cited their own experience as proof. A number of county control centers reported their failure to understand the message which resulted in their part of the county failing to join in the early morning blackout.

Reports were presented on the recent air raid test from Abbotstown, Arendtsville, Aspers, Bendersville, Berwick township, Biglerville, Bonneauville, Cashtown, East Berlin, Gardners, Gettysburg, Hampton, Heldersburg, Hunterstown, Idaville, Irishtown, Littlestown, McSherrytown, New Chester, New Oxford, Greenstone, York Springs and Seven Stars.

Most reported that only a few wardens responded to the alarm in those communities where the test was held. Gettysburg's air raid facilities were well staffed, it was reported, despite the fact that many wardens were not aroused by the alarm. Enough men were on duty in Gettysburg and in other communities, however, to handle all that was necessary for the wardens and auxiliary police to do.

Contact Control Center

In another step to make sure that all goes well in future air raid drills, the group decided that each control center will call the county control center as soon as the local control center is manned. In that way if there is any confusion it can be righted immediately.

During future air raid drills the control centers will call the county control center as soon as the local control center opens and again when the test is over, it was decided. In the event of actual raids, the control centers will call the county group every 15 minutes during the raid so that the county control will know, almost immediately, if anything goes wrong with the communications system.

Compensation for Injury

It was pointed out that all persons in civilian defense can receive compensation for injuries suffered while on duty if their enrollment cards are in the hands of the county control officials. It was pointed out that the government does not accept any certifications of civilian defense workers other than those in the hands of the county set-up prior to the injury.

The wardens were warned that only those war plants on the Army responsibility list can continue operations during a blackout. All other plants must be made to conform (Please Turn to Page 2)

SEAMAN HURT IN CAR CRASH

A Littlestown merchant mariner who was scheduled to return today to his ship and a 16-year-old Maryland youth are both in the Hanover General hospital today as a result of an automobile collision two miles south of Hanover on the Littlestown road at 3 o'clock this morning.

The seaman, Evan L. Feiser, 20, Littlestown R. 2, was driving towards Littlestown where he planned to visit his parents before leaving to board ship. Herbert Brown Moxley, 16, Mt. Airy R. 4, was driving towards Hanover when the two cars sidestepped, demolishing both vehicles, according to Pvt. George Ackerson, of the local state police who investigated.

Both men were removed to the Hanover hospital in the Hanover ambulance. Feiser is suffering from a fractured left thigh, severe lacerations of the forehead and bruises of the chest and hand while Moxley is suffering from a possible fracture of the left thigh, laceration of the left eye and brush burns of the body and legs.

No charges have been laid by the investigating officer.

2 Local Youths In Navy Program

George C. "Buddy" Boehner, son of Mr. and Mrs. George W. Boehner, Springs avenue, and Thomas Cline, son of Dr. and Mrs. Thomas L. Cline, Carlisle street, leave Thursday morning to begin their college work under the new Navy program. Young Boehner has been assigned to Franklin and Marshall at Lancaster and Cline goes to Muhlenberg college, Allentown.

Philadelphia, June 30 (AP)—Nearly 4,000 young men from the Fourth Naval District, including Pennsylvania, Delaware and southern New Jersey, will begin study tomorrow in the Navy's new college training program.

The group represents about 5 per cent of the 80,000 young men throughout the nation selected to receive one and one-third to four years of study at colleges and universities under contract with the Navy. They will then be given specialized naval training leading to commissions.

HEAT WAVE IS SMASHED BY 64 DEGREE READING

The weather man, after pushing 97 degrees for several days during the recent heat wave, kicked the bottom out of the bucket today and changed the picture entirely with a 57 degree minimum sometime during the night and then allowed the temperature in Gettysburg to climb only to a little over 64 degrees at noon today, a drop of 33 degrees since Monday.

The sudden change presented a strange contrast on the streets of town today. Where a day before only a few persons were seen braving the noon-day sun and all were dressed in as comfortable clothes as possible, the streets were fairly well filled with people shopping today and many women were wearing light overcoats and most of the men blossomed out in coats.

63 At Arendtsville

A few harry persons, confused by the change, were seen still in shirt-sleeves during the morning hours.

The change during the night brought blankets back to beds.

The heat wave added 200 degrees to the normal amount of heat for June, Dr. Henry Stewart, local observer said today. On most of the days the temperature was far above normal for the period.

Arendtsville reported a minimum of 52 degrees and the one o'clock temperature there this afternoon was 63 degrees.

R.C. WILL MEND CADET CLOTHES

Members of the 55th College Training Detachment at Gettysburg college will find life easier for them—at least in regards to darning stockings and sewing buttons and insignia on uniforms, after Friday. Friday afternoon will mark the opening of a sewing room at the SCA building at the college where members of a Red Cross committee will sew or darn whatever articles are brought in by the aviation cadets for repair, according to an announcement by Mrs. LeRoy H. Winebrenner, chairman of the Red Cross Production committee.

Mrs. Clyde Stover is chairman of the committee of women who will do the sewing.

Prior to the present time, it was pointed out, previous commitments to produce garments for the Red Cross had prevented the release of any women or equipment for the sewing project. The quota of sewed articles from National Red Cross is almost completed and new quotas have been reduced somewhat. As a result one afternoon a week can be given to sewing for the cadets.

Friday was chosen as the time for the sewing in order that all necessary repairs may be made prior to weekly inspection on Saturday mornings.

A sewing machine will be installed in the SCA room.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Dorie Kint, Gettysburg R. 2, announce the birth of a son at the Warner hospital Tuesday.

Good Evening

Bombastic ego made Mussolini get into the war . . . now FEAR will drive him out.

New U.S. Drive Against Japan Started Today

By JOHN M. HIGHTOWER

Washington, June 30 (AP)—The Navy announced today that combined American forces have landed on Rendova island in the central Solomons, in what appeared to be the first stage of a new offensive operation against Japanese positions in the South Pacific.

The Navy communique No. 428: "South Pacific: "1. On June 30th during the early morning, United States forces landed on Rendova island, New Georgia group. No details have been received."

The Japanese have had installations on the island and presumably the landing either was opposed or, if accomplished by surprise, developed into fighting shortly afterward.

Strategy Not Disclosed

The strategic intent of the American move except for its generally offensive nature in advancing American positions in the Solomons 110 miles northwest of the outpost in the Russell islands, was not fully apparent.

Rendova's most obvious military characteristic is that it lies only about five miles south of Munda where the Japanese late last year developed an air base. However, at the time the base was nearing completion it was brought under heavy American bombardment and has been regularly assaulted from the air since then so that Navy spokesmen have recently reported it was virtually useless to the enemy.

The American aim could be to take Munda for further Allied operations against either Bougainville, the main enemy-held island in the northwestern Solomons or against Rabaul which lies still further to the west.

Another possibility speculated on here was that the move against Rendova may have been of a screening or diversionary nature to obscure more important thrusts elsewhere.

Test Jap Resistance

Still another possibility is that the high command might be testing the extent of Japanese will to resist in the Solomons area.

The Japanese fought furiously and lost heavily in their efforts to recapture Guadalcanal. Any American advance which forced them to undertake similar defensive and costly action would be profitable from the American point of view.

This is the second advance in the Solomons chain since American troops went into Guadalcanal last August 7. About the time the conquest of Guadalcanal in the south-eastern Solomons was completed on February 9 of this year, American forces occupied without opposition the Russell islands lying 60 miles northwest of Guadalcanal.

The third move, into Rendova island, carries the front line of American strength in the south Pacific into the zone of Japanese domination and 110 nautical miles northwest of the previous position in the Russells.

The last previous advance against Japan was begun on May 11 when United States forces moved into Attu island at the western tip of the Aleutians chain in the north Pacific. Attu was mopped up in three weeks of constant fighting under conditions of terrible cold, snow and fog. Prior to the Attu campaign the Navy had announced the occupation of Funafuti in the Ellice islands in the south central Pacific.

Fairfield Firemen Call Off Carnival

At the recent monthly meeting of the Fairfield community fire company it was decided to cancel the annual carnival, scheduled to be held July 3, because of prevailing conditions. The company will ask for voluntary contributions instead.

PFC John White, Ft. Jackson, South Carolina, has been spending a 10-day furlough with his parents, Mr. and Mrs. Estion White.

Proceeds from the festival held recently for the benefit of the Fairfield band auxiliary amounted to \$105.86.

The Rev. Emmert G. Colestock has returned from Pennsylvania State college after completing a course of instruction for country pastors.

HOSPITAL REPORT

Mrs. Leroy Fisher, Breckenridge street; Mrs. Dorie Kint, Gettysburg R. 2, and Harold Kane, Ortianna R. 1, have been admitted as patients to the Warner hospital. Those discharged were Carole Louise Guise, Gettysburg R. D.; Jesse Poulson, Emmitsburg; Joseph P. Hamilton, and Mrs. Helen Foulk, Gettysburg, and Charles Smith, Thomasville.

WILLIAM EDEN EXPIRES AFTER BRIEF ILLNESS

William J. Eden, 69, died at 8:05 o'clock this morning at his home, 400 Carlisle street, after an illness of three months. He had suffered a heart attack about a year ago but continued with his work as a salesman at the Adams County Motors corporation until about three months ago.

Since that time he had been up and about until Tuesday evening when he suffered another attack.

Mr. Eden had been associated with the Ford garage here for 30 years and prior to that had operated a grocery store on York street for about 12 years. He graduated from Lock Haven State Normal school in 1897 and was an instructor there for a time.

Funeral Saturday
His wife, who was Cora J. Williams, died a year ago.

A son of the late James and Nancy (Weidner) Eden, he was born in Arendtsville and spent his early years there.

He is survived by the following children, Miss Mildred Eden, at home; Mrs. H. T. Jennings, Chambersburg; Mrs. Arthur Buehler, Gettysburg; Clair Edward Eden, Baltimore; Mrs. Martha E. Wolfe, at home, and PFC Joseph R. Eden, Africa. One cousin is the only other survivor.

Funeral services Saturday at 10 a. m. from the Deatrick brothers funeral home, Baltimore street, with the Rev. Ralph R. Gresh officiating. Interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

R.C. IS UNABLE TO EXPEDITE SOLDIER MAIL

Parents of Adams county men and women in the armed services who have been contacting the Red Cross office here to learn what may have become of letters they sent to their sons and daughters were advised today not to expect too speedy service with the mails.

Even emergency messages sent through the Red Cross home service may be held up for a time, the Red Cross pointed out, because field directors representing the Red Cross in particular areas may be as far as 200 miles from the men to whom the letters are addressed. Because of the pressure of time and difficulty of transportation it is often necessary for the field directors to obtain several messages for a particular section before they can obtain transportation to the area where a soldier may be stationed. This is particularly true during periods when action is impending or in progress, it was stated.

During those periods all vehicles available are given over to the transportation of soldiers and supplies to the front and frequently transportation for the field director is unobtainable for some time.

Birth Messages
The Red Cross also said that it is no longer attempting to relay birth announcements by army radio except where commercial services are not available and where some complication, such as serious illness of mother or child has occurred. Because of the large number of men in the service facilities for radio transmission of the messages have become inadequate to handle both the announcements and the war messages scheduled to be sent.

Parents were warned not to send money to soldiers because in most cases the money is not usable by the soldier and because facilities are not available to send money by cable to some places outside the United States. The best method of sending money, if it is necessary, is by check and even then there is great danger of the check being lost. It was pointed out that in case of emergency the soldiers, and sailors can obtain any money necessary from their local Red Cross field director.

County Soldier In Tokyo Camp
Staff Sergeant Henry B. Pecher, son of Mr. and Mrs. J. Harry Pecher, of near Fairfield, who has been a prisoner of the Japs ever since the fall of Bataan, is now in a prison camp near Tokyo, his family have been advised.

No word has been received from Sergeant Pecher for more than a year.

Buchanan Valley Picnic Cancelled

The St. Ignatius unit of the NCCW met Sunday evening in the parish hall. The meeting was called to order by the president, Miss Catherine E. Miller. The Rev. D. J. Crowley gave the opening prayer and spoke briefly.

Sections of the "Monthly Message" were read. Penny Parade mite boxes were distributed to the ladies. At the next monthly meeting 10 and 25 cent war stamps will be on sale. The Rev. Fr. Crowley announced that under present conditions the annual Buchanan Valley picnic will not be held this year. The meeting was closed with prayer.

MRS. B. FRAZER EXPIRES EARLY THIS MORNING

Mrs. Barbara C. Frazer, 89, widow of James B. Frazer, died at her home, 225 Steinwehr avenue, this morning at 1:40 o'clock from infirmities of age. She had been bedfast since March 24.

She was born in Carroll county, Maryland, a daughter of the late Peter and Mary Jane (Hess) Riddinger. Her husband died November 20, 1924. Mrs. Frazer was a member of the Harney United Brethren church and the Sons and Daughters of Liberty, Gettysburg. For the last 40 years she resided in Gettysburg.

The deceased had distinct recollections of events concerning the Battle of Gettysburg when she lived in Carroll county. Her parents bled for passing soldiers. On one occasion an officer took one of the Riddinger horses to replace his own which had been shot. Following the battle soldiers stole clothes from a clothes line and left their uniforms in the barn.

Funeral on Friday
Surviving are five children, Mrs. Samuel D. Weikert, Charles O. Frazer, J. Harrison Frazer and Lester M. Frazer, all of Gettysburg, and Miss Ada F. Frazer, at home, 10 grandchildren; seven great-grandchildren, and one sister, Mrs. Charles Hess, Gettysburg.

SOROPTIMISTS HONOR MEMBER; PRESENT GIFTS

Miss Anna Mumper, first vice president of the Soroptimist club, was guest of honor at the June dinner meeting of the club at the Battlefield Hotel Tuesday night. Twenty-three members and guests attended the affair which was arranged by Miss Mary Ramer, Mrs. Guyon E. Buehler and Miss Dorothy Warner.

Guests included Miss Emily Allison, superintendent of the Warner hospital, who will be initiated into membership in September, Mrs. Charles J. Myers and Mrs. Albert Smalshof, Columbus, Georgia. Mrs. Smalshof, who will be remembered as the former Miss Alita Spangler, is a house guest of Mrs. Clyde D. Berger.

At a short business meeting with Mrs. David Blocher presiding, the club voted \$5 to the Near East Foundation for the relief of starving Greeks and authorized the payment of \$11 to the local USO committee to cover the cost of refreshments at the formal dance sponsored by the club last Saturday night in the college gym for local air cadets and other service men.

Gifts to Guest
Miss Warner, director of special education for Adams county, asked for assistance in the matter of (Please Turn to Page 2)

Two Wills Filed At Court House
The will of Clara O. Sowers, late of Highland township, has been entered at the court house. Raymond F. Topper, Esq., is named as executor of the \$15,000 estate.

The will of Emma Kate Hoffman, late of Arendtsville, has also been entered. The widower, James O. Hoffman, Arendtsville, is executor of the \$3,000 estate.

OLD WARNING PHRASES TO BE USED IN RAIDS

Adams county defense officials, convinced that if the Army wording for warning of air raid alerts is continued in practice confusion similar to that of the early morning blackout this month will again occur, decided Tuesday evening at a meeting in the court room to return to the "homespun" wording established for county use shortly after the civilian defense system was established here.

While admitting that the Army phraseology of warning was shorter than the system in use in the county prior to the taking over of all air raid warnings by the Army, the countians pointed out how the words calling for a test of control centers and the words warning of an actual alert could be confused.

Message Not Clear
They cited their own experience as proof. A number of county control centers reported their failure to understand the message which resulted in their part of the county failing to join in the early morning blackout.

Reports were presented on the recent air raid test from Abbottstown, Arendtsville, Aspers, Bendersville, Berwick township, Biglerville, Bonneauville, Cashtown, East Berlin, Gardners, Gettysburg, Hampton, Heidlersburg, Hunterstown, Idaville, Irishtown, Littlestown, McSherrystown, New Chester, New Oxford, Greenstone, York Springs and Seven Stars.

Most reported that only a few wardens responded to the alarm in those communities where the test was held. Gettysburg's air raid facilities were well staffed, it was reported, despite the fact that many wardens were not aroused by the alarm. Enough men were on duty in Gettysburg and in other communities, however, to handle all that was necessary for the wardens and auxiliary police to do.

Contact Control Center
In another step to make sure that all goes well in future air raid drills, the group decided that each control center will call the county control center as soon as the local center is manned. In that way if there is any confusion it can be righted immediately.

During future air raid drills the control centers will call the county control center as soon as the local center opens and again when the test is over, it was decided. In the event of actual raids, the control centers will call the county group every 15 minutes during the raid so that the county control will know, almost immediately, if anything goes wrong with the communications system.

Compensation for Injury
It was pointed out that all persons in civilian defense can receive compensation for injuries suffered while on duty if their enrollment cards are in the hands of the county control officials. It was pointed out that the government does not accept any certifications of civilian defense workers other than those in the hands of the county set-up prior to the injury.

The wardens were warned that only those war plants on the Army responsibility list can continue operations during a blackout. All other plants must be made to conform (Please Turn to Page 2)

SEAMAN HURT IN CAR CRASH

A Littlestown merchant mariner who was scheduled to return today to his ship and a 16-year-old Maryland youth are both in the Hanover General hospital today as a result of an automobile collision two miles south of Hanover on the Littlestown road at 3 o'clock this morning.

The seaman, Evan L. Feaser, 20, Littlestown R. 2, was driving towards Littlestown where he planned to visit his parents before leaving to board ship. Herbert Brown Moxley, 16, Mt. Airy R. 4, was driving towards Hanover when the two cars sideswiped, demolishing both vehicles, according to Pvt. George Ackerson, of the local state police who investigated.

Both men were removed to the Hanover hospital in the Hanover ambulance. Feaser is suffering from a fractured left thigh, severe lacerations of the forehead and bruises of the chest and hand while Moxley is suffering from a possible fracture of the left thigh, laceration of the left eye and brush burns of the body and legs.

No charges have been laid by the investigating officer.

2 Local Youths In Navy Program

George C. "Buddy" Boehner, son of Mr. and Mrs. George W. Boehner, Springs avenue, and Thomas Cline, son of Dr. and Mrs. Thomas L. Cline, Carlisle street, leave Thursday morning to begin their college work under the new Navy program. Young Boehner has been assigned to Franklin and Marshall at Lancaster and Cline goes to Muhlenberg college, Allentown.

Philadelphia, June 30 (AP)—Nearly 4,000 young men from the Fourth Naval District, including Pennsylvania, Delaware and southern New Jersey, will begin study tomorrow in the Navy's new college training program.

The group represents about 5 per cent of the 80,000 young men throughout the nation selected to receive one and one-third to four years of study at colleges and universities under contract with the Navy. They will then be given specialized naval training leading to commissions.

HEAT WAVE IS SMASHED BY 64 DEGREE READING

The weather man, after pushing 97 degrees for several days during the recent heat wave, kicked the bottom out of the bucket today and changed the picture entirely with a 57 degree minimum sometime during the night and then allowed the temperature in Gettysburg to climb only to a little over 64 degrees at noon today, a drop of 33 degrees since Monday.

The sudden change presented a strange contrast on the streets of town today. Where a day before only a few persons were seen braving the noon-day sun and all were dressed in as comfortable clothes as possible, the streets were fairly well filled with people shopping today and many women were wearing light overcoats and most of the men blossomed out in coats.

63 At Arendtsville
A few harpy persons, confused by the change, were seen still in shirt-sleeves during the morning hours.

The change during the night brought blankets back to beds. The heat wave added 200 degrees to the normal amount of heat for June, Dr. Henry Stewart, local observer said today. On most of the days the temperature was far above normal for the period.

Arendtsville reported a minimum of 52 degrees and the one o'clock temperature there this afternoon was 63 degrees.

R.C. WILL MEND CADET CLOTHES
Members of the 55th College Training Detachment at Gettysburg college will find life easier for them—at least in regards to darning stockings and sewing buttons and insignia on uniforms, after Friday.

Friday afternoon will mark the opening of a sewing room at the SCA building at the college where members of a Red Cross committee will sew or darn whatever articles are brought in by the aviation cadets for repair, according to an announcement by Mrs. LeRoy H. Winebrenner, chairman of the Red Cross Production committee.

Mrs. Clyde Stover is chairman of the committee of women who will do the sewing.

Prior to the present time, it was pointed out, previous commitments to produce garments for the Red Cross had prevented the release of any women or equipment for the sewing project. The quota of sewed articles from National Red Cross is almost completed and new quotas have been reduced somewhat. As a result one afternoon a week can be given to sewing for the cadets.

Friday was chosen as the time for the sewing in order that all necessary repairs may be made prior to weekly inspection on Saturday mornings.

A sewing machine will be installed in the SCA room.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Dorie Kint, Gettysburg R. 2, announce the birth of a son at the Warner hospital Tuesday.

Good Evening
Bombastic ego made Mussolini get into the war . . . now FEAR will drive him out.

New U.S. Drive Against Japan Started Today

By JOHN M. HIGHTOWER
Washington, June 30 (AP)—The Navy announced today that combined American forces have landed on Rendova island in the central Solomons, in what appeared to be the first stage of a new offensive operation against Japanese positions in the South Pacific.

The Navy communique No. 428: "South Pacific: "1. On June 30th during the early morning, United States forces landed on Rendova island, New Georgia group. No details have been received."

The Japanese have had installations on the island and presumably the landing either was opposed or, if accomplished by surprise, developed into fighting shortly afterward.

Strategy Not Disclosed
The strategic intent of the American move except for its generally offensive nature in advancing American positions in the Solomons 110 miles northwest of the outpost in the Russell islands, was not fully apparent.

Rendova's most obvious military characteristic is that it lies only about five miles south of Munda where the Japanese late last year developed an air base. However, at the time the base was nearing completion it was brought under heavy American bombardment and has been regularly assaulted from the air since then so that Navy spokesmen have recently reported it was virtually useless to the enemy.

The American aim could be to take Munda for further Allied operations against either Bougainville, the main enemy-held island in the northwestern Solomons or against Rabaul which lies still further to the west.

Another possibility speculated on here was that the move against Rendova may have been of a screening or diversionary nature to obscure more important thrusts elsewhere.

Test Jap Resistance
Still another possibility is that the high command might be testing the extent of Japanese will to resist in the Solomons area.

The Japanese fought furiously and lost heavily in their efforts to recapture Guadalcanal. Any American advance which forced them to undertake similar defensive and costly action would be profitable from the American point of view.

This is the second advance in the Solomons chain since American troops went into Guadalcanal last August 7. About the time the conquest of Guadalcanal in the southeastern Solomons was completed on February 9 of this year, American forces occupied without opposition the Russell islands lying 60 miles northwest of Guadalcanal airfield.

The third move, into Rendova island, carries the front line of American strength in the south Pacific into the zone of Japanese domination and 110 nautical miles northwest of the previous position in the Russell.

The last previous advance against Japan was begun on May 11 when United States forces moved into Attu island at the western tip of the Aleutians chain in the north Pacific. Attu was mopped up in three weeks of constant fighting under conditions of terrible cold, snow and fog. Prior to the Attu campaign the Navy had announced the occupation of Funafuti in the Ellice islands in the south central Pacific.

To Run Buses
Cards have been mailed to those who made application for employment on farms with the farm labor office asking them to report for duty on the various orchards and farms.

Many of the orchard owners are planning to send school buses into Gettysburg and surrounding communities to pick up laborers to help harvest the crop. One grower is planning to run buses twice a day from and to Gettysburg in order that those who work in the morning can spend afternoons in the orchards.

Fairfield Firemen Call Off Carnival
At the recent monthly meeting of the Fairfield community fire company it was decided to cancel the annual carnival, scheduled to be held July 3, because of prevailing conditions. The company will ask for voluntary contributions instead.

PFC John White, Ft. Jackson, South Carolina, has been spending a 10-day furlough with his parents, Mr. and Mrs. Eston White.

Proceeds from the festival held recently for the benefit of the Fairfield band auxiliary amounted to \$105.86.

The Rev. Emmert G. Colestock has returned from Pennsylvania State college after completing a course of instruction for country pastors.

HOSPITAL REPORT
Mrs. Leroy Fisher, Breckenridge street; Mrs. Dorie Kint, Gettysburg R. 2, and Harold Kane, Orrtanna R. 1, have been admitted as patients to the Warner hospital. Those discharged were Carole Louise Guise, Gettysburg R. D.; Jesse Poulson, Emmitsburg; Joseph P. Hamilton and Mrs. Helen Foulk, Gettysburg, and Charles Smith, Thomasville.

Weather Forecast
Cooler tonight and Thursday morning

AIR LOSSES OF AXIS EXCEEDS THOSE OF U.S.

By DEWITT MACKENZIE

The unprecedented hammering which the Allied air fleets are administering to the enemy in blazing a trail to victory—a historic experiment which may determine how far air power can go in winning a war on its own—is bringing me numerous inquiries about the aerial fighting arm, and among them are two timely questions from prominent newspaper editors:

The first query relates to American warplane losses and asks what percentage of our craft are shot down by enemy planes, and what percentage by anti-aircraft fire from the ground. Well, there are some highly interesting facts wrapped up in this inquiry, but there also is considerable dynamite from the standpoint of the censor.

Axix Losses Heavy
Percentage figures on American plane losses are restricted, because they would lend themselves readily to computation of total strength of the air force. However, it can be said that the ratio of our plane losses throughout the world is one army plane to somewhat better than three enemy planes. In addition to this over-all score, separate records show that in the South Pacific theater army flyers have destroyed better than five enemy planes for each American plane lost.

It's impossible to break down our plane losses into those destroyed by enemy planes and by enemy anti-aircraft guns, because flak from the ground guns can cripple a plane, after which fighters can shoot it down, leaving it a matter of guesswork as to which type of opposition caused the loss. Even our army air force doesn't attempt to determine this point.

Fighter Escorts
The second inquiry points to the frequent reports from abroad that British pursuit planes—that is, fighter planes—have escorted American bombers in raids on the continent. My correspondent says this is calculated to give the impression that our army is without fighter planes, and asks what the truth is. There are several reasons why army fighters aren't mentioned more frequently in dispatches from Europe, but none is based on lack of such planes. Indeed, some of our army fighters, notably the P-38 and the new P-47, are considered by many pilots as the best of their kind in the world.

One reason why we haven't heard more about American fighters from Europe is that Britain in its defensive war had for years been building fighters, which are essentially defensive war-craft, and had great numbers of such planes in England. This made it unnecessary for our army to concentrate on fighters there and we devoted our energy to offensive planes—the bombers.

Power of Forts
Another pertinent reason is that our bombers, notably the Flying Fortresses, have great fighter power and can operate on bombing missions without fighter protection. These giants have a score of better than seven or eight enemy planes shot down for each Fortress lost.

As to the fighters themselves, they have destroyed better than four enemy ships for each army plane lost in actual combat. The P-38 which, although designed for higher altitude work, can work at any height, has proved to be well beyond expectations in battle in North Africa, the Middle East, Algeria and the Pacific theaters.

"Like Sitting Ducks"
Pilots flying the Lightnings in the South Pacific have said that they can knock down Jap Zeros "like sitting ducks." Frequently a single Lightning has gone after a flight of Zeros, shot down three or more, and returned undamaged. The Lightnings also are extremely husky, and have rammed Zeros, tearing the enemy planes to pieces while remaining capable of flying themselves.

The army also has the Warhawk P-40, which has proved itself in combat; the P-31 Mustang which are highly praised by the British, and the P-39 Bell Airacobra which have seen service principally in Russia at the hands of Russian pilots who praise them highly for striding and low-level bombing. Officially Russia has reported the P-39's score over German planes as three to one.

And just getting into action is the newest of army fighters—the P-47 Thunderbolt. If this comes up to expectations it will be the top plane in aerial combat. It has a speed of 400 miles an hour, and a climb rate of 10,000 feet a minute, and it does have better speed than anything in the air, and a better unlimited altitude.

Victory Service Here Sunday Night

A "Victory Service" under the auspices of the Boy Scouts will be held at 8 p. m. Sunday at the Memorial Field, Gettysburg. The service will be held at 8 p. m. Sunday at the Memorial Field, Gettysburg. The service will be held at 8 p. m. Sunday at the Memorial Field, Gettysburg.

Dr. Harry F. Baughman of the seminary faculty, will be the speaker and local Boy Scouts will be in charge of the ushering and will participate in the service.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Dr. Henry W. A. Hanson, president of Gettysburg college, will deliver the principal address at the July Fourth exercises to be sponsored in York at 7 p. m. on Sunday, under the auspices of the Boy Scouts and Girl Scouts.

The Gettysburg WCTU will meet with Mrs. Cora Berkey, West Broadway, Thursday evening, at 7:30 o'clock.

Sergeant Charles W. Wolf, chief investigator in the security section, Keesler Field, Mississippi, and former Gettysburg attorney, left today for Keesler field after spending a furlough at his home here.

PFC James F. Diehl has returned to Nashville, Tennessee, after spending a 10-day furlough with his parents, Mr. and Mrs. Fred Diehl, North Stratton street.

Pvt. Donald Carver has returned to Nashville, Tennessee, after spending a 10-day furlough with his wife on West Middle street.

Mrs. Fred Justin arrived today from Easton to visit her mother, Mrs. Minnie Bream, Chambersburg street. Mrs. Justin's husband, Lt. Justin, is serving as an instructor at Lafayette college.

The Rev. Dr. and Mrs. Dwight F. Putnam, Springs avenue, are spending several days at the Brehm cottage, Caledonia.

The Rev. and Mrs. H. C. Michael, Springs avenue, are on a visit of several months in Johnstown, Wheeling, West Virginia, and other points.

Mrs. John G. Glenn, East Lincoln avenue, spent the day in Harrisburg with her parents, Mr. and Mrs. William Collier.

Dr. and Mrs. J. J. Munley and family moved today from Harrisburg to the Snyder property on West Lincoln avenue recently vacated by Mr. and Mrs. George H. Amick. Mr. and Mrs. Amick have rented one of the Larson cottages on Seminary ridge.

Mrs. Jack Ashley, of Franklin Tennessee, is a guest of her uncle and aunt, Mr. and Mrs. Franklin R. Bigham, West Broadway. Mrs. Ashley's husband has been at the Marine Officers Candidate school at Quantico, Virginia, for some time.

Mrs. Lester O. Johnson entertained a few friends at bridge Tuesday evening at her home on North Stratton street. High scores were held by Mrs. C. H. Heldt and Miss Margaret Major.

Prof. and Mrs. W. D. Hartshorne had as over-night guests Tuesday at their home along the Harrisburg road Mr. and Mrs. P. J. Ligon, of Sandy Springs, Maryland. Mrs. Hartshorne accompanied her guests home planning to go from Sandy Springs to Seclusial, Virginia, for a visit with her sister, Miss Gertrude Ligon.

WPB Officials To Visit Steel Mills

Pittsburgh, June 30 (AP)—Chairman Donald M. Nelson and other ranking officials of the War Production Board, journeying to Pittsburgh tomorrow to launch a labor-management "steel for victory" drive, will find the mills operating in this great steel district at the lowest rate since May, 1940, with the exception of a bad flood week.

The reason is the series of coal strikes which have so depleted the coke supply, needed for blast furnaces in making pig iron. The pig iron is mixed with scrap in about equal portions in open hearth furnaces to make steel ingots, which in turn are rolled into various forms for finished steel.

Father Of Twins' Case Before Court

Philadelphia, June 29 (AP)—"Speedy disposition" of the case of Philip Mancuso, 25-year old father of twins, was sought by U. S. Attorney Gerald A. Gleason today following Mancuso's indictment on a charge of failing to report for induction as ordered by his Selective Service board.

Gleason said he would seek a "speedy" trial for Mancuso, who was notified of the board's order to report for induction in a letter from the board dated May 1, 1942.

Policeman Given Prison Sentence

Philadelphia, June 30 (AP)—A policeman who had been charged with the murder of a woman, was sentenced to 10 years in prison today by a federal judge.

Weddings

Kammerer—Sheaffer

Miss Mary B. Sheaffer, daughter of Mr. and Mrs. Aldus E. Sheaffer, Brownstown, and John W. Kammerer, son of the Rev. and Mrs. David S. Kammerer, Littlestown, were married last Sunday afternoon at 4:15 o'clock, in Zion Lutheran church, Leacock. The double ring ceremony of the Lutheran church was performed by the bridegroom's father, the Rev. Mr. Kammerer, pastor of St. Paul's Lutheran church, Littlestown. He was assisted by the Rev. John R. McClellan, pastor of the church in which the ceremony took place.

The church was decorated with cut flowers and ferns. Miss Anna Mearling, Brownstown, played the "Bridal Chorus" from "Lohengrin" as the processional and Mendelssohn's "Wedding March" as the recessional. Prior to the ceremony Mrs. Ralph Swelget sang several numbers.

The bride was given in marriage by her father. She wore a street-length dress of white damask with white accessories and a halo hat with shoulder length veil. She carried a white Bible from which fell streamers of white ribbon, white rosebuds and baby breath. Mrs. A. Mark Kreider, Brownstown, the bride's sister, was matron of honor. She wore a dark blue, street-length gown and white accessories with a corsage of rosebuds.

David S. Kammerer, Jr., Hanover, was his brother's best man. The ushers were Robert Gouker, Littlestown, brother-in-law of the bridegroom, and Martin Sheaffer, Brownstown, the bride's brother. The ringbearer was Kent Sheaffer, Brownstown, nephew of the bride. Following the ceremony a reception was held at the parsonage adjoining the church.

The bride was graduated from the Millersville State Teachers' college this year. She has accepted a position as teacher of the fifth and sixth grades in a consolidated school near her home. The bridegroom is a graduate of the Littlestown high school. He will be graduated in January from the Millersville State Teachers' college and the latter part of the same month will enter the Lutheran Theological seminary, here, to prepare for the ministry. They will reside at the home of the bride's parents.

Furrer—Kuhlman

Dr. and Mrs. Ralph D. Heim, seminary campus, have returned home from Valley Stream, Long Island, where they attended the marriage of Mrs. Heim's sister, Alberta Gertrude Kuhlman, to Sgt. Edward John Furrer, of the U. S. Army Air Forces, at St. Paul's Lutheran church, Valley Stream, Saturday afternoon at 4 o'clock. The ceremony was performed by the Rev. Arthur Becker, pastor, and the Rev. Dr. Heim.

Following the ceremony a reception was held at the Colonial House, Flushing, Long Island. Mr. Furrer will spend the summer with her husband in Syracuse, New York, where Sgt. Furrer is now stationed. After September 1 they will reside at 34-20 150th Place, Flushing, Long Island.

DEATH

E. R. Kimble

E. R. Kimble, 75, a mechanical engineer for the Erie Railroad for many years, died Tuesday morning at his home in Scranton.

He is survived by his wife and by seven children including Mrs. M. T. Hartman, Gettysburg R. D. County Agent and Mrs. Hartman left this afternoon for Scranton for the funeral, the time for which has not yet been decided upon.

SOROPTIMISTS

(Continued From Page 1)

special education required for county children and the club's Welfare committee was directed to work with her in this matter.

Miss Ramer and Mrs. Buehler were in charge of several amusing innovations during the dinner and at the close of the evening Miss Mumpser was given a surprise shower of miscellaneous gifts. Miss Mumpser, former art supervisor of the local schools, leaves today to take an eighteen months' course in the Philadelphia School of Occupational Therapy. Mrs. Irving Bierer and Miss Virginia Myers, charter members of the club, were reported recovering from recent operations in the Mount Sinai hospital, Baltimore, and the Lancaster General hospital, respectively.

The club will have no further meetings until fall.

"Tough Part Of War" Is Ahead Says Davis

Washington, June 30 (AP)—The "toughest" part of this war is still to come, and casualties will be more than 100,000, according to a statement today by the War Relocation Authority.

HEAVY YANKEE BOMBERS BLAST CITY IN FRANCE

By LEO BRANHAM

London, June 30 (AP)—Flying through a heavy overcast and encountering weak enemy fighter opposition, a strong force of American heavy bombers attacked the railway and industrial center of Le Mans, France, last evening and returned without loss.

It was the first time the U. S. Eighth Air Force had struck at this city, site of large airplane engine workers which were bombed twice in March by the RAF.

The communique gave no results of the American raid, apparently because a solid cloud blanket made observation difficult.

Many of the big bombers returned to their bases with all bombs on their racks rather than jettison them, it was reported.

The foray was the first since May 4, when the U. S. fliers raided Antwerp, but the American fliers had come back across the channel without loss of a plane.

Heavy Escort

Squadrons of P-47 Thunderbolts, the newest and most heavily-gunned American fighters, escorted the formations of Flying Fortresses which carried out the attack and shot down at least two enemy fighters, a communique from headquarters of the U. S. Eighth Air Force said.

The Fortresses also destroyed some enemy fighters, the bulletin said, but the number was not immediately disclosed.

The German-controlled Vichy radio, giving its version of the raid, said a town in northern France had been bombed during the night by Allied planes and reported that at least 40 persons had been killed. The broadcast did not identify the town by name.

Later the Nazi-operated Paris radio reported that several neighboring villages had been hit, with some resulting casualties among the civilian population.

While the U. S. bombers were carrying the current Allied aerial offensive into its 11th successive day Britain enjoyed another raid free night. Not a single German plane has now been seen over Britain for five days though an alert was sounded in London Sunday by mistake.

The last German raid of any size was on June 6, when Nazi planes attacked a town on the east coast.

RENO PROMISES ACTIVE DRIVE FOR COURT POST

Harrisburg, June 30 (AP)—Judge Claude T. Reno, the Republican State committee's choice for a full term on the Pennsylvania Superior court, promises "as active a campaign as it is possible to conduct under wartime restrictions and the duties of my office."

"I greatly appreciate the compliment implied in the action of the group," said the Allentown jurist, who is filling the unexpired term of the late Judge Jesse E. B. Cunningham, "and I will do my best to be deserving of it."

He said his travels through the state in connection with the fall election would be limited "only by wartime restrictions and the fairly large calendar facing the court."

10-Year Post

Reno will oppose Judge Curtis Bok of the Philadelphia Common Pleas court for the \$18,000, 10-year post if both are nominated at the September 14 primary. So far no other candidates have appeared. The Appellate court place is the only state-wide office at stake.

During extended sessions of the executive group of the GOP State committee here yesterday, at which Governor Martin sat in, the 1944 presidential outlook was discussed and a belief in post-war world cooperation was expressed.

State Senator M. Harvey Taylor, GOP chairman, asserted no presidential possibilities were mentioned at the meeting while a member declared "we're going to be for whom we think can win and do a good job."

Property Transfers

Charles O. and Louise A. Stout, Baltimore, sold to Herman D. Miller, Penn township, York county, a property partly in Conewago township and partly in Penn township.

"Holds Your Bombs"

Cairo, June 30 (AP)—Briefing a bombing mission over Greek targets before his fellow airmen of a U. S. Liberator squadron, Lieut. George Ponty, of Los Angeles, pointed to two small islands on the map and cautioned:

"Hold on to your bombs, boys, and don't let them get away from you. You'll need them when you get to the islands."

Upper Communities

Richard Funt, 17, son of Mr. and Mrs. Cameron Funt, Guernsey, left Tuesday with seven other boys from the state for the Puget Sound Navy Yard, Washington, where they will be employed as sheet metal and electric welders helpers.

Funt attended the National Youth Training center at York and after completing 150 hours of training was accepted by the Civil Service Commission for the work.

Gerald Snyder, Biglerville, expects to join the group after recovering from a fractured skull received in a recent accident.

Tech. Corp. Gerald Schisler, who is stationed at a camp near Boston, Massachusetts, was a recent visitor at the home of his uncle and aunt, Mr. and Mrs. Clyde Wilson, Mummasburg.

Mrs. Edwin Price left today for her home in Davenport, Iowa, after a month's visit with her sister, Mrs. John Merz, Biglerville.

The Biglerville school board will meet in regular session Friday evening.

Johnny and Paul Steiner, sons of Mr. and Mrs. Harold Steiner, of Arendtsville, are reported ill with measles.

The June meeting of the Women's Missionary society of St. Paul's Lutheran church, Biglerville, will be held at the parsonage Friday evening at 7:45 o'clock.

Mrs. Dale Lawver and son, Richard, of Biglerville, are spending several days in Harrisburg with Mrs. Lawver's brother-in-law and sister, Mr. and Mrs. Robert R. Wilkinson. Donald Lawver has returned from a visit with his cousin, Robert Wilkinson.

A. L. Wolford and William Diveley visited the Reading hospital Monday where Mr. Diveley donated blood for Mrs. Wolford who is a patient at the hospital.

Miss June Heller, who is a student nurse at the Harrisburg hospital, is spending a four weeks' vacation with her parents, Mr. and Mrs. Robert Heller, of Biglerville.

Captain O. D. Coble has returned to Bergen Point, Bayonne, N. J., after a short visit with his family in Bendersville. Captain Coble's sister, Mrs. Mitchell Dreese, her son, Mitchell Joe, and Sylvan Shelling, of Washington, returned home today after a visit in the Coble home.

Miss Freda Kane, a student nurse at the Harrisburg hospital, is with her parents, Mr. and Mrs. Francis Kane, of Guernsey, for a four week's vacation.

Report 1342 Persons Killed In RAF Raid

Stockholm, June 30 (AP)—Dispatches to the Goeteborg newspaper Handels Och Sjoefarstidning said today that 1,342 persons had been killed in the massed RAF raid on the Elberfeld section of Wuppertal, important Ruhr industrial city, last Thursday night.

The city was reported to be still without water, gas, electricity, or telephone service. Great fires were reported blazing more than 24 hours after the raid upon the chemical and textile works there.

The Elberfeld railway station was reported half destroyed and the concentrated bombing of narrow, restricted areas also resulted in a large number of wounded.

Defer Youth For Hi School Diploma

Philadelphia, June 30 (AP)—Robert D. Spigle, 18, who was to have been an Army inductee on Tuesday went back to his high school studies instead, but how long he will stay there rests with a Selective Service Appeal Board.

Spigle's induction was postponed by an order of Col. George Hafer, acting director of Pennsylvania Selective service, to his draft board, directing it to grant him an appeal. Col. Hafer acted after the youth's father, Ralph Spigle, who was wounded in action as a lieutenant in world war I, filed a petition in U. S. District court asking that Robert's induction be deferred until he completes a six-week course qualifying him for a high school diploma.

AUXILIARY MEETING

Only routine business was transacted Tuesday afternoon at the June meeting of the Women's Auxiliary of the Warner hospital. The session, held in the nurses home with the president, Mrs. LeRoy H. Winebrunner presiding, will be the last until September.

CHANGE IN ADDRESS

Mr. and Mrs. E. J. Neagle, who have announced the engagement of their daughter, Faith Marian, to Capt. Wilbur H. Corban, reside at Orrtanna R. 1 instead of Emmitsburg R. 1 as previously stated.

The bodies of fish are covered with a mucous-like substance which fishermen and icehandlers, in cleaning, must remove.

Ireland is called the Emerald Isle because of its luxurious green vegetation.

Frisch Picks Five Pirates For Game

Pittsburgh, June 30 (AP)—Five Pittsburgh Pirates nominated by Manager Frankie Frisch today for the National League All-Star game at Philadelphia July 13 are: Bob Elliott, 3B, Elbie Fletcher, 1B, Al Lopez, C, Rip Sewell, P, Vince DiMaggio, CF.

Twenty members of other teams picked by Frisch for the contest were not disclosed. League President Ford Frick will choose the teams on the basis of votes of managers of all eight teams.

Dairymen Oppose Plan For Subsidies

New York, June 30 (AP)—Representatives of 500,000 dairymen and poultry raisers in 13 eastern states were on record today as opposing "subsidies in lieu of fair prices for food products."

The action was taken by the Northeastern Dairy conference and the Northeastern Poultry Producers council at an emergency session yesterday.

The group unanimously voted a resolution opposing subsidies offered by Roland N. Benjamin, Harrisburg, Pa., executive secretary of the Pennsylvania Farm Bureau Co-operative association.

At the same time, they telegraphed War Food Administrator Marvin Jones asking for an appointment to discuss the feed situation.

2 YOUNG GIRLS BURN TO DEATH

Harrisburg, June 30 (AP)—Two girls burned to death today in a fire that gutted their home, a three-story stucco building. Six other members of the family escaped.

The victims were Lillian, 17, and Agnes, 13, daughters of Mr. and Mrs. Edward Lau. They were asleep on the third floor.

Mrs. Lau, asleep on the second floor with a son, Billy, 3, was awakened by smoke. She carried him from the burning home and aroused Delores, 10; Helen, 9, and Martin and Mary, six-year-old twins, also sleeping on the second floor.

Flames blocked the stairway and the mother called to the older girls to jump from the third story window but they failed to respond. Firemen carried the bodies of the two victims from the house.

Mrs. Lau told firemen she thought the blaze started in the kitchen. Lau was at work at the time.

SETTLE CHECK CHARGE

A settlement was arranged before Justice of the Peace John H. Basehore Tuesday evening in a bad check charge brought against J. H. Davis, Stewartstown, R. D. by L. C. Redding, Gettysburg R. D. Davis was arrested Tuesday at York by Chief of Police Glenn Guise. The check was for \$180.

AIR LOSSES OF AXIS EXCEEDS THOSE OF U.S.

By DEWITT MACKENZIE

The unprecedented hammering which the Allied air fleets are administering to the enemy in blazing a trail to victory—a historic experiment which may determine how far air power can go in winning a war on its own—is bringing me numerous inquiries about the aerial fighting arm, and among them are two timely questions from prominent newspaper editors:

The first query relates to American warplane losses and asks what percentage of our craft are shot down by enemy planes, and what percentage by anti-aircraft fire from the ground. Well, there are some highly interesting facts wrapped up in this inquiry, but there also is considerable dynamite from the standpoint of the censor.

Axis Losses Heavy

Percentage figures on American plane losses are restricted, because they would lend themselves readily to computation of total strength of the air force. However, it can be said that the ratio of our plane losses throughout the world is one army plane to somewhat better than three enemy planes. In addition to this over-all score, separate records show that in the South Pacific theater army flyers have destroyed better than five enemy planes for each American plane lost.

It's impossible to break down our plane losses into those destroyed by enemy planes and by enemy anti-aircraft guns, because flak from the ground guns can cripple a plane, after which fighters can shoot it down, leaving it a matter of guesswork as to which type of opposition caused the loss. Even our army air force doesn't attempt to determine this point.

Fighter Escorts

The second inquiry points to the frequent reports from abroad that British pursuit planes—that is, fighter planes—have escorted American bombers in raids on the continent. My correspondent says this is calculated to give the impression that our army is without fighter planes, and asks what the truth is.

There are several reasons why army fighters aren't mentioned more frequently in dispatches from Europe, but none is based on lack of such planes. Indeed, some of our army fighters, notably the P-38 and the new P-47, are considered by many pilots as the best of their kind in the world.

One reason why we haven't heard more about American fighters from Europe is that Britain in its defensive war had for years been building fighters, which are essentially defensive war-craft, and had great numbers of such planes in England. This made it unnecessary for our army to concentrate on fighters there and we devoted our energy to offensive planes—the bombers.

Power of Fords

Another pertinent reason is that our bombers, notably the Flying Fortresses, have great fighter power and can operate on bombing missions without fighter protection. These glants have a score of better than seven or eight enemy planes shot down for each Fortress loss.

As to the fighters themselves, they have destroyed better than four enemy ships for each army plane lost in actual combat. The P-38 which, although designed for higher altitude work, can work at any height, has proved to be well beyond expectations in battle in North Africa, the Middle East, Algeria and the Pacific theaters.

"Like Sitting Ducks"

Pilots flying the Lightnings in the South Pacific have said that they can knock down Jap Zeros "like sitting ducks." Frequently a single Lightning has gone after a flight of Zeros, shot down three or more, and returned undamaged. The Lightnings also are extremely husky, and have rammed Zeros, tearing the enemy planes to pieces while remaining capable of flying themselves.

The army also has the Warhawk P-40, which has proved itself in combat; the P-51 Mustangs which are highly praised by the British, and the P-39 Bell Aircobras, which have seen service principally in Russia at the hands of Russian pilots who praise them highly for strafing and low-level bombing. Officially Russia has reported the P-39s score over German planes as three to one.

And just getting into action is the newest of army fighters—the P-47 Thunderbolt. If this comes up to expectations it will be the top plane in aerial combat. It hasn't been in action frequently enough yet to permit of evaluation of its capabilities, but it does have higher speed than anything in the air, and an almost unlimited altitude.

Victory Service Here Sunday Night

A "Victory Service" under the auspices of the Boy Scouts will be held on Memorial Field, Gettysburg college, Sunday evening at 7 o'clock. It was announced today by Dean W. E. Tuberg.

Dr. Harry F. Baughman, of the Seminary faculty, will be the speaker and local Boy Scouts will be in charge of the ushering and will participate in the services.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Dr. Henry W. A. Hanson, president of Gettysburg college, will deliver the principal address at the July Fourth exercises to be sponsored in York at 7 p. m. on Sunday, under the auspices of the Boy Scouts and Girl Scouts.

The Gettysburg WCTU will meet with Mrs. Cora Berkey, West Broadway, Thursday evening, at 7:30 o'clock.

Sergeant Charles W. Wolf, chief investigator in the security section, Keesler Field, Mississippi, and former Gettysburg attorney, left today for Keesler field after spending a furlough at his home here.

PFC James F. Diehl has returned to Nashville, Tennessee, after spending a 10-day furlough with his parents, Mr. and Mrs. Fred Diehl, North Stratton street.

Pvt. Donald Carver has returned to Nashville, Tennessee, after spending a 10-day furlough with his wife on West Middle street.

The bride was given in marriage by her father. She wore a street-length dress of white damask with white accessories and a halo hat with shoulder length veil. She carried a white Bible from which fell streamers of white ribbon, white rosebuds and baby breath. Mrs. A. Mark Kreider, Brownstown, the bride's sister, was matron of honor. She wore a dark blue, street-length gown and white accessories with a corsage of rosebuds.

David S. Kammerer, Jr., Hanover, was his brother's best man. The ushers were Robert Gouker, Littlestown, brother-in-law of the bridegroom, and Martin Sheaffer, Brownstown, the bride's brother. The ringbearer was Kent Sheaffer, Brownstown, nephew of the bride.

Following the ceremony a reception was held at the parsonage adjoining the church.

The bride was graduated from the Millersville State Teachers' college this year. She has accepted a position as teacher of the fifth and sixth grades in a consolidated school near her home. The bridegroom is a graduate of the Littlestown high school. He will be graduated in January from the Millersville State Teachers' college and the latter part of the same month will enter the Lutheran Theological seminary, here, to prepare for the ministry. They will reside at the home of the bride's parents.

Furrer—Kuhlman

Dr. and Mrs. Ralph D. Heim, seminary campus, have returned home from Valley Stream, Long Island, where they attended the marriage of Mrs. Heim's sister, Alberta Gertrude Kuhlman, to Sgt. Edward John Furrer, of the U. S. Army Air Forces, at St. Paul's Lutheran church, Valley Stream, Saturday afternoon at 4 o'clock. The ceremony was performed by the Rev. Arthur Becker, pastor, and the Rev. Dr. Heim.

Following the ceremony a reception was held at the Colonial House, Flushing, Long Island.

Mr. Furrer will spend the summer with her husband in Syracuse, New York, where Sgt. Furrer is now stationed. After September 1 they will reside at 34-20 150th Place, Flushing, Long Island.

DEATH

E. R. Kimble

E. R. Kimble, 75, a mechanical engineer for the Erie Railroad for many years, died Tuesday morning at his home in Scranton.

He is survived by his wife and by seven children including Mrs. M. T. Hartman, Gettysburg R. D.

County Agent and Mrs. Hartman left this afternoon for Scranton for the funeral, the time for which has not yet been decided upon.

SOROPTIMISTS

(Continued From Page 1)

special education required for county children and the club's Welfare committee was directed to work with her in this matter.

Miss Ramer and Mrs. Buehler were in charge of several amusing innovations during the dinner and at the close of the evening Miss Mumper was given a surprise shower of miscellaneous gifts. Miss Mumper, former art supervisor of the local schools, leaves today to take an eighteen months' course in the Philadelphia School of Occupational Therapy. Mrs. Irving Bierer and Miss Virginia Myers, charter members of the club, were reported recovering from recent operations in the Mount Sinai hospital, Baltimore, and the Lancaster General hospital, respectively.

The club will have no further meetings until fall.

"Tough Part Of War" Is Ahead Says Davis

Washington, June 30 (AP)—The "toughest part of this war is still to come," and casualties will be heavier than yet experienced, warns Elmer Davis, chief of the Office of War Information.

Davis told the National Women's Press club in a speech last night that the Kaiser's Germany did not cave in until it had been pounded longer and more heavily and "at a greater cost of casualties than we have yet had in this war."

HEAVY YANKEE BOMBERS BLAST CITY IN FRANCE

By LEO BRANHAM

London, June 30 (AP)—Flying through a heavy overcast and encountering weak enemy fighter opposition, a strong force of American heavy bombers attacked the railway and industrial center of Le Mans, France, last evening and returned without loss.

It was the first time the U. S. Eighth Air Force had struck at this city, site of large airplane engine workers which were bombed twice in March by the RAF.

The communique gave no results of the American raid, apparently because a solid cloud blanket made observation difficult.

Many of the big bombers returned to their bases with all bombs on their racks rather than jettison them, it was reported.

The foray was the first since May 4, when the U. S. fliers raided Antwerp, that the American fliers had come back across the channel without loss of a plane.

Heavy Escort

Squadrons of P-47 Thunderbolts, the newest and most heavily-gunned American fighters, escorted the formations of Flying Fortresses which carried out the attack and shot down at least two enemy fighters, a communique from headquarters of the U. S. Eighth Air Force said.

The Fortresses also destroyed some enemy fighters, the bulletin said, but the number was not immediately disclosed.

The German-controlled Vichy radio, giving its version of the raid, said a town in northern France had been bombed during the night by Allied planes and reported that at least 40 persons had been killed. The broadcast did not identify the town by name.

Later the Nazi-operated Paris radio reported that several neighboring villages had been hit, with some resulting casualties among the civilian population.

While the U. S. bombers were carrying the current Allied aerial offensive into its 11th successive day Britain enjoyed another raid free night. Not a single German plane has now been seen over Britain for five days though an alert was sounded in London Sunday by mistake.

The last German raid of any size was on June 6, when Nazi planes attacked a town on the east coast.

RENO PROMISES ACTIVE DRIVE FOR COURT POST

Harrisburg, June 30 (AP)—Judge Claude T. Reno, the Republican State committee's choice for a full term on the Pennsylvania Superior court, promises "as active a campaign as it is possible to conduct under wartime restrictions and the duties of my office."

"I greatly appreciate the compliment implied in the action of the group," said the Allentown jurist, who is filling the unexpired term of the late Judge Jesse E. B. Cunningham, "and I will do my best to be deserving of it."

He said his travels through the state in connection with the fall election would be limited "only by wartime restrictions and the fairly large calendar facing the court."

10-Year Post

Reno will oppose Judge Curtis Bok of the Philadelphia Common Pleas court for the \$18,000, 10-year post if both are nominated at the September 14 primary. So far no other candidates have appeared. The Appellate court place is the only state-wide office at stake.

During extended sessions of the executive group of the GOP State committee here yesterday, at which Governor Martin sat in, the 1944 presidential outlook was discussed and a belief in post-war world co-operation was expressed.

State Senator M. Harvey Taylor, GOP chairman, asserted no presidential possibilities were mentioned at the meeting while a member declared "we're going to be for whom we think can win and do a good job."

Property Transfers

Charles O. and Louise A. Stout, Baltimore, sold to Herman D. Miller, Penn township, York county, a property partly in Conecago township and partly in Penn township.

"Holds Your Bombs"

Cairo, June 30 (AP)—Briefing a bombing mission over Greek targets before his fellow airmen of a U. S. Liberator squadron, Lieut. George Ponty, of Los Angeles, pointed to two small islands on the map and cautioned:

"Hold on to your bombs when you are over these chunks of real estate—they belong to me."

Ponty's grandfather, a native-born Greek, willed the two islands to his American grandson.

Upper Communities

Richard Funt, 17, son of Mr. and Mrs. Cameron Funt, Guernsey, left Tuesday with seven other boys from the state for the Puget Sound Navy Yard, Washington, where they will be employed as sheet metal and electric welders helpers. Funt attended the National Youth Training center at York and after completing 150 hours of training was accepted by the Civil Service Commission for the work.

Gerald Snyder, Biglerville, expects to join the group after recovering from a fractured skull received in a recent accident.

Tech. Corp. Gerald Schisler, who is stationed at a camp near Boston, Massachusetts, was a recent visitor at the home of his uncle and aunt, Mr. and Mrs. Clyde Wilson, Mumbasburg.

Mrs. Edwin Price left today for her home in Davenport, Iowa, after a month's visit with her sister, Mrs. John Merz, Biglerville.

The Biglerville school board will meet in regular session Friday evening.

Johnny and Paul Steiner, sons of Mr. and Mrs. Harold Steiner, of Arendtsville, are reported ill with measles.

The June meeting of the Women's Missionary society of St. Paul's Lutheran church, Biglerville, will be held at the parsonage Friday evening at 7:45 o'clock.

Mrs. Dale Lawver and son, Richard, of Biglerville, are spending several days in Harrisburg with Mrs. Lawver's brother-in-law and sister, Mr. and Mrs. Robert R. Wilkinson. Donald Lawver has returned from a visit with his cousin, Robert Wilkinson.

A. L. Wolford and William Diveley visited the Reading hospital Monday where Mr. Diveley donated blood for Mrs. Wolford who is a patient at the hospital.

Miss June Heller, who is a student nurse at the Harrisburg hospital, is spending a four weeks' vacation with her parents, Mr. and Mrs. Hobart Heller, of Biglerville.

Captain O. D. Coble has returned to Bergen Point, Bayonne, N. J., after a short visit with his family in Bendersville. Captain Coble's sister, Mrs. Mitchell Dreese, her son, Mitchell Joe, and Sylvan Shelling, of Washington, returned home today after a visit in the Coble home.

Miss Freda Kane, a student nurse at the Harrisburg hospital, is with her parents, Mr. and Mrs. Francis Kane, of Guernsey, for a four week's vacation.

Report 1342 Persons Killed In RAF Raid

Stockholm, June 30 (AP)—Dispatches to the Goeteborg newspaper Handels Och Sjoefarstidning said today that 1,342 persons had been killed in the massed RAF raid on the Elberfeld section of Wuppertal, important Ruhr industrial city, last Thursday night.

The city was reported to be still without water, gas, electricity, or telephone service. Great fires were reported blazing more than 24 hours after the raid upon the chemical and textile works there.

The Elberfeld railway station was reported half destroyed and the concentrated bombing of narrow, restricted areas also resulted in a large number of wounded.

Defer Youth For Hi School Diploma

Philadelphia, June 30 (AP)—Robert D. Spiegle, 18, who was to have been an Army inductee on Tuesday went back to his high school studies instead, but how long he will stay there rests with a Selective Service Appeal Board.

Spiegle's induction was postponed by an order of Col. George Hafer, acting director of Pennsylvania Selective service, to his draft board, directing it to grant him an appeal.

Col. Hafer acted after the youth's father, Ralph Spiegle, who was wounded in action as a lieutenant in World War I, filed a petition in U. S. District court asking that Robert's induction be deferred until he completes a six-week course qualifying him for a high school diploma.

AUXILIARY MEETING

Only routine business was transacted Tuesday afternoon at the June meeting of the Women's Auxiliary of the Warner hospital. The session, held in the nurses home with the president, Mrs. LeRoy H. Winebrenner presiding, will be the last until September.

CHANGE IN ADDRESS

Mr. and Mrs. E. J. Naugle, who have announced the engagement of their daughter, Faith Marian, to Capt. Wilbur H. Corban, reside at Orrtanna R. 1 instead of Emmitsburg R. 1 as previously stated.

The bodies of fish are covered with a mucous-like substance which lubricates and facilitates swimming.

Ireland is called the Emerald Isle because of its luxurious green vegetation.

Frisch Picks Five Pirates For Game

Pittsburgh, June 30 (AP)—Five Pittsburgh Pirates nominated by Manager Frankie Frisch today for the National League All-Star game at Philadelphia July 13 are: Bob Elliott, 3B, Elbie Fletcher, 1B, Al Lopez, C, Rip Sewell, P, Vince DiMaggio, CF.

Twenty members of other teams picked by Frisch for the contest were not disclosed. League President Ford Frick will choose the teams on the basis of votes of managers of all eight teams.

Dairymen Oppose Plan For Subsidies

New York, June 30 (AP)—Representatives of 500,000 dairymen and poultry raisers in 13 eastern states were on record today as opposing "subsidies in lieu of fair prices for food products."

The action was taken by the Northeastern Dairy conference and the Northeastern Poultry Producers council at an emergency session yesterday.

The group unanimously voted a resolution opposing subsidies offered by Roland N. Benjamin, Harrisburg, Pa., executive secretary of the Pennsylvania Farm Bureau Co-operative association.

At the same time, they telegraphed War Food Administrator Marvin Jones asking for an appointment to discuss the feed situation.

Visitors at the home of Rueben Nary are Mr. and Mrs. Thorley, Miss Julia Jordan and John Torp, of Philadelphia.

Harrisburg, June 30 (AP)—Plans for a post-war construction of a \$268,000,000 network of super highways in Pennsylvania were outlined today by Governor Martin.

The Governor explained at his press conference the roads would extend through the Susquehanna river basin to the hard coal region, to New York, to the Erie district, to Philadelphia and to the West Virginia-Ohio line.

Asked who would pay the projects, the Governor replied:

"We, the people," adding it would not be necessary to call on the federal government for financial aid.

The chief executive also said the post-war plans include opening traffic routes through Philadelphia and Pittsburgh. These plans have been almost completed by the state highway department, he explained.

Martin disclosed the highway building plan as he commented that although he was not yet ready to appoint the post-war planning commission, authorized by the 1943 Legislature, work already is progressing for carrying out the aims of the commission.

The Governor said he was giving "a lot of thought to extension of the Pennsylvania turnpike," to Philadelphia and the Ohio line. Both extensions have been authorized by the General Assembly.

The \$70,000,000 turnpike, built with aid of federal funds, now connects Harrisburg and Pittsburgh, a distance of 160 miles.

OLD WARNING

(Continued From Page 1)

form with the regular blackout regulations. If there are any war plants in a particular section which wish to be placed on the Army responsibility list, which would allow them to remain open during ordinary raid practices, the local defense officials can obtain applications for the plants from the county council of defense, it was said.

Open Bomb School

A bomb recognition school will be held in the law library of the court house at 8:30 p. m. July 21, it was announced, with the county bomb agent, Sheriff Daniel J. Wolff, as instructor. Sheriff Wolff recently took a special course in bomb recognition. Each local council is asked to send at least one member to the class. The member of the local council then will act as bomb recognition agent for his particular community.

Five classes of vehicles may move during the red signal in air raid tests, the wardens were told. Those cars carrying official emergency pennants issued by Civilian Defense authorities, policemen on duty, fire trucks, ambulances and convoys of soldiers may move through the red.

First aid manuals were passed out for distribution in county communities. Control center officials were told that on July 7 a state-wide test of control centers would be held starting at 7:30 p. m. As in previous control center tests a problem will be posed to the various control centers.

Hanover defense officials reported that arrangements were being made to stage two "incidents" during each forthcoming air raid test.

2 YOUNG GIRLS BURN TO DEATH

Harrisburg, June 30 (AP)—Two girls burned to death today in a fire that gutted their home, a three-story stucco building. Six other members of the family escaped.

The victims were Lillian, 17, and Agnes, 13, daughters of Mr. and Mrs. Edward Lau. They were asleep on the third floor.

Mrs. Lau, asleep on the second floor with a son, Billy, 3, was awakened by smoke. She carried him from the burning home and aroused Delores, 10; Helen, 9, and Martin and Mary, six-year-old twins, also sleeping on the second floor.

Flames blocked the stairway and the mother called to the older girls to jump from the third story window but they failed to respond. Firemen carried the bodies of the two victims from the house.

Mrs. Lau told firemen she thought the blaze started in the kitchen. Lau was at work at the time.

SETTLE CHECK CHARGE

A settlement was arranged before Justice of the Peace John H. Basehore Tuesday evening in a bad check charge brought against J. H. Davis, Stewartstown, R. D. by L. C. Redding, Gettysburg R. D. Davis was arrested Tuesday at York by Chief of Police Glenn Guise. The check was for \$180.

CLOSED ALL DAY MONDAY, JULY 5th

Captain Jimmy Brown Of The Cardinals Is Accepted For Army Service

STEPHENS AND M'QUINN FAIL TO PASS EXAM

By JUDSON BAILEY

The Associated Press.
The major leagues had a double reason to be "war conscious" today. The first was that this is the first of the two days this season set aside by all major league clubs for donating all receipts to the National War Relief Fund and the other was that the draft has just touched baseball anew.

Three top-ranking players were called for induction yesterday and out of the trio the army took one, Jimmy Brown, captain of the St. Louis Cardinals, and rejected two, Vernon Stephens and George McQuinn of the St. Louis Browns.

To Help Browns

This served to re-open discussion of the effect of the draft on the pennant races. Yesterday's developments should help the last place Browns toward their goal of finishing in the American league's first division and might slow down, but hardly could stop, the campaign of the Cardinals for another National league flag.

The loss of Brown in the spring would have been considered a vital blow to the Cardinals, but in the meantime the field leader of the world champions lost his regular second base berth to a rookie, Lou Klein, and his absence now will be felt only in reserve strength.

He plans to remain with the Cardinals two weeks longer, taking the customary furlough allowed inductees.

Stephens apparently was deferred because of a knee injury suffered a month ago and McQuinn because of a back injury.

Stephens for months had been in a quandary about his draft status. In the spring he did not expect to join the Browns at all, intending to wait at his home in California until called. Finally he decided to play until the summons came. He hurt his knee and was out of the lineup for a while. Then he left the club a month ago to hurry back to St. Louis for a draft examination and found it had been postponed.

Leads Sloggers

Through all of his uncertainty he has managed to lead the American league in batting and now that both he and McQuinn have been rejected, at least for the remainder of the season, the Browns should click at their best again. Although in the cellar, they are only three games out of third place.

Draft calls are pending for key players of other clubs—for Babe Dahlgren of the Phillies, the National league's batting leader, for Johnny Vander Meer of the Reds, for Gerry Priddy and Mickey Vernon of the Senators and others whose loss before the season opened and the failure of the clubs to try for adequate replacements.

PHILLIES NOW AT CROSSROADS IN LOOP RACE

By ED CREAUGH

Philadelphia, June 30 (AP)—Those fantastic Phillies, who have been bouncing up and down in the National league standings like a jeep on a corduroy road, have a chance to decide tonight whether they're the first division club Bill Cox thought he could whip together or just a postscript edition of the teams that went to the cellar as regularly as a furnace man in January.

The Phils are at the crossroads. Despite their three losses to the nine lively old men from Brooklyn, they're only a game behind the fourth place Cincinnati Reds, but on the dark side of the picture there's only a half-game ahead of sixth-place Boston.

May Move Up

If St. Johnson can win tonight's War Relief Day game with the hard-bitten Pittsburgh Pirates at Shibe park—and if the Brooklyn's will have the kindness to act their age and drop two to Cincinnati—the anything-may-happen Quakers will be rising merry in fourth, a mere game and a half behind the Pirates.

Manager Buck Harris has a notion they can do it, too. "Poor pitching" is the reason he assigns for the Dodger debacles, and the lineup for the Pirates game, optimistically enough, is unchanged.

The club's newly purchased pitcher six-foot right-handed Dick Conger of Toronto in the International league, won't report until July 7, and by that time Philadelphia should still be celebrating Independence Day—independence at last from the second division tradition—

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 30 (AP)—The clock will start striking V-12 o'clock at a good many colleges tomorrow and a lot of coaches who have been wondering whether they'd have jobs next fall can start finding out for sure. In case you can't guess, V-12 o'clock stands for the hour when large batches of Navy trainees will report at the colleges. Ditto smaller batches of Marines. It may bring good news, too. For instance, Yale is getting Sam Mele and Johnny Simmons, better-than-fair basketball and baseball players from NYU via the Marines. . . . Tub Thumper Horace Renegar of Tulane reports that if he had to draw up a football roster right now, he'd have just one name, Joe Renfro, who is 4-F but an All-American halfback possibility. Nevertheless, Horace figures that Navy trainees will help give the Green Wave a good team.

A SHORT SNORTER

When Dewey "Snorter" Luster, Oklahoma grid coach, learned that ten of his Sooners were being called up by the Marines, leaving him with only one survivor of last year's squad, Boone Baker, a sophomore wingback, Snorter moaned: "Looks like we're coming in on a wingback and a prayer."

ANCIENT HISTORY

Perusing what Ernie fanigan claims is the oldest baseball book in existence, Charles A. Peverly's "American Pastimes" (second edition, 1868), we find that baseball oddities are nothing new in the home town of "Them Bums." Back in 1861 the Atlantics of Brooklyn played a ball game against the Charter Oak club on ice skates at Washington skating pond and won 36 to 27. Since the advent of Branch (the non-alcoholic) Rickey, any player who gets a skate on gets slapped down with a big fine. . . . and Brooklyn's first ball team, organized in 1854, was originally named "JYBBBC's" for Jolly Young Bachelors' Base Ball Club—which is quite a contrast to the current Dodgers who may be J at times but aren't Y nor B's.

SERVICE DEPT.

Yeoman Morris Siegel, sports columnist of the Norfolk Naval Training Station "Seagab" reports that Phil Rizzuto has done more damage to the rival KVAL Air Station team "than the Allied fliers did to Pantelleria." In a recent five-game series in which every game was decided by a single run, Phil was either directly or indirectly responsible for every winning tally. Marine boxers lost, 6-5, to a Royal Australian Air Force team in a series of bouts fought recently "somewhere in the south Pacific" for the China Famine Relief Fund, but they got considerable consolation from the showing of Corp. Ray White, Steubenville, Ohio, heavyweight who stopped his man in two rounds. Sgt. Joe Temes, former Tampa, Florida, pro scrapper, was one of the losers. . . . Latest addition to the sports staff at the Del Monte, California, Navy Pre-Flight school is Ensign Paul Christman, who did a bit of passing for Missouri a few years ago.

TODAY'S GUEST STAR

Bill Reddy, Syracuse (NY) Post-Standard: "One of the men who didn't pick his job because it went well with his name is the blue-coated arbiter working here with Roy Van Graffan. The umpire's name is Robb."

BARKLEY UP THE WRONG TREE

Wichita baseball fans insist this column was in error in saying that Red Barkley, the new Dodger shortstop, wasn't a "regular" on the Cessna semi-pro team last year just because he played only half his team's games in the national tourney. It was a leg injury that kept him out. . . . Incidentally, Branch Rickey reports that Barkley has made himself popular with the Dodgers by cussing himself out when he returns to the bench after making a bad play. . . . "I got the impression," says Branch, "that he was—well, kind of screeballish."

Class of Division

With a 724 average against the other three clubs currently in the bottom half of the standings, the Phillies can claim—remarkably in the light of recent years—to be the class of the second division. But the Pirates hold a 4-2 edge over them so far this season and the Phillies' mark against all the first division clubs is a skimpy 2-9. Still, St. Johnson has won seven against three losses while the Bucc's probable starter, southpaw Wally Hebert, is on the short end of a 4-5 season record.

SEND BIRTHDAY

Chicago, June 30 (AP)—Col. Matt J. Winn, for 41 years the man behind the Kentucky Derby, celebrated his 82nd birthday today. Col. Winn is resting after his successful Lincoln fields meeting just completed at Hawthorne and is taking a vacation in the east.

BEAU JACK TO MEET TEACHER OF MONTGOMERY

By TED MEIER

New York, June 30 (AP)—Johnny Hutchinson, comparatively little known Philadelphia teacher of Lightweight Champion Bob Montgomery, may finish what his famous pupil started against Beau Jack.

The former Augusta, Georgia shoeshine boy took a terrific beating from Montgomery six weeks ago in Madison Square Garden, being jolted from his lightweight title by the Bobcat's savage body thumping. Hutchinson, who in many quarters is regarded as packing a more potent punch than Montgomery, takes on the Beau July 19 at Philadelphia's Shibe Park. If Johnny "works on" the Beau as Montgomery did, Jack may be forced to forego a promised return title bout with the Bobcat.

Found Montgomery

It was back in 1937 that 26-year-old Hutchinson, then a featherweight, discovered Montgomery working out in a Philly gym as an amateur. He taught the Bobcat many tricks and introduced him to Frankie Thomas. Thomas became Montgomery's manager and piloted him to fame and fortune with Hutchinson, an enthusiastic ringside rooster. Hutchinson went into a fistful lull and at one time considered quitting. But in the last year he has become a good drawing card in fight-active Philadelphia. In his last outing he defeated Bobby Puffin. Before that he fought two draws with Maxie Shapiro, in both scraps losing rounds because of low blows.

Promoter Herman Taylor of Philadelphia, terms Hutchinson "one of the best lightweights in the country today." Taylor anticipates a gross gate of more than \$40,000 for the July 19 bout.

AMMUNITION TO STATE HUNTERS MAY BE RATIONED

By RALPH E. WALLIS

Harrisburg, June 30 (AP)—Hunters who can solve the transportation problem will find game plentiful this season but the state Game commission advises they'll have to make every shot count—ammunition may be rationed.

Explaining there is a reserve supply of shot and shell in hands of sportsmen, commission Director Seth Gordon declared today that "the real problem" is how to get hunters to share with "fellow nerds who have none."

He said some hoarded ammunition is in possession of black market operators who last year sold shotguns at \$5 a box and high-powered cartridges at \$1 each, and added:

Slaps Profiters

"If federal authorities find that a limited quantity of ammunition can be produced for civilian use, so those who actually need shells can get them under a simple rationing plan, the profiteering will quickly disgorge their holdings."

Gordon's comment followed an announcement of federal officials that plans are under way to provide ammunition for civilian sportsmen under a quota program with each hunter's allotment based on any present supplies although they declined to say how distribution would be controlled.

The commission official emphasized that Pennsylvania hunters "do not ask a single shell or cartridge for hunting purposes of it will delay decide victory a moment."

Prospects for the coming season, said Gordon, "are a good as last year with rabbits and squirrels—the average hunter's meat—more encouraging than in 1942, which was a good year."

WHIFFS 12 AND ALLOWS ONE HIT

By The Associated Press

Steve Gerkin really started something when he pitched a no hit game for Lancaster Monday night.

Henry Koch strained every muscle to do the same thing or Wilmington last night but Shew's hit which followed two walks and an infield out—spoiled his otherwise perfect record in the fifth inning.

Koch struck out 12 as the Blue Rocks' trimmings V-11-1, shaved Hagerstown's Interstate league lead to six paper-thin percentage points, the Oaks losing simultaneously to Lancaster 5-2.

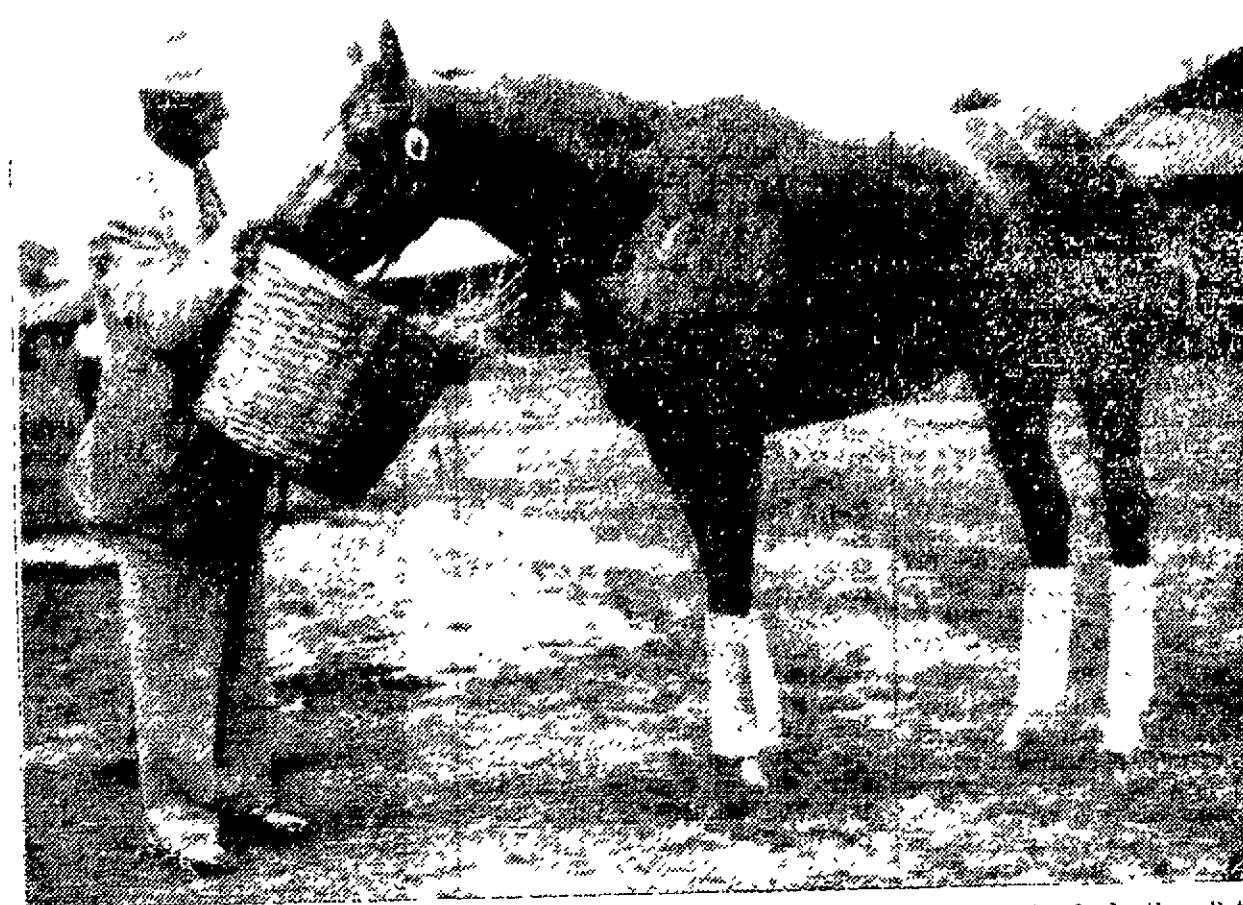

Lancaster's victory, which came on nine hits to eight for Hagerstown, was the eighth in a row and clamped the Roses firm in third place.

A scheduled doubleheader, Trenton at Allentown, was postponed because of weather.

Tonight's Games

Trenton at Allentown (2); Hagerstown at Lancaster; Wilmington at York.

Ben Jones Breaks The News To Whirly

"It's just like losing my best friend," says Ben Jones, Whirlaway's trainer, as he feeds the all-time money-winning champion of the turf at the suburban Washington Park track, following the announcement that Whirly is being retired to Kentucky's blue grass pastures and will race no more.

Southworth Selects Own Flychaser As Loop's Best

St. Louis, June 30 (AP)—If Manager Billy Southworth of the world champion St. Louis Cardinals had the choice of the National league's outfielders, he'd take his own trio—Stan Musial, Harry Walker and Danny Litwhiler—with pardonable pride and prejudice.

As the best of the rest, Southworth picks Manager Mel Ott of the New York Giants and two of Brooklyn's gardeners, Fred Walker and Angie Galan, for top honors based on their performances in games with the Cardinals.

"These outfielders against my ball club always have been the very best," he said.

Litwhiler Best

In a pat explanation of why the Cardinals made the recent trade with Philadelphia for Litwhiler, Southworth called him "the all-around best right-handed outfielder in the league."

Of the other five in Billy's top group, Galan is a switch-hitter—"and that makes him all the more valuable"—and the others are left-handed batters.

Southworth's ratings were noteworthy not only because he is a successful manager and an astute observer but because he once was a first-rank fly-chaser himself. He played with Cleveland, Pittsburgh, the Boston Braves, the New York Giants and the Cardinals during his major league career and one season led the National league in fielding.

His selections paid a big compliment to the Walker family since Fred (Dixie) and Harry (Little Dixie) are brothers.

Here's Southworth's personal appraisal of each of the players he nominated:

Ott Finest

Ott—"The finest all-around outfielder in the business and has been for years. He needs no recommendation as to outfield ability. He has a fine throwing arm, both for distance and accuracy. At bat he does all things well. He has fine power and can hit to all fields as he might choose. He is capable of hitting out of any park in the league and he always is around the top in home runs. Ott uses excellent judgment on the bases. He has slowed up some but he knows how and when to take chances and he is seldom thrown out."

Fred Walker—"In all series between Brooklyn and the Cardinals he is the most valuable cog in the Dodger machine. A fine outfielder, he comes up with great catches against us. His arm is not exceptionally strong but he's accurate and he has thrown some of our men out on plays that required excellent handling of the ball and accurate throwing. He is a power at bat. He's the kind of fellow who keeps digging in, always doing something at the plate. He uses excellent judgment on the bases and is a good runner."

Galan Has Advantage

Galan—"A fine outfielder, he covers the maximum territory in center field and does all things well—coming in, back and equally well to both sides. He is a fine fielder of ground balls. His arm, while not great, is accurate and few base runners would choose to advance on him in expectation of a bad throw. At bat he hits the ball hard for a man of his size and weight. He hits either right or left, which is an advantage. He is a hard man to suppose of. He seldom strikes out and always gets a piece of the ball. He is fast and knows how to run the bases."

Musial—"He is proving himself a great sun-fielder. He is very fast and covers a maximum of territory. His arm is good enough although not exceptionally strong but he throws accurately. At bat he can bunt or hit for extra bases. He can put the ball out of any park in the league."

Musial—"He is proving himself a great sun-fielder. He is very fast and covers a maximum of territory. His arm is good enough although not exceptionally strong but he throws accurately. At bat he can bunt or hit for extra bases. He can put the ball out of any park in the league."

Musial—"He is proving himself a great sun-fielder. He is very fast and covers a maximum of territory. His arm is good enough although not exceptionally strong but he throws accurately. At bat he can bunt or hit for extra bases. He can put the ball out of any park in the league."

Volo Song Favorite In Hambletonian

Cleveland, June 30 (AP)—Volo Song enhanced his standing as the horse to beat in this year's Hambletonian trotting classic by his straight heat victory in the \$5,000 marion stake, the feature of yesterday's opening grand circuit meeting at nearby North Randall track.

The brown son of Volomite completed his chores without the guidance of 70-year-old Ben White, who was ill. Tommy Berry substituted and brought the three-year-old in a length ahead of Worthy Boy in the first heat in a time of 2:05 1/2, two lengths ahead of Worthy Boy.

The marion stake for three-year-old pacers headlines today's card. Adios, owned by Tommy Thomas, of Cleveland, and King's Counsel, entered by E. P. Gray of Vermont and Doc Marshall of Urbana, Ohio, are favorites. The event has a money value of \$1,880.

Education has been compulsory in Chile since 1920.

SHAUGHNESSY WANTS TRICKY PANTHER TEAM

Pittsburgh, June 30 (AP)—Undismayed by the turnout of but six veterans in a squad of 56, Football Coach Clark D. Shaughnessy settled down today to a series of rapid-fire "spring" practice sessions for the University of Pittsburgh Panthers, expressing confidence he will have "an aggressive" team.

The proponent of the famed "T" formation made no secret of the fact that the Panthers will be a tricky team when it opens its season here September 25 against Notre Dame.

He told the boys yesterday "we will have as many as 10,000 pass plays" and when a few of his listeners looked skeptical, asserted seriously that with small variations he might really approach that figure.

Wide Open Game

"Anyway," we're going to have a wide open, exciting game, not power machines," said Shaughnessy.

The half dozen holdovers included Francis Mattioli, Cy Plazak, Joe Kiehl, Frank Knisely, Joe Pierre and Don Matthews. There was one transfer student, John Itzel from Georgetown.

Shaughnessy introduced a new wrinkle in practice by having a blackboard erected on the practice lot. Skull sessions in the past were held in the stadium dressing rooms. The coach said he would save time by diagramming his plays on the field.

Practice sessions start daily at 4:15 p. m., and continue for 90 minutes. Most of the boys are turning out in shorts this week.

Says Father Broke His Baby's Neck

Chester, Pa., June 30 (AP)—His neck broken, a nine-months-old baby fought for life today in Chester hospital while his father, James Wamble, Sr., 29, Norfolk, Va., for whom the baby was named, was held without bail for hearing on a charge of aggravated assault and battery.

John Ketchel, Chester policeman, said Wamble beat the child and then attacked his wife, Pauline, 22, when she tried to protect it. Mrs. Wamble was treated at the hospital for face and body bruises.

Elmira Third In Eastern Circuit

(By The Associated Press)
Elmira's belling Pioneers and the Binghamton Triplets will battle it out tonight for third place in the Eastern league, both also taking a lot of interest in the berth just ahead.

If possession counts for anything, that advantage will be with the Pioneers. They slammed Wilkes-Barre last night 2-0 and 10-2 to move into third by half a game.

The Trips, meanwhile, were dividing a doubleheader with Scranton, the Red Sox winning the first 7-2 and Binghamton sliding past in the second 3-2.

The Albany Senators ran their current winning streak to five straight last night, sweeping a doubleheader with Hartford 2-1 and 5-1.

In the only single contest of the evening, Springfield whipped Utica 6-1.

NATIONAL GOLF TOURNEY TODAY

Chicago, June 30 (AP)—Four youthful golfers square off over Olympia Fields' No. 1 course today, all seeking a chance at the National Collegiate golf crown before they enter military service.

On the basis of age and tournament qualifying scores, the four could not have been more evenly matched for their morning 18-hole semifinal round. The 18-hole final is scheduled for this afternoon.

All are 21 years old. Richard Kuntz of Yale and Wally Ulrich of Carleton, (Northfield, Minn.) who meet in today's match, both scored 78s in qualifying play, while Bill Roden of Texas and Walt Beckford of Yale, lower bracket opponents, each got 77s.

Among today's semifinalists, Kuntz was the only favorite to survive the continuous rout of pre-tournament choices. Kuntz, also a semifinalist last year, is captain of the Yale team.

He and Beckford will have a double incentive for victory today since an all-Yale final also would assure the Eli a sweep of 1943 National Collegiate golf honors. Yale won the team title Monday.

The two Yale players are Army bound, while Ulrich and Roden are headed for service with the Marines.

An atom of uranium is 238 times heavier than one of hydrogen.

"Gangway, please... we've got a war to win"

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH... AND THERE'S A REASON

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vita-

min-fortified feeds, you're getting nutrition plus:

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in pro-

ducing the world's most popular beer.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Dairs • Baby Foods • Bread and other Bakery Products • Batteries • Paper • Soap and Textiles—to name a few.

ANHEUSER-BUSCH, ST. LOUIS, MO.

Captain Jimmy Brown Of The Cardinals Is Accepted For Army Service

STEPHENS AND M'QUINN FAIL TO PASS EXAM

By JUDSON BAILEY
The Associated Press

The major leagues had a double reason to be "war conscious" today. The first was that this is the first of the two days this season set aside by all major league clubs for donating all receipts to the National War Relief Fund and the other was that the draft has just touched baseball anew.

Three top-ranking players were called for induction yesterday and out of the trio the army took one, Jimmy Brown, captain of the St. Louis Cardinals, and rejected two, Vernon Stephens and George McQuinn of the St. Louis Browns.

To Help Browns

This served to re-open discussion of the effect of the draft on the pennant races. Yesterday's developments should help the last place Browns toward their goal of finishing in the American league's first division and might slow down, but hardly could stop, the campaign of the Cardinals for another National league flag.

The loss of Brown in the spring would have been considered a vital blow to the Cardinals, but in the meantime the field leader of the world champions lost his regular second base berth to a rookie, Lou Klein, and his absence now will be felt only in reserve strength.

He plans to remain with the Cardinals two weeks longer, taking the customary furlough allowed inductees.

Stephens apparently was deferred because of a knee injury suffered a month ago and McQuinn because of a back injury.

Stephens for months had been in a quandary about his draft status. In the spring he did not expect to join the Browns at all, intending to wait at his home in California until called. Finally he decided to play until the summons came. He hurt his knee and was out of the lineup for a while. Then he left the club a month ago to hurry back to St. Louis for a draft examination and found it had been postponed.

Leads Sluggers

Through all of his uncertainty he has managed to lead the American league in batting and now that both he and McQuinn have been rejected, at least for the remainder of the season, the Browns should click at their best gait. Although in the cellar, they are only three games out of third place.

Draft calls are pending for key players of other clubs—for Babe Dahlgren of the Phillies, the National league's batting leader, for Johnny Vander Meer of the Reds, for Gerry Priddy and Mickey Vernon of the Senators and others whose loss before the season ends may have a direct effect on the final standings.

But with the season nearly half gone the demands of war have not had a damaging effect on the ranking of any club except the New York Giants, whose last place position in the National league is the result of inductions before the season opened and the failure of the clubs to try for adequate replacements.

PHILLIES NOW AT CROSSROADS IN LOOP RACE

By ED CREAHER

Philadelphia, June 30 (AP)—Those fantastic Phillies, who have been bouncing up and down in the National league standings like a jeep on a corduroy road, have a chance to decide tonight whether they're the first division club Bill Cox thought he could whip together or just a postscript edition of the teams that went to the cellar as regularly as a furnace man in January.

The Phils are at the crossroads. Despite their three losses to the nine lively old men from Brooklyn, they're only a game behind the fourth place Cincinnati Reds, but on the dark side of the picture they're only a half-game ahead of sixth-place Boston.

May Move Up

If St. Johnson can win tonight's War Relief Day game with the hard-slugging Pittsburgh Pirates at Shibe park—and if the Brooklyn's will have the kindness to act their age and drop two to Cincinnati—the anything-may-happen Quakers will be resting merrily in fourth, a mere game and a half behind the Pirates. Manager Bucky Harris has a notion they can do it, too. "Poor pitching" is the reason he assigns for the Dodger debacle, and the lineup for the Pirates game, optimistically enough, is unchanged.

The club's newly purchased pitcher, six-foot right-handed Dick Conger of Toronto in the International league, won't report until July 7, and by that time Philadelphia should still be celebrating Independence Day—Independence at last from the second division tradition—

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 30 (AP)—The clocks will start striking V-12 o'clock at a good many colleges tomorrow and a lot of coaches who have been wondering whether they'd have jobs next fall can start finding out for sure. . . . In case you can't guess, V-12 o'clock stands for the hour when large batches of Navy trainees will report at the colleges. Ditto smaller batches of Marines. . . . It may bring good news, too. For instance, Yale is getting Sam Mele and Johnny Simmons, better-than-fair basketball and baseball players from NYU via the Marines. . . . Tub Thumper Horace Renegar of Tulane reports that if he had to draw up a football roster right now, he'd have just one name, Joe Renfro, who is 4-F but an All-American halfback possibility. Nevertheless Horace figures that Navy trainees will help give the Green Wave a good team.

A SHORT SHORTER

When Dewey "Snorter" Luster, Oklahoma grid coach, learned that ten of his Sooners were being called up by the Marines, leaving him with only one survivor of last year's squad, Boone Baker, a sophomore wingback, Snorter moaned: "Looks like we're coming in on a wingback and a prayer."

ANCIENT HISTORY

Perusing what Ernie Lanigan claims is the oldest baseball book in existence, Charles A. Peverly's "American Pastimes" (second edition, 1868), we find that baseball oddities are nothing new in the home town of "Them Bums." . . . Back in 1861 the Atlantic's Brooklyn played a ball game against the Charter Oak club on ice skates at Washington skating pond and won 36 to 27. . . . Since the advent of Branch (the non-alcoholic) Rickey, any player who gets a skate on gets slapped down with a big fine. . . . and Brooklyn's first ball team, organized in 1854, was originally named "JYBBBC's"—for Jolly Young Bachelors' Base Ball Club—which is quite a contrast to the current Dodgers who may be J at times but aren't Y nor B's.

SERVICE DEPT.

Yeoman Morris Siegel, sports columnist of the Norfolk Naval Training Station "Seabag" reports that Phil Rizzuto has done more damage to the rival KVAL Air Station team "than the Allied fliers did to Pantelleria." In a recent five-game series in which every game was decided by a single run, Phil was either directly or indirectly responsible for every winning tally. . . . Marine boxers lost, 6-5, to a Royal Australian Air Force team in a series of bouts fought recently "somewhere in the south Pacific" for the China Famine Relief Fund, but they got considerable consolation from the showing of Corp. Ray White, Streubenville, Ohio, heavyweight who stopped his man in two rounds. Sgt. Joe Temes, former Tampa, Florida, pro scrapper, was one of the losers. . . . Latest addition to the sports staff at the Del Monte, California, Navy Pre-Flight school is Ensign Paul Christman, who did a bit of passing for Missouri a few years ago.

TODAY'S GUEST STAR

Bill Reddy, Syracuse (NY) Post-Standard: "One of the men who didn't pick his job because it went well with his name is the blue-coated arbiter working here with Roy Van Graflan. The umpire's name is Robb."

BARKLEY UP THE WRONG TREE

Wichita baseball fans insist this column was in error in saying that Red Barkley, the new Dodger shortstop, wasn't a "regular" on the Cessna semi-pro team last year just because he played only half his team's games in the national tourney. It was a leg injury that kept him out. . . . Incidentally, Branch Rickey reports that Barkley has made himself popular with the Dodgers by cussing himself out when he returns to the bench after making a bad play. . . . "I got the impression," says Branch, "that he was—well, kind of screwballish."

or so deep in their old habits that a free gift of the league's all star players wouldn't help.

Class of Division

With a .724 average against the other three clubs currently in the bottom half of the standings, the Phillies can claim—remarkably, in the light of recent years—to be the class of the second division.

But the Pirates hold a 4-2 edge over them so far this season and the Phillies' mark against all the first division clubs is a skimpy .290.

Still, St. Johnson has won seven against three losses while the Bucs' probable starter, southpaw Wally Hebert, is on the short end of a 4-5 season record.

82ND BIRTHDAY

Chicago, June 30 (AP)—Col. Matt J. Winn, for 41 years the man behind the Kentucky Derby, celebrated his 82nd birthday today. Col. Winn is resting after his successful Lincoln fields meeting just completed at Hawthorne and is taking a vacation in the east.

BEAU JACK TO MEET TEACHER OF MONTGOMERY

By TED MEIER

New York, June 30 (AP)—Johnny Hutchuson, comparatively little known Philadelphia teacher of Lightweight Champion Bob Montgomery, may finish what his famous pupil started against Beau Jack.

The former Augusta, Georgia shoeshine boy took a terrific beating from Montgomery six weeks ago in Madison Square Garden, being jolted from his lightweight title by the Bobcat's savage body thumping. Hutchuson, who in many quarters is regarded as packing a more potent punch than Montgomery, takes on the Beau July 19 at Philadelphia's Shibe Park. If Johnny "works on" the Beau as Montgomery did, Jack may be forced to forego a promised return title bout with the Bobcat.

Found Montgomery

It was back in 1937 that 26-year-old Hutchuson, then a featherweight discovered Montgomery working out in a Philly gym as an amateur. He taught the Bobcat many tricks and introduced him to Frankie Thomas. Thomas became Montgomery's manager and piloted him to fame and fortune with Hutchuson, an enthusiastic ringside rooster. Hutchuson went into a fistful lull and at one time considered quitting. But in the last year he has become a good drawing card in fight-active Philadelphia. In his last outing he defeated Bobby Puffin. Before that he fought two draws with Maxie Shapiro, in both scraps losing rounds because of low blows.

Promoter Herman Taylor of Philadelphia, terms Hutchuson "one of the best lightweight in the country today." Taylor anticipates a gross gate of more than \$40,000 for the July 19 bout.

AMMUNITION TO STATE HUNTERS MAY BE RATIONED

By RALPH E. WALLIS

Harrisburg, June 30 (AP)—Hunters who can solve the transportation problem will find game plentiful this season but the state Game commission advises they'll have to make every shot count—ammunition may be rationed.

Explaining there is a reserve supply of shot and shell in hands of sportsmen, commission Director Seth Gordon declared today that "the real problem" is how to get hunters to share with "fellow nimrods who have none."

He said some hoarded ammunition is in possession of black market operators who last year sold shot-gun shells at \$5 a box and high-powered cartridges at \$1 each, and added:

Slaps Profiteers

"If federal authorities find that a limited quantity of ammunition can be produced for civilian use, so those who actually need shells can get them under a simple rationing plan, the profiteering will quickly disgorge their holdings."

Gordon's comment followed an announcement of federal officials that plans are under way to provide ammunition for civilian sportsmen under a quota program with each hunter's allotment based on any present supplies although they declined to say how distribution would be controlled.

The commission official emphasized that Pennsylvania hunters "do not ask a single shell or cartridge for hunting purposes of it will delay decisive victory a moment."

Prospects for the coming season, said Gordon, "are a good as last year with rabbits and squirrels—the average hunter's meat—more encouraging than in 1942, which was a good year."

WHIFFS 12 AND ALLOWS ONE HIT

(By The Associated Press)

Steve Gerkin really started something when he pitched a no hit game for Lancaster Monday night.

Southworth Selects Own Flychasers As Loop's Best

St. Louis, June 30 (AP)—If Manager Billy Southworth of the world champion St. Louis Cardinals had the choice of the National league's outfielders, he'd take his own trio—Stan Musial, Harry Walker and Danny Litwhiler—with pardonable pride and prejudice.

As the best of the rest, Southworth picks Manager Mel Ott of the New York Giants and two of Brooklyn's gardeners, Fred Walker and Augie Galan, for top honors based on their performances in games with the Cardinals.

"These outfielders against my ball club always have been the very best," he said.

Litwhiler Best

In a pat explanation of why the Cardinals made the recent trade with Philadelphia for Litwhiler, Southworth called him "the all-around best right-handed outfielder in the league."

Of the other five in Billy's top group, Galan is a switch-hitter—"and that makes him all the more valuable"—and the others are left-handed batters.

Southworth's ratings were noteworthy not only because he is a successful manager and an astute observer but because he once was a first-rank fly-chaser himself. He played with Cleveland, Pittsburgh, the Boston Braves, the New York Giants and the Cardinals during his major league career and one season led the National league in fielding.

His selections paid a big compliment to the Walker family since Fred (Dixie) and Harry (Little Dixie) are brothers.

Here's Southworth's personal appraisal of each of the players he nominated:

Ott Finest

Ott—"The finest all-around outfielder in the business and has been for years. He needs no recommendation as to outfield ability. He has a fine throwing arm, both for distance and accuracy. At bat he does all things well. He has fine power and can hit to all fields as he might choose. He is capable of hitting out of any park in the league and he always is around the top in home runs. Ott uses excellent judgment on the bases. He has slowed up some but he knows how and when to take chances and he is seldom thrown out."

Fred Walker—"In all series between Brooklyn and the Cardinals he is the most valuable cog in the Dodger machine. A fine outfielder, he comes up with great catches against us. His arm is not exceptionally strong but he's accurate and he has thrown some of our men out on plays that required excellent handling of the ball and accurate throwing. He is a power at bat. He's the kind of fellow who keeps digging in, always doing something at the plate. He uses excellent judgment on the bases and is a good runner."

Galan Has Advantage

Galan—"A fine outfielder, he covers the maximum territory in center field and does all things well—going in, back and equally well to both sides. He is a fine fielder of ground balls. His arm, while not great, is accurate and few base runners would choose to advance on him in expectation of a bad throw. At bat he hits the ball hard for a man of his size and weight. He hits either right or left, which is an advantage. He is a hard man to dispose of. He seldom strikes out and always gets a piece of the ball. He is fast and knows how to run the bases."

Musial—"He is proving himself a great sun-fielder. He is very fast and covers a maximum of territory. His arm is good enough although not exceptionally strong but he throws accurately. At bat he can bunt or hit for extra bases. He can put the ball out of any park in the

league. On the bases he has good judgment, good reflexes and knows how and when to run."

Good Arm

Harry Walker—"He is a good fly-chaser and covers center field very admirably. He has one of the best throwing arms in baseball. He seems to be coming into his own as a great hitter. He isn't a power hitter but he hits timely and hard to all fields. His fine speed enables him to get doubles and triples with consistent regularity. He hasn't played long enough to apply his ability to his own best advantage. That comes with experience, which he is getting."

Litwhiler—"He made the most remarkable record for an outfielder in modern baseball history when he went through the entire year of 1942 without making a single error. He is capable of covering the maximum territory in left field. He has a fine arm and throws accurately. At bat he has fine power and hits for extra bases and to all fields. He can hit the ball out of any park and has done so. He is very fast and I wasn't a bit surprised to learn that he was the fastest man on the Philadelphia club."

VETERAN SURGEON DIES

Uniontown, Pa., June 30 (AP)—Dr. Clark M. Luman, 65, former chief surgeon of Uniontown hospital and one of the first southwestern Pennsylvania doctors to be admitted to the American College of Physicians and Surgeons, died yesterday after an illness of almost a year.

SHAUGHNESSY WANTS TRICKY PANTHER TEAM

Pittsburgh, June 30 (AP)—Undismayed by the turnout of but six veterans in a squad of 56, Football Coach Clark D. Shaughnessy settled down today to a series of rapid-fire "spring" practice sessions for the University of Pittsburgh Panthers expressing confidence he will have "an aggressive" team.

The proponent of the famed "T" formation made no secret of the fact that the Panthers will be a tricky team when it opens its season here September 25 against Notre Dame.

He told the boys yesterday "we will have as many as 10,000 pass plays" and when a few of his listeners looked skeptical, asserted seriously that with small variations he might really approach that figure.

Wide Open Game

"Anyway," we're going to have a wide open, exciting game, not power machines," said Shaughnessy.

The half dozen holdovers included Francis Mattioli, Cy Plazak, Joe Kiehl, Frank Knisely, Joe Pierre and Don Matthews. There was one transfer student, John Itzel from Georgetown.

Shaughnessy introduced a new wrinkle in practice by having a blackboard erected on the practice lot. Skull sessions in the past were held in the stadium dressing rooms. The coach said he would save time by diagramming his plays on the field.

Practice sessions start daily at 4:15 p. m., and continue for 90 minutes. Most of the boys are turning out in shorts this week.

Says Father Broke His Baby's Neck

Chester, Pa., June 30 (AP)—His neck broken, a nine-month-old baby fought for life today in Chester hospital while his father, James Wamble, Sr., 29, Norfolk, Va., for whom the baby was named, was held without bail for hearing on a charge of aggravated assault and battery.

John Ketchel, Chester policeman, said Wamble beat the child and then attacked his wife, Pauline 22, when she tried to protect it. Mrs. Wamble was treated at the hospital for face and body bruises.

"Gangway, please... we've got a war to win"

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH...AND THERE'S A REASON

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vita-

min-fortified feeds, you're getting nutrition plus:

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery Products • Batteries • Paper • Soap and Textiles—to name a few.

Just Folks
By Edgar A. Guest

CHICKEN A LA YANK

The banquet feast is different now
from what it used to be.
Where once came larded loin of
beef comes chicken fricassee.
Where once came fillet mignon thick
comes chicken wings or legs;
Where once was beef for business
men comes watery, scrambled
eggs.

The blue plate lunch is not the
same. Where meat was wont
to be
A heap of macaroni pale is all men
ever see.

And when invited out to dine among
our social set,
Instead of fancy crown of lamb it's
chicken that we get.

It's chicken fried or chicken stewed
or chicken creamed or hashed,
With peas and carrots now instead
of mushies baked or mashed.
It's chicken young or chicken old,
and never chops or joints.
It's anything at all which doesn't
call for ration points.

But never think that I complain of
tender fowl or tough.
I'll eat it morning, night and noon
till Hitler cries: "Enough!"
I'll eat it anywhere it's served and
any way it's done.
And smack my lips and say "That's
good," until the war is won.

Today's Talk
By George Matthew Adams

CONVICTIONS CAN MOVE MOUNTAINS

Convictions are the cards that carry us to our objectives in life. Without them we become mere wanderers, unstable followers, and spineless spectators.

A man, or woman, of convictions is always admired and looked up to, regardless of whether you agree with him or her or not. Strong characters alone have convictions—and stand by them through thick and thin.

When a person surrenders his convictions, he surrenders something vital and integral. Convictions are essential to one's happiness and peace of mind, and no one should ever part with them. They are what carry us over mountains, over rugged roads, and into the interior of undiscovered realms of thought and achievements.

It is because of the convictions of nations that they fight for the things which they believe are right and for the good of all, but it must be remembered that these convictions are but the crystallization of the convictions of the majority of their citizens.

Convictions always have a difficult path over which to travel. Every great leader has learned this. Often he has been made a martyr to them—but in the end he earns his triumph. It is unfortunate that often this happens only after he has been silenced in his grave.

It was the conviction that his native land of South America should become free of all Spanish rule that inspired Simon Bolivar to return from Europe with the determination to start a revolution and free his people—which he did. But it took long years for just tribute and appreciation to honor his name. Bolivar couldn't literally move the Andes Mountains—so he took his ragged army over them to conquer. Muddled brains do not have convictions. Only those who think clearly and carefully have convictions. And what a precious asset they are!

Our convictions may not always be right, but we have a right to them until we are convinced that they are wrong. But if we move mountains with them, they are apt to prove not only right, but most feasible!

Tomorrow Mr. Adams will talk on the subject: "Believe Enough."

It is less than 22 hours from Washington to Tokyo by air.

Out Of The Past
From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

Many Camp Colt Men Naturalized: Adams county court met at 2 o'clock Friday afternoon in the YMCA tent of Casual Company at Camp Colt. President Judge McPherson, Associate Judges Miller and Dicks, Prothonotary G. Harry Roth and Court Crier Lightner were present. The unusual event was arranged to naturalize 255 aliens who were in the Tank Corps. Between 140 and 150 subjects of Great Britain appeared in a body.

Gettysburg Men for Farm Work: George M. Rice, the director of farm labor in the county, announces that the following from Gettysburg will devote at least one day a week to farm work:

C. W. Gardner, John M. Blocher, W. D. Sheely, J. Donald Swope, Harry Roth, Arthur Roth, H. F. Hershey, William F. Sunday, G. Allen Yohe, N. J. King, Leo Bushman, Raymond Shank, Glen Gardner, D. P. McPherson, Huber Blocher, S. Miley Miller, G. L. Williams, C. Edwin Swisher, J. Allen Dickson, Raymond F. Topper, W. A. Taughnbaugh, P. W. Stallsmith and force, George C. Fissel, Allen Holtzworth, J. A. Holtzworth, Harry E. Burnhaugh, John D. Keith, J. Paxton Bigham and force, Rev. Paul R. Pontius, Milton Bender, James Culp.

Sendersville had these volunteers: Harry M. Snyder, W. H. Knoose, H. L. Fair, John C. Cullings, Peter Beamer, Harold Wierman, Elias Peters, John C. Starner, Francis Beamer.

Boy Breaks Arm: Frank Pitzer, one of the messenger boys of the Western Union, sustained a broken arm Monday afternoon when he fell from his bicycle while working between camp and town. The forearm is broken in two places. The lad is a son of Levi Pitzer, of Steinwehr avenue.

To Entertain Boys: Sandy McGregor, of Pittsburgh, who is known as the American Harry Lauder, is spending several days here where he is talking before the soldiers at Camp Colt.

Beef Rulings: County Food Administrator Markley announces that, effective immediately, the following regulations will govern the service of beef in all hotels, restaurants and public eating places.

"Roast beef, whether hot or cold, should be served only on Monday at the midday meal; stewed, boiled, or beef hash on Wednesday and Saturday at the midday meal; steaks in any form, including hamburger steak, on Thursday only at midday meal."

Many Cars Go Through: On Monday morning a train of fifty light Dodge cars and a number of Cadillac touring cars, all painted with the Army color and bound for an Atlantic port, passed through here. Saturday a similar procession came over this route.

Adams-Houck: Miss Margaret Houck, daughter of Mr. and Mrs. Charles Houck, of Biglerville, and Corporal John Albert Adams, of Harrisburg, were married at eight o'clock Thursday evening in Bethel church, Sparta, South Carolina.

Americans Are Sent to Italy: Washington, June 28—A regiment of troops in General Pershing's expeditionary forces has been ordered to Italy, probably as an advance guard of additional forces to be sent later, to complete the unity on that front of Italy, British, French and American troops.

Has Broken Hip: Further examination made at the Harrisburg hospital of the injuries received by Harvey O. Geyer in the Gettysburg railroad yards Monday afternoon, showed that one of his legs was broken near the hip joint. He will be a patient at the hospital for some time.

Repairing Square: The borough highway force started this morning to fix the roadway in Centre Square. Deep ruts in the traveled part have made dangerous going for automobiles and at the corners there have been holes which threatened to break springs. The usual method of repairing with small stones and a tarria binder is being used.

Racing Matinee: An interesting matinee was staged at the driving track west of town Saturday afternoon. Frank Hershey's J. R. L. won first in Class A and G. S. Weaver's Brandant Hale took the Class B race.

In the free-for-all, in which a \$75 purse had been offered, Eddie C. owned by H. C. Smith, took first. Oiler and Spangler took second with Rubrican, Jr. and E. Eckenrode third with Joe Promise.

Personal: Fred Faber, of Chambersburg street has come to Wilmington Delaware, where he will be employed as a chemist.

Captain and Mrs. J. B. Duckstad announce the birth of a son.

Mr. and Mrs. Jacob Hrost, of York, are attending the funeral of

Withholding Tax On All Payrolls Starts On Thursday

\$500 MILLION DEDUCTIONS A MONTH FOR U.S.

Washington, June 30 (AP)—After tonight, Uncle Sam will take a personal interest in your pay check. A chunk of it you'll never see comes out at the source for income taxes.

Under the new system devised by Congress to keep people as nearly abreast of their annual taxes as possible, officials estimated that employers will deduct about \$500,000,000 a month from the pay envelopes of their employees.

The checkoff will be at the rate of 20 per cent of all earnings over personal exemptions, which are \$12 a week for single persons, \$24 a week for married persons and \$6 additional per week for dependents.

First July Payroll

The tax starts with the first payroll period after today. However, millions of wage earners will not be affected until later this month. For instance, persons paid by the calendar week, won't start missing the withholding tax until next week, because the current week started before July 1—effective date of the pay-as-you-go legislation.

The Treasury said it appeared the new plan would start off smoothly, mostly because of familiarity with similar but smaller deductions for victory tax which have been in effect all year. The new system includes both victory and income taxes.

Official regulations released today authorizes employers, in figuring the deduction, to disregard the odd cents on paychecks. Thus, a \$35.27 check can be counted as \$35.20 for convenience in applying the deduction formula.

To Skip Angles

The Treasury also told bosses to skip the withholding angles on expense account payments to employees, but advised them to count in any pay other than money which customarily is part of the remuneration. Thus, if an employee is paid \$25 a week and furnished meals, the meals are also subject to the tax. The regulation suggested, however, that the Treasury could not put sandwiches in the bank and employers would have to figure the meals on a cash value based on either actual cost or market value. The same goes for employees who pay their employees partly in stocks or other securities.

Vacation pay, pensions as well as bonuses, also are subject to the act. Exempted from the withholding system are servicemen, domestic servants, clergymen, and farm labor.

Rome Subject TO AIR BLASTS

London, June 30 (AP)—Foreign Secretary Anthony Eden called upon Mussolini today "to accept the unconditional surrender offered to him," and said Britain has not and does not intend to approach Italy regarding the question of bombing Rome.

Addressing Commons, Eden declared "I think it would be in the interests of humanity if Signor Mussolini was to realize that the best thing he can do for his country is to accept the unconditional surrender terms offered to him."

Leaflets urging surrender have been dropped upon Italian cities by Allied planes in recent raids, and unconditional surrender was set at the Casablanca conference as the peace terms for the Axis.

Eden told the cheering house that "we would not hesitate to bomb Rome to the best of our ability and as heavily as possible if the course of the war should render such an action convenient and helpful."

Camden Girl Is Now Mrs. Churchill

Camden, N. J., June 30 (AP)—One of the Windsor family had a new name today—Mrs. Winston Churchill.

Seventeen-year-old Ann Windsor, the bride, said it was "just coincidence" that her name is the same as that of the British royal family.

But the bridegroom, Pvt. Winston Churchill, 19, of Camp Forrest, California, said his name derived from his parents' longtime admiration for the British prime minister.

Mrs. Herbst's brother, Melchior Sachs, S. E. Hershey, of Greensburg, and Willis Hershey, of Chicago, attended the funeral of their sister, Mrs. S. M. Wiser.

Mr. and Mrs. L. E. Entenrie, of Ashland announce the birth of a son.

Mr. and Mrs. Paul Cestna, of Baltimore street announce the birth of a son Sunday.

Mrs. H. B. Bender, Mrs. J. M. Blocher, Mrs. Ruth Bender, Milton Bender, Huber Blocher, and Trent Robertson, returned from a motor trip of several days to Washington.

Dr. J. H. Ashworth and family are spending some weeks in Virginia and Kentucky before leaving for their new home in Ohio.

Flashes of Life

JAIL HOUSE DILEMMA

Indianapolis (AP)—A man released from city prison carried away the keys to the cells.

The "keyless turnkey" tore his hair—he couldn't let anyone in or out of the cell blocks. Police headquarters was searched in vain. Later, downtown, Patrolman James Graham was hailed by a military policeman who had a man in tow. Said the MP:

"This man has a lot of keys that he doesn't know what to do with." Graham recognized the errant keys and returned them.

GOOD OLD DAYS

Boston (AP)—To persons who feel a bit short on the necessities and luxuries of life, the Boston OPA office today offered this consolation:

"Our ancestors got along without sugar until the 13th century, without coal until the 14th, century, without buttered bread until the 15th, without potatoes until the 16th, without coffee until the 17th, without matches until the 18th and without gasoline until the 19th."

UP-TO-DATE

Fort Benning, Ga. (AP)—Fort Benning's paratroopers have a real Geronimo to yell for now when they hit the silk. He is Pvt. Peter Geronimo of New York.

The booted battlers cry "Geronimo" the name of the Indian chief of frontier days each time they bail out.

BOOSTERS

Parsons, Kas. (AP)—Boys 9 to 12 have organized a "foey to firecrackers" club and will spend all their July 4 cash in war stamps.

East Berlin

East Berlin—Mrs. Bert Stambaugh, who has been seriously ill, is reported improved.

William and Arthur Stambaugh, Harrisburg, visited their brother-in-law and sister, Mr. and Mrs. J. Harry Sinner.

Honor students at the East Berlin high school include: Julia Dickey, Loretta Chronister, Janet Hoffman, Dorothy Leathery, Ruth Zeigler, George Jacobs, Bernice Bille, Ruthanna Baker, Mary Chubb, Geneva Cooley, Grace King, Florence Spahr, Charles Anderson, Richard Mummert, Mary Myers, Marian L. Phillips, Grace Altland, Evelyn Bushey, Grace Ebersole, Julia G. Glatfelter, Mary R. Jacobs, Grace King, S. Jean March, Helen L. Mummert, Arlene Myers, Ruth Myers, Rita Pierce, Jeanne L. Resser, Ruthanna Wonders, William Anthony, William Robinson, Carl I. Sinner, Elvin Stambaugh, Wilson Straightlight, Jay Zeigler, Rena Myers, Earl Myers, Charles Smith, Lloyd Jacobs, Charles Lighty, Roger Witter, Patricia Harner, Marian Hoopes, Catherine Inskip and Doris Kinter.

The Daily Vacation Bible school, which was conducted this summer for the second year at the local high school building, closed on Friday. More than 100 children were enrolled. The teachers and pupils presented a program depicting their Bible school activities on Friday evening at the high school auditorium. The Rev. Richard E. Shaffer was dean of the school, and the Rev. Snyder Alleman, dean of curriculum.

Mrs. Ralph G. Jacobs, Bangor, is visiting her parents, Mr. and Mrs. Philip W. Hodgson, where her sister, Mrs. Harold Spangler, with her infant son, Leslie, are making their home during the Army service of Private Spangler, who is stationed in Alabama.

Mr. and Mrs. Nevin Decker have had as their house guest this week Mrs. Decker's niece, Miss Katherine Markey of Chambersburg.

Janice Mummert, Portsmouth, Virginia, who with her mother, Mrs. Jacob Mummert, is visiting Mr. and Mrs. Roy H. Mummert and family, was severely cut on her foot during the week when she accidentally stepped on a tin can.

Miss Lois Jane Rider, a recent graduate of the East Berlin high school, has accepted a position at Wildwood, New Jersey.

Mr. and Mrs. Harry Fleming, Prospect Park, near Philadelphia visited Mr. and Mrs. Augustine J. Tierney this week.

Mr. and Mrs. Harry E. Serff have learned that their son, Fred H. Serff, has left for military service.

Mr. and Mrs. Harry Hawk, Harrisburg, were guests this week at the home of Mr. and Mrs. George L. Shetter and family.

Miss Anna K. Hull, teacher at the public school in Thomasville, is employed in Atlantic City for the summer.

Mr. and Mrs. Joseph Weaver and son, Billy, of York, were guests during the week-end of Mrs. Weaver's parents, Mr. and Mrs. William Shultz.

Wayne Reid, who suffered serious internal injuries some weeks ago while at work in York is now able to be about.

Sgt. Laverne C. Wrights, son of Mr. and Mrs. Claude Wrights, who has been on furlough here after a three-and-one-half years' service with the Army in Hawaii, has left for Virginia where he has been transferred.

Clergyman Will Make Test Case Of OPA Summons

The Rev. Fletcher D. Parker, Congregational clergyman, loads a washing machine into the trunk of his automobile prior to setting out on a 140-mile trip to his Sunapee, N. H., summer home and Victory Garden from his home in Hartford, Conn., despite a warning that he would be served with an OPA summons if he started the trip. A block from his home he was served with a summons to an OPA hearing in Hartford, July 2. Rev. Parker says it will be a "test case" and not a personal issue.

BRYSONIANS BUILD POOL

Bysonia is going to have a swimming pool, if about 20 men in the area have anything to do about it.

A group of young and older men hope to complete in the near future a 33 by 33-foot pool, seven feet deep, to be fed by a spring near the north end of the town and to be used by anyone that wishes as the home-town swimming pool.

The pool was in operation up to a year ago after members of a state highway department construction crew, seeking ground to be used for the road leading through Brysonia, dug, with a steam shovel, a hole near the road. The hole filled rapidly with water from the spring and the place was used for a number of years as a swimming hole for the youngsters and oldsters of the town.

Are Excavating

Last year the walls of the hole crumbled in and the place became impossible for swimming.

This spring the people of Brysonia have been digging every spare minute in the mud bottom pond. So far they have opened it nearly seven feet in depth. When the excavation is completed concrete will be poured and the community will have a perfect swimming hole filled with fresh spring water.

The spring provides water so copiously that most of the houses of the town have piped the water in for all purposes.

Hampton

Hampton—Mrs. Mellie M. Myers and Charles Albright, Hanover, were Saturday supper guests of the former's son and daughter-in-law, Mr. and Mrs. D. E. Myers.

Guy Shelleman, Readville, spent the week-end with his family here. Ray Luff, Readville, spent the week-end at the Charles Leese home.

Junior Decker has returned to his home after spending a few days with his sisters in Hanover.

Born Friday to Mr. and Mrs. Robert Megonnell, Jr., a 10 pound daughter.

Mr. and Mrs. Julius Schimmel were called to Baltimore last week due to the illness and death of the former's father, David Schimmel.

Accused Of Dumping Sewage Into Rivers

Philadelphia, June 30 (AP)—The city of Philadelphia, which with other eastern Pennsylvania communities has reinstituted a 47-year-old suit to restrain anthracite mines from dumping silt into the Schuylkill river, stood accused today of being responsible itself for "pollution" of the river.

Robert V. White, president of the Lehigh Coal and Navigation Co., one of the 15 defendants, charged in an answer filed in Pennsylvania Supreme court that the city "for many years discharged into the Schuylkill and Delaware rivers enormous quantities of raw and un-

His brother, Sgt. Clair Wrights, is recuperating in a hospital from a severe leg wound sustained on duty in the Pacific

Scouts To Exhibit Efforts At Camp

Arendtsville's 18 Boy Scouts are going to show their parents and friends just what Scouts can do in the line of camping July 3, and are planning to stage their demonstration in the nature of a Fourth of July celebration for the town.

The Scouts, under the direction of Scoutmaster Luther Lady, recently spent a week at a York-Adams area Boy Scout camp and everything they learned there will be displayed at the camp, to be set up in the south part of town, while the scouts hold "open house" for the community.

Although it has its own Parliament, Northern Ireland is politically a part of the United Kingdom.

County Dealers Are Short Of Coal

Coal dealers in upper Adams county are finding it as difficult to obtain coal as those in other sections of the county, although some have been more fortunate than others.

One coal dealer said he had received one carload of coal instead of the 15 he ordered. Others said they could not obtain any coal whatsoever and have received no word as to when the coal they have ordered might be obtainable.

BUS STRIKE ENDS

McKeesport, Pa., June 30 (AP)—A six-day-old strike of 21 bus drivers of the Penn. Transit company at Greensburg ended Monday night and threatened walkout of other bus drivers of the company at McKeesport and Leetsdale was averted at a seven-hour conference.

All navigable air about 17,000 feet altitude is now reserved in the U. S. for military traffic.

Mexico City is less than 7 hours flying time from Washington.

MEN OF ASPERS SERVE DOUBLE SHIFTS IN WAR

The Aspers Fire company is doing double duty these wartime days, with the men who answer the alarms also taking on the duties of wardens, police and other civilian defense workers.

Every member of the civilian defense unit under the direction of Chairman Charles H. Gulden is also a member of the fire company.

W. Earl Gulden is chief air raid warden while Clyde A. Plank is first assistant chief air raid warden. Air raid wardens for the community include William W. Wright, C. Glenn Taylor, Arthur R. Hoffman and Roy Unger.

Alfred Fidler and Robert N. Eisenhart are fire wardens and J. J. Rex is chief of the Auxiliary police. Included among the auxiliary police are T. F. Wright, A. B. Dardorff, Harry Lower, Charles Peters and Donald C. Gulden.

Auxiliary Firemen

Clyde A. McCauslin heads the First Aid unit which includes Anice Koontz and Keller Lupp.

All of the auxiliary firemen are fire company members in real life and include Cecil W. Bean as chief, Albert F. Hoffman, C. P. Asper, Robert L. Walter, Clair Dull, Chester J. Baugher, Oscar Baugher, Harry E. Marks, Harry Naylor, Harry C. Gulden, D. C. Asper, Oscar Riley, Myron Brough, H. Earl Pitzer, L. A. Burner, George L. Baugher, Isaac Ripley, Earl Walter, Roy Rice, Robert Dardorff, J. H. MacBeth and Harry Pitzer.

REJECTEE SUICIDES

Clymer, N. Y., June 30 (AP)—Despondency over his release from the Army was blamed by Chautauqua County Coroner William B. Crandall for the suicide of David Begelow Bemis, 26, of near Corry, Pa. Bemis was found hanged in a barn on a farm near here yesterday, where he had worked since being given an honorable discharge.

KEEP COOL About "Shortages"
You Can Make Your Other Clothes Last Longer by Wearing GENUINE PALM BEACH IS 22% COOLER \$19.50

You'll find there's no shortage of cool comfort in our genuine Palm Beach suits! In tests, they average 22% cooler than any others! Comfort's not all—remember a long-wearing, good-looking Palm Beach saves wear on your woolen suits. And they're so sturdy, an average Palm Beach is good for 3 or 4 years. Switch to Palm Beach for summer wear on your wartime job—see us for hard-to-soil dark tones for work; and lighter shades to relax in.

The unusual event was arranged to naturalize 255 aliens who were in the Tank Corps. Between 140 and 150 subjects of Great Britain appeared in a body.

Gettysburg Men for Farm Work: George M. Rice, the director of farm labor in the county, announces that the following from Gettysburg will devote at least one day a week to farm work:

C. W. Gardner, John M. Blocher, W. D. Sheely, J. Donald Swope, Harry Roth, Arthur Roth, H. F. Hershey, William F. Sunday, G. Allen Yohe, N. J. King, Leo Bushman, Raymond Shank, Glen Gardner, D. P. McPherson, Huber Blocher, S. Miley Miller, G. L. Williams, C. Edwin Swisher, J. Allen Dickson, Raymond F. Topper, W. A. Taughnbaugh, P. W. Stallsmith and force, George C. Fissel, Allen Holtzworth, J. A. Holtzworth, Harry E. Bum-baugh, John D. Keith, J. Paxton Bigham and force, Rev. Paul R. Pontius, Milton Bender, James Culp.

Sendersville had these volunteers: Harry M. Snyder, W. H. Knouse, H. L. Fair, John C. Cullings, Peter Beamer, Harold Wierman, Elias Peters, John C. Starnier, Francis Beamer.

Boy Breaks Arm: Frank Pitzer, one of the messenger boys of the Western Union, sustained a broken arm Monday afternoon when he fell from his bicycle while working between camp and town. The forearm is broken in two places. The lad is a son of Levi Pitzer, of Steinwehr avenue.

To Entertain Boys: Sandy McGregor, of Pittsburgh, who is known as the American Harry Lauder, is spending several days here where he is talking before the soldiers at Camp Colt.

Beef Rulings: County Food Administrator Markley announces that, effective immediately, the following regulations will govern the service of beef in all hotels, restaurants and public eating places.

"Roast beef, whether hot or cold, should be served only on Monday at the midday meal; stewed, boiled, or beef hash on Wednesday and Saturday at the midday meal; steaks in any form, including hamburger steak, on Thursday only at midday meal."

Many Cars Go Through: On Monday morning a train of fifty light Dodge cars and a number of Cadillac touring cars, all painted with the Army color and bound for an Atlantic port, passed through here. Saturday a similar procession came over this route.

Adams-Houck: Miss Margaret Houck, daughter of Mr. and Mrs. Charles Houck, of Biglerville, and Corporal John Albert Adams, of Harrisburg, were married at eight o'clock Thursday evening in Bethel church, Spartansburg, South Carolina.

Americans Are Sent to Italy: Washington, June 28—A regiment of troops in General Pershing's expeditionary forces has been ordered to Italy, probably as an advance guard of additional forces to be sent later, to complete the unit on that front of Italy, British, French and American troops.

Has Broken Hip: Further examination made at the Harrisburg hospital of the injuries received by Harvey O. Geyer in the Gettysburg railroad yards Monday afternoon, showed that one of his legs was broken near the hip joint. He will be a patient at the hospital for some time.

Repairing Square: The borough highway force started this morning to fix the roadway in Centre Square. Deep ruts in the traveled part have made dangerous going for automobiles and at the corners there have been holes which threatened to break springs. The usual method of repairing with small stones and a tarvia binder is being used.

Racing Matinee: An interesting matinee was staged at the driving track west of town Saturday afternoon. Frank Hersh's J. R. L. won first in Class A, and G. S. Weaver's Brandt Hale took the Class B race.

In the free-for-all, in which a \$75 purse had been offered, Eddie C., owned by H. O. Smith, took first, Oyler and Spangler took second with Rubrican, Jr., and E. Eckenrode third with Joe Promise.

Personal: Fred Faber, of Chambersburg street, has gone to Wilmington, Delaware, where he will be employed as a chemist.

Captain and Mrs. J. B. Duckstad announce the birth of a son.

Mr. and Mrs. Jacob Herbst, of York, are attending the funeral of

Withholding Tax On All Payrolls Starts On Thursday

\$500 MILLION DEDUCTIONS A MONTH FOR U.S.

Washington, June 30 (AP)—After tonight, Uncle Sam will take a personal interest in your pay check. A chunk of it you'll never see comes out at the source for income taxes.

Under the new system devised by Congress to keep people as nearly abreast of their annual taxes as possible, officials estimated that employers will deduct about \$500,000,000 a month from the pay envelopes of their employees.

The checkoff will be at the rate of 20 per cent of all earnings over personal exemptions, which are \$12 a week for single persons, \$24 a week for married persons and \$6 additional per week for dependents.

First July Payroll

The tax starts with the first payroll period after today. However, millions of wage earners will not be affected until later this month. For instance, persons paid by the calendar week, won't start missing the withholding tax until next week, because the current week started before July 1—effective date of the pay-as-you-go legislation.

The Treasury said it appeared the new plan would start off smoothly, mostly because of familiarity with similar but smaller deductions for victory tax which have been in effect all year. The new system includes both victory and income taxes.

Official regulations released today authorizes employers, in figuring the deduction, to disregard the odd cents on paychecks. Thus, a \$35.27 check can be counted as \$35.20 for convenience in applying the deduction formula.

To Skip Angles

The Treasury also told bosses to skip the withholding angles on expense account payments to employees, but advised them to count in any pay other than money which customarily is part of the remuneration. Thus, if an employee is paid \$25 a week and furnished meals, the meals are also subject to the tax.

The regulation suggested, however, that the Treasury could not put sandwiches in the bank and employers would have to figure the meals on a cash value based on either actual cost or market value. The same goes for employers who pay their employees partly in stocks or other securities.

Vacation pay, pensions as well as bonuses, also are subject to the act. Exempted from the withholding system are servicemen, domestic servants, clergymen, and farm labor.

ROME SUBJECT TO AIR BLASTS

London, June 30 (AP)—Foreign Secretary Anthony Eden called upon Mussolini today "to accept the unconditional surrender offered to him," and said Britain has not and does not intend to approach Italy regarding the question of bombing Rome.

Addressing Commons, Eden declared "I think it would be in the interests of humanity if Signor Mussolini was to realize that the best thing he can do for his country is to accept the unconditional surrender terms offered to him."

Leaflets urging surrender have been dropped upon Italian cities by Allied planes in recent raids, and unconditional surrender was set at the Casablanca conference as the peace terms for the Axis.

Eden told the cheering house that "we would not hesitate to bomb Rome to the best of our ability and as heavily as possible if the course of the war should render such an action convenient and helpful."

Camden Girl Is Now Mrs. Churchill

Camden, N. J., June 30 (AP)—One of the Windsor family had a new name today—Mrs. Winston Churchill.

Seventeen-year-old Ann Windsor, the bride, said it was "just coincidence" that her name is the same as that of the British royal family.

But the bridegroom, Pvt. Winston Churchill, 19, of Camp Forrest, California, said his name derived from his parents' longtime admiration for the British prime minister.

Mrs. Herbst's brother, Melchior Sachs.

S. E. Hershey, of Greensburg, and Willis Hershey, of Chicago, attended the funeral of their sister, Mrs. S. M. Wisler.

Mr. and Mrs. L. E. Enterline, of Ashland, announce the birth of a son.

Mr. and Mrs. Paul Cessna, of Baltimore street, announce the birth of a son Sunday.

Mrs. H. B. Bender, Mrs. J. M. Blocher, Miss Ruth Bender, Milton Bender, Huber Blocher, and Lieut. Robinett have returned from a motor trip of several days to Washington.

Dr. J. H. Ashworth and family are spending some weeks in Virginia and Kentucky before leaving for their new home in Ohio.

Flashes of Life

JAIL HOUSE DILEMMA

Indianapolis (AP)—A man released from city prison carried away the keys to the cells.

The "keyless turnkey" tore his hair—he couldn't let anyone in or out of the cell blocks. Police headquarters was searched in vain. Later, downtown, Patrolman James Graham was hailed by a military policeman who had a man in tow. Said the MP:

"This man has a lot of keys that he doesn't know what to do with."

Graham recognized the errant keys and returned them.

GOOD OLD DAYS

Boston (AP)—To persons who feel a bit short on the necessities and luxuries of life, the Boston OPA office today offered this consolation:

"Our ancestors got along without sugar until the 13th century, without coal until the 14th century, without buttered bread until the 15th, without potatoes until the 16th, without coffee until the 17th, without matches until the 18th and without gasoline until the 19th."

UP-TO-DATE

Fort Benning, Ga. (AP)—Fort Benning's paratroopers have a real Geronimo to yell for now when they hit the silk. He is Pvt. Peter Geronimo of New York.

The booted battlers cry "Geronimo" the name of the Indian chief of frontier days each time they bail out.

BOOSTERS

Parsons, Kas. (AP)—Boys 9 to 12 have organized a "foe to fire-crackers" club and will spend all their July 4 cash in war stamps.

East Berlin

East Berlin—Mrs. Bert Stambaugh, who has been seriously ill, is reported improved.

William and Arthur Stambaugh, Harrisburg, visited their brother-in-law and sister, Mr. and Mrs. J. Harry Sinner.

Honor students at the East Berlin high school include: Julia Dickey, Loretta Chronister, Janet Hoffman, Dorothy Leathery, Ruth Zeigler, George Jacobs, Bernice Bilet, Genevieve Baker, Mary Chubb, Geneva Cooley, Grace King, Florence Spahr, Charles Anderson, Richard Mummert, Mary Myers, Marian L. Phillips, Grace Altland, Evelyn Bushey, Grace Ebersole, Julia G. Glatfelter, Mary R. Jacobs, Grace King, S. Jean March, Helen L. Mummert, Arlene Myers, Ruth Myers, Rita Pierce, Jeanne L. Resser, Ruthanna Wonders, William Anthony, William Robinson, Carl I. Sinner, Elvin Stambaugh, Wilson Streightliff, Jay Zeigler, Rena Myers, Earl Myers, Charles Smith, Lloyd Jacobs, Charles Lighty, Roger Witter, Patricia Harner, Marian Hoopes, Catherine Inskip and Doris Kinter.

The Daily Vacation Bible school, which was conducted this summer for the second year at the local high school building, closed on Friday. More than 100 children were enrolled. The teachers and pupils presented a program depicting their Bible school activities on Friday evening at the high school auditorium. The Rev. Richard E. Shaffer was dean of the school, and the Rev. Snyder Alleman, dean of curriculum.

Mrs. Ralph G. Jacobs, Bangor, is visiting her parents, Mr. and Mrs. Philip W. Hodgson, where her sister, Mrs. Harold Spangler, with her infant son, Leslie, are making their home during the Army service of Private Spangler, who is stationed in Alabama.

Mr. and Mrs. Nevin Decker have had as their house guest this week Mrs. Decker's niece, Miss Katherine Markey of Chambersburg.

Janice Mummert, Portsmouth, Virginia, who with her mother, Mrs. Jacob Mummert, is visiting Mr. and Mrs. Roy H. Mummert and family, was severely cut on her foot during the week when she accidentally stepped on a tin can.

Miss Lois Jane Rider, a recent graduate of the East Berlin high school, has accepted a position at Wildwood, New Jersey.

Mr. and Mrs. Harry Fleming, Prospect Park, near Philadelphia visited Mr. and Mrs. Augustine J. Tierney this week.

Mr. and Mrs. Harry E. Serff have learned that their son, Fred H. Serff, has left for military service.

Mr. and Mrs. Harry Hawk, Harrisburg, were guests this week at the home of Mr. and Mrs. George L. Shetter and family.

Miss Anna K. Hull, teacher at the public school in Thomasville, is employed in Atlantic City for the summer.

Mr. and Mrs. Joseph Weaver and son, Billy, of York, were guests during the week-end of Mrs. Weaver's parents, Mr. and Mrs. William Shultz.

Wayne Reid, who suffered serious internal injuries some weeks ago while at work in York is now able to be about.

Sgt. Lavere C. Wrights, son of Mr. and Mrs. Claude Wrights, who has been on furlough here after a three-and-one-half years' service with the Army in Hawaii, has left for Virginia where he has been transferred.

BRYSONIANS BUILD POOL

Bysonia is going to have a swimming pool, if about 20 men in the area have anything to do about it.

A group of young and older men hope to complete in the near future a 33 by 33-foot pool, seven feet deep, to be fed by a spring near the north end of the town and to be used by anyone that wishes as the hometown swimming pool.

The pool was in operation up to a year ago after members of a state highway department construction crew, seeking ground to be used for the road leading through Brysonia dig, with a steam shovel, a hole near the road. The hole filled rapidly with water from the spring and the place was used for a number of years as a swimming hole for the youngsters and oldsters of the town.

Are Excavating

Last year the walls of the hole crumbled in and the place became impossible for swimming.

This spring the people of Brysonia have been digging every spare minute in the mud bottom pond. So far they have opened it nearly seven feet in depth. When the excavation is completed concrete will be poured and the community will have a perfect swimming hole filled with fresh spring water.

The spring provides water so copiously that most of the houses of the town have piped the water in for all purposes.

Hampton

Hampton—Mrs. Mellie M. Myers and Charles Albright, Hanover, were Saturday supper guests of the former's son and daughter-in-law, Mr. and Mrs. D. E. Myers.

Guy Shelleman, Readville, spent the week-end with his family here. Ray Luff, Readville, spent the week-end at the Charles Leese home.

Junior Decker has returned to his home after spending a few days with his sisters in Hanover.

Born Friday to Mr. and Mrs. Robert Megonnell, Jr., a 10 pound daughter.

Mr. and Mrs. Julius Schimmel were called to Baltimore last week due to the illness and death of the former's father, David Schimmel.

Accused Of Dumping Sewage Into Rivers

Philadelphia, June 30 (AP)—The city of Philadelphia, which with other eastern Pennsylvania communities has reinstituted a 47-year-old suit to restrain anthracite mines from dumping silt into the Schuylkill river, stood accused today of being responsible itself for "pollution" of the river.

Robert V. White, president of the Lehigh Coal and Navigation Co., one of the 15 defendants, charged in an answer filed in Pennsylvania Supreme court that the city "for many years discharged into the Schuylkill and Delaware rivers enormous quantities of raw and un-

His brother, Sgt. Clair Wrights, is recuperating in a hospital from a severe leg wound sustained on duty in the Pacific.

Clergyman Will Make Test Case Of OPA Summons

The Rev. Fletcher D. Parker, Congregational clergyman, loads a washing machine into the trunk of his automobile prior to setting out on a 140-mile trip to his Sunapee, N. H., summer home and Victory Garden from his home in Hartford, Conn., despite a warning that he would be served with an OPA summons if he started the trip. A block from his home he was served with a summons to an OPA hearing in Hartford, July 2. Rev. Parker says it will be a "test case" and not a personal issue.

County Dealers Are Short Of Coal

Coal dealers in upper Adams county are finding it as difficult to obtain coal as those in other sections of the county, although some have been more fortunate than others.

One coal dealer said he had received one carload of coal instead of the 15 he ordered. Others said they could not obtain any coal whatsoever and have received no word as to when the coal they have ordered might be obtainable.

BUS STRIKE ENDS

McKeesport, Pa., June 30 (AP)—A six-day-old strike of 21 bus drivers of the Penn Transit company at Greensburg ended Monday night and threatened walkout of other bus drivers of the company at McKeesport and Leetsdale was averted at a seven-hour conference.

All navigable air about 17,000 feet altitude is now reserved in the U. S. for military traffic.

Mexico City is less than 7 hours flying time from Washington.

Scouts To Exhibit Efforts At Camp

Arendtsville's 18 Boy Scouts are going to show their parents and friends just what Scouts can do in the line of camping July 3, and are planning to stage their demonstration in the nature of a Fourth of July celebration for the town.

The Scouts, under the direction of Scoutmaster Luther Lady, recently spent a week at a York-Adams area Boy Scout camp and everything they learned there will be displayed at the camp, to be set up in the south part of town, while the scouts hold "open house" for the community.

Although it has its own Parliament, Northern Ireland is politically a part of the United Kingdom.

MEN OF ASPERS SERVE DOUBLE SHIFTS IN WAR

The Aspers Fire company is doing double duty these wartime days, with the men who answer the alarms also taking on the duties of wardens, police and other civilian defense workers.

Every member of the civilian defense unit under the direction of Chairman Charles H. Gulden is also a member of the fire company.

W. Earl Gulden is chief air raid warden while Clyde A. Plank is first assistant chief air raid warden. Air raid wardens for the community include William W. Wright, C. Glenn Taylor, Arthur R. Hoffman and Roy Unger.

Alfred Fidler and Robert N. Eisenhart are fire wardens and J. J. Rex is chief of the Auxiliary police. Included among the auxiliary police are T. F. Wright, A. B. Dear-dorff, Harry Lower, Charles Peters and Donald C. Gulden.

Auxiliary Firemen

Clyde A. McCauslin heads the First Aid unit which includes Anice Koontz and Keller Lupp.

All of the auxiliary firemen are fire company members in real life and include Cecil W. Bean as chief, Albert F. Hoffman, C. F. Asper, Robert L. Walter, Clair Dull, Chester J. Baugher, Oscar Baugher, Harry E. Marks, Harry Naylor, Harry C. Gulden, D. C. Asper, Oscar Riley, Myron Brough, H. Earl Pitzer, L. A. Burtner, George L. Baugher, Isaac Ripley, Earl Walter, Roy Rice, Robert Deardorff J. H. Mac-Beth and Harry Pitzer.

REJECTEE SUICIDES

Clymer, N. Y., June 30 (AP)—Despondency over his release from the Army was blamed by Chautauqua County Coroner William B. Crandall for the suicide of David Bege-low Bemis, 26, of near Corry, Pa. Bemis was found hanged in a barn on a farm near here yesterday, where he had worked since being given an honorable discharge.

Men And Women Volunteers Travel Many Miles To Serve As Plane Spotters

BIGLERVILLE AREA STATION WELL STAFFED

A few minutes walk from home to spotter station and a two-hour period of service once a week at the observation post is enough for most people, but there is a large contingent of spotters at the Biglerville post who come from as far away as Bendersville and McKnightstown to stand their trick as watchers for airplanes that may be flying over the Biglerville area.

When a carload of observers arrive at the spotter post from Aspers it will contain C. Glenn Taylor, William M. Wright, R. S. W. Mann, all of whom serve as spotters from Bendersville come Mr. and Mrs. George Routsong, Mr. and Mrs. George Shriver, Dale Crum, Mrs. Dorothy Clark and Ethel Beamer who divide watches between them. Coming over from McKnightstown are H. R. Baltzley, Fred Swisher and Mr. and Mrs. Clarence Deardorff who serve on alternate weeks.

Alternate Observers

Mr. and Mrs. Henry Lower come from Guernsey. Mr. and Mrs. Harry Rouzer formerly Guernsey, used to be regular spotters before they moved to North Carolina. Mr. and Mrs. John Wilson show up one week and Mr. and Mrs. William Wilson the next to take care of Quaker Valley's contribution to the spotter post. Lloyd Garretson comes in from Biglerville R. D. and Emory Fissel comes from Beecherstown Grace B. Blair is another regular spotter from Quaker Valley and Mrs. Margaret Bream comes in from the farm at Biglerville R. D.

Emergency Squads

While the spotters at the post are constantly on the watch a special emergency squad stands by to man the post in the event of air raid alarms in order to release wardens for active civilian defense duty. Among the members of the night emergency squad, according to the Rev. H. S. Sternat, head of the post, are Rowe Martin, Paul Diehl, John Crawford, Charles E. Rouzer, the Rev. Mr. Sternat and the particular officer of the day on which the raid occurs.

The day emergency squad includes

Arendtsville Fire Chief

E. D. Bushman, chief of the Arendtsville fire company and president of the Adams County Firemen's association, is active in many community affairs in the Arendtsville area.

Bendersville Plans New Baseball Field

Members of the Bendersville fire company, who recently completed paying off all debts on equipment and building, can be counted in on post-war planning, members of the company said.

While other post-war planners are thinking of world affairs, the Bendersville firemen are content to lay plans for an outstanding baseball diamond, which members claim will be one of the best in Adams county, to replace the ball diamond that was lost several years ago when the school property on which it was constructed was sold.

MEDICAL FURLOUGH

Private Ray Shindeldecker, Camp Crowder, Missouri, is spending a two months' medical furlough at his home in Fairfield.

John Roy Diehl, Sr., George Slaybaugh, Leslie Stock and the officer of the day

ARENDSVILLE HAS "SPRAYER" TO FIGHT FIRES

While the Arendtsville firemen hope they never have such a tremendously large fire in their neighborhood that additional fire companies will have to be called in, the firemen can promise that if such a fire occurs the visitors will see in operation one of the most unusual pieces of fire equipment in the county.

In addition to the fire company's pumper there will be in operation a large sprayer owned by the Arendtsville Laboratories converted for the moment from its usual occupation of spraying chemicals on fruit trees to spraying water on flames.

The sprayer is housed at the engine house and the laboratory officials have given the firemen full permission to use the piece of equipment whenever necessary. While firemen could make no estimates as to how great a stream of water would be thrown by the sprayer they estimated that it would throw nearly as much as some of the smaller pumps.

Instruct New Men

Many fire companies have been finding it necessary to secure new men to man the equipment and have started schools to instruct the new firemen in their duties in order to replace men called to the service or who have been unable to continue as firemen because of work in defense plants. Arendtsville, however, has not had any personnel problems so far.

The 140-man company, which includes members from as far away as Buchanan Valley and Munnasburg, has always had about 25 active members who man the truck and go regularly to the fires. Nine men have been called into service but they have been replaced.

Charles McDannell is president of the company; E. D. Bushman, chief; John A. Raffensperger, secretary, and Clyde A. Allison, treasurer.

Fairfield Plans Athletic Program

Fairfield high school will have some type of athletic competition this fall despite the fact that the Community Center building, home floor of the basketball team for the past several years, has been turned into a factory, according to Dr. Anson Hamme, principal of the school.

While the owner of the factory, L. E. Beaudin, is making every effort to secure permission from insurance authorities to make the basketball floor on the second floor of the community building available for continued use of the high school, Doctor Hamme has secured use of the former church hall used for some time by Fairfield high school teams.

As a result, he said today, either one, or both halls will be available for athletic competition.

COUNTY RATES FOREMOST IN AGRICULTURE

Although Adams county may well boast of a variety of enterprises, it is essentially and primarily an agricultural community well in the forefront in the value of fruits, production of apples, wheat and barley and the value of farm crops.

The population of the county approaches the 40,000 mark, all housed within the 528 square miles of territory to comprise the first county in the state.

A hasty survey of the compiled data on the county's agriculture production reveal that it is:

First in the value of fruit crops in the state.

First in Apples

Second in the production of peaches and cherries

Sixth in the value of fruit and field crops.

Sixth in the production of wheat and barley.

Fourteenth in the value of farm income with a total in excess of six million dollars.

There are more than 3,600 farms with a combined acreage in excess of 275,000 acres.

The value of farm land and buildings exceeds \$13,000,000.

These only partially illustrate the position of Adams county as an agricultural community.

That it does enjoy this enviable position and recognition is due, in a large measure, to the efficiency of the men who own, manage and operate the farms and orchards.

Oxygen is the commonest of all elements on earth.

FARM COURSE IS POSTPONED

Because they were needed in the fields, the 21 farmers who since January have been engaged in the study of farm machinery at Fairfield high school have postponed their course, which would have ended in July, until next fall. The final class of the summer was held Tuesday evening.

Floyd Carbaugh, teacher of the course, started the classes in farm machinery last January and the course would have continued until the third week in July. Two classes were held each week, starting at 8 p. m. and ending at 11 p. m. Attendance dwindled from 21 at the start to eight at the present time with even the eight saying the schools was taking too much time from their regular work on the farm. As a result the classes were suspended until the farmers would have time for the instruction.

The course was one of the out-of-school-youth courses being held in the county to train farmers in conservation work for the war effort. The course was taught partially at the high school and partially at Hiner's garage.

BIGLER RAID POLICE READY FOR EMERGENCY

One of the hardest working groups in civilian defense are the auxiliary police, Sewell E. Kapp, chief of the Biglerville auxiliary police, declares.

Most of his men have received basic training as civilian defense policemen and all have been on the job whenever and air raid test is held. One member of the force, John Deardorff, was called into army service but his place has been filled by another volunteer.

"The most fortunate thing about the work of the policemen so far," Chief Kapp explains, "is that they have never had to do what the force actually was set up to do, and I hope the men never have to carry out that portion of their duties which calls for them to arrest willful violators of the civilian defense regulations. In all cases in which the men were called in they have found that a misunderstanding has been the cause of the violation."

Each member of the force has a definite post to which he reports. Charles Raffensperger and E. L. Bowers take care of the lights of the town and then assume posts in the south end of town. W. K. Enck and James Sillik are in charge in the west end of town while Charles Pensyl handles High street. R. C. Walter and Robert Hartman are on duty at the square. Paul Guise and Harold Smallwood handle the north end of town and Ralph and Peter Shetter are in the east end of Biglerville. F. Bream and Mr. Inskip work along Fourth street in the south end and Clair Shillito and Ralph Stoner are emergency men.

There are other duties which the policemen have been training for. Mr. Kapp points out, such as roping off bombed areas, handling mobs and assisting wardens in the rescue of people from bombed areas but "we'd rather have nothing to do except stop cars at the end of town," he points out, "and I think the people of the town hope the same thing."

SHOE FIRM AT FAIRFIELD BUSY

Adams county's newest industry, the L. E. Beaudin Shoe Company at Fairfield has started production of 300 pairs of shoes per day with 18 full-time employees already secured and three or four being added each day.

The company, located in the basement of the Fairfield community hall, which it eventually hopes to completely fill with workers and equipment, plans to end hiring for the present when it reaches 50 employees.

The product is an unrationed play shoe, and L. E. Beaudin, manager and owner of the company, plans to increase production as the demand increases.

Machinery and other equipment for the factory was installed during the last six weeks. The plant was secured for Fairfield through the efforts of the Fairfield Chamber of Commerce. The basement of the community building where the plant

Will You Help To

Pick Cherries?

Picking Starts Thurs., July 1st

An Emergency Exists

If the Cherry crop of Adams County is to be properly harvested it must be done by men, women and young people who usually do not attempt work of this sort.

In view of these circumstances we have adopted an emergency policy to facilitate work. The bonus system will be discontinued in our orchard for this year and a high rate paid for each day's picking.

High Picking Rate

Thirty cents per ten quart bucket.

This is exactly double that offered last season and should enable inexperienced pickers to make a reasonable wage.

In spite of unfavorable reports to the contrary there is a fair crop and decent picking in most orchards.

Transportation Furnished

Our trucks will pick up Gettysburg pickers at the Court House twice daily, 6 to 6:30 a. m. and 12 noon starting, July 1st.

Early morning is best to pick cherries. Some of the youngsters and other inexperienced pickers will wish to pick only half a day and return at noon.

If demand warrants, pick ups will be made in other communities.

Men And Women Volunteers Travel Many Miles To Serve As Plane Spotters

BIGLERVILLE AREA STATION WELL STAFFED

A few minutes walk from home to spotter station and a two-hour period of service once a week at the observation post is enough for most people, but there is a large contingent of spotters at the Biglerville post who come from as far away as Bendersville and McKnightstown to stand their trick as watchers for airplanes that may be flying over the Biglerville area.

When a carload of observers arrive at the spotter post from Aspers it will contain C. Glenn Taylor, William M. Wright, R. S. W. Mann, all of whom serve as spotters. From Bendersville come Mr. and Mrs. George Routsong, Mr. and Mrs. George Shriver, Dale Crum, Mrs. Dorothy Clark and Ethel Beamer who divide watches between them. Coming over from McKnightstown are H. R. Baltzley, Fred Swisher and Mr. and Mrs. Clarence Deardorff who serve on alternate weeks.

Alternate Observers

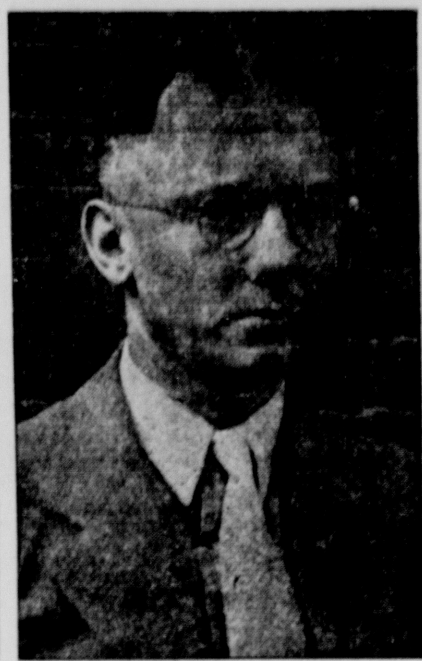

Mr. and Mrs. Henry Lower come from Guernsey. Mr. and Mrs. Harry Rouzer, formerly Guernsey, used to be regular spotters before they moved to North Carolina. Mr. and Mrs. John Wilson show up one week and Mr. and Mrs. William Wilson the next to take care of Quaker Valley's contribution to the spotter post. Lloyd Garretson comes in from Biglerville. R. D. and Emory Fissel comes from Beecherstown. Grace B. Blair is another regular spotter from Quaker Valley and Mrs. Margaret Bream comes in from the farm at Biglerville. R. D.

Emergency Squads

While the spotters at the post are constantly on the watch a special emergency squad stands by to man the post in the event of air raid alarms in order to release wardens for active civilian defense duty. Among the members of the night emergency squad, according to the Rev. H. S. Sternat, head of the post, are Rowe Martin, Paul Diehl, John Crawford, Charles E. Rouzer, the Rev. Mr. Sternat and the particular officer of the day on which the raid occurs.

The day emergency squad includes

Arendtsville Fire Chief

E. D. Bushman, chief of the Arendtsville fire company and president of the Adams County Firemen's association, is active in many community affairs in the Arendtsville area.

Bendersville Plans New Baseball Field

Members of the Bendersville fire company, who recently completed paying off all debts on equipment and building, can be counted on in post-war planning, members of the company said.

While other post-war planners are thinking of world affairs, the Bendersville firemen are content to lay plans for an outstanding baseball diamond, which members claim will be one of the best in Adams county, to replace the ball diamond that was lost several years ago when the school property on which it was constructed was sold.

MEDICAL FURLOUGH

Private Ray Shindledecker, Camp Crowder, Missouri, is spending a two months' medical furlough at his home in Fairfield.

John Roy Diehl, Sr., George Slaybaugh, Leslie Stock and the officer of the day.

ARENDSVILLE HAS "SPRAYER" TO FIGHT FIRES

While the Arendtsville firemen hope they never have such a tremendously large fire in their neighborhood that additional fire companies will have to be called in, the firemen can promise that if such a fire occurs the visitors will see in operation one of the most unusual pieces of fire equipment in the county.

In addition to the fire company's pumper there will be in operation a large sprayer owned by the Arendtsville Laboratories converted for the moment from its usual occupation of spraying chemicals on fruit trees to spraying water on flames.

The sprayer is housed at the engine house and the laboratory officials have given the firemen full permission to use the piece of equipment whenever necessary. While firemen could make no estimates as to how great a stream of water would be thrown by the sprayer they estimated that it would throw nearly as much as some of the smaller pumps.

Instruct New Men

Many fire companies have been finding it necessary to secure new men to man the equipment and have started schools to instruct the new firemen in their duties in order to replace men called to the service or who have been unable to continue as firemen because of work in defense plants. Arendtsville, however, has not had any personnel problems so far.

The 140-man company, which includes members from as far away as Buchanan Valley and Mummaburg, has always had about 25 active members who man the truck and go regularly to the fires. Nine men have been called into service but they have been replaced.

Charles McDannell is president of the company; E. D. Bushman, chief; John A. Raffensperger, secretary, and Clyde A. Allison, treasurer.

FARM COURSE IS POSTPONED

Because they were needed in the fields, the 21 farmers who since January have been engaged in the study of farm machinery at Fairfield high school have postponed their course, which would have ended in July, until next fall. The final class of the summer was held Tuesday evening.

Floyd Carbaugh, teacher of the course, started the classes in farm machinery last January and the course would have continued until the third week in July. Two classes were held each week, starting at 8 p. m. and ending at 11 p. m.

Attendance dwindled from 21 at the start to eight at the present time with even the eight saying the schools was taking too much time from their regular work on the farm. As a result the classes were suspended until the farmers would have time for the instruction.

The course was one of the out-of-school-youth courses being held in the county to train farmers in conservation work for the war effort. The course was taught partially at the high school and partially at Hiner's garage.

China's history goes back to 2205 B.C.

Fairfield Plans Athletic Program

Fairfield high school will have some type of athletic competition this fall despite the fact that the Community Center building, home floor of the basketball team for the past several years, has been turned into a factory, according to Dr. Anson Hamme, principal of the school.

While the owner of the factory, L. E. Beaudin, is making every effort to secure permission from insurance authorities to make the basketball floor on the second floor of the community building available for continued use of the high school, Doctor Hamme has secured use of the former church hall used for some time by Fairfield high school teams.

As a result, he said today, either one, or both halls will be available for athletic competition.

COUNTY RATES FOREMOST IN AGRICULTURE

Although Adams county may well boast of a variety of enterprises, it is essentially and primarily an agricultural community well in the forefront in the value of fruits, production of apples, wheat and barley and the value of farm crops.

The population of the county approaches the 40,000 mark, all housed within the 528 square miles of territory to comprise the first county in the state.

A hasty survey of the compiled data on the county's agriculture production reveal that it is:

First in the value of fruit crops in the state.

First in Apples

First in the production of apples.

Second in the production of peaches and cherries.

Sixth in the value of fruit and field crops.

Sixth in the production of wheat and barley.

Fourteenth in the value of farm income with a total in excess of six million dollars.

There are more than 3,600 farms with a combined acreage in excess of 275,000 acres.

The value of farm land and buildings exceeds \$13,000,000.

These only partially illustrate the position of Adams county as an agricultural community.

That it does enjoy this enviable position and recognition is due, in a large measure, to the efficiency of the men who own, manage and operate the farms and orchards.

Oxygen is the commonest of all elements on earth.

BIGLER RAID POLICE READY FOR EMERGENCY

One of the hardest working groups in civilian defense are the auxiliary police. Sewell E. Kapp, chief of the Biglerville auxiliary police, declares.

Most of his men have received basic training as civilian defense policemen and all have been on the job whenever and air raid test is held. One member of the force, John Deardorff, was called into army service but his place has been filled by another volunteer.

"The most fortunate thing about the work of the policemen so far," Chief Kapp explains, "is that they have never had to do what the force actually was set up to do, and I hope the men never have to carry out that portion of their duties which calls for them to arrest willful violators of the civilian defense regulations. In all cases in which the men were called in they have found that a misunderstanding has been the cause of the violation."

Each member of the force has a definite post to which he reports. Charles Raffensperger and E. L. Bowers take care of the lights of the town and then assume posts in the south end of town. W. K. Enck and James Sillik are in charge in the west end of town while Charles Pensyl handles High street. R. C. Walter and Robert Hartman are on duty at the square. Paul Guise and Harold Smallwood handle the north end of town and Ralph and Peter Shetter are in the east end of Biglerville. P. Bream and Mr. Inskip work along Fourth street in the south end and Clair Shillito and Ralph Stoner are emergency men.

There are other duties which the policemen have been training for. Mr. Kapp points out, such as roping off bombed areas, handling mobs and assisting wardens in the rescue of people from bombed areas but "we'd rather have nothing to do except stop cars at the end of town," he points out, "and I think the people of the town hope the same thing."

SHOE REPAIRING IS MORE IMPORTANT THAN EVER BEFORE

SHOE FIRM AT FAIRFIELD BUSY

Adams county's newest industry, the L. E. Beaudin Shoe Company at Fairfield has started production of 300 pairs of shoes per day with 18 full-time employees already secured and three or four being added each day.

The company, located in the basement of the Fairfield community hall, which it eventually hopes to completely fill with workers and equipment, plans to end hiring for the present when it reaches 50 employees.

The product is an unrationed play shoe, and L. E. Beaudin, manager and owner of the company, plans to increase production as the demand increases.

Machinery and other equipment for the factory was installed during the last six weeks. The plant was secured for Fairfield through the efforts of the Fairfield Chamber of Commerce. The basement of the community building where the plant

Will You Help To

Pick Cherries?

Picking Starts Thurs., July 1st

An Emergency Exists

If the Cherry crop of Adams County is to be properly harvested it must be done by men, women and young people who usually do not attempt work of this sort.

In view of these circumstances we have adopted an emergency policy to facilitate work. The bonus system will be discontinued in our orchard for this year and a high rate paid for each day's picking.

High Picking Rate

Thirty cents per ten quart bucket.

This is exactly double that offered last season and should enable inexperienced pickers to make a reasonable wage.

In spite of unfavorable reports to the contrary there is a fair crop and decent picking in most orchards.

Transportation Furnished

Our trucks will pick up Gettysburg pickers at the Court House twice daily, 6 to 6:30 a. m. and 12 noon starting, July 1st.

Early morning is best to pick cherries. Some of the youngsters and other inexperienced pickers will wish to pick only half a day and return at noon.

If demand warrants, pick ups will be made in other communities.

Adams County Expected To Yield Bumper Crop Of Fine Tomatoes This Year

GROWERS GET FROM 5 TO 10 TONS AN ACRE

Adams county should have one of its best tomato crops in years declare some upper Adams county growers, who obtain from five to ten tons of tomatoes from each acre they have in cultivation.

The plants seem to be in better shape so far this year than previously and a large number of additional acres have been put into tomato production.

Most of the commercial tomato growers in the county work on a small scale in comparison to other crops, with the largest growers putting out no more than about ten acres and many top-ranking tomato producers using only from two to four acres.

12-Acre Patch

One new tomato patch in the upper county area is that of the Pitzer brothers, near Aspers, who has put out over 27,000 plants on the twelve acres he has devoted to tomato cultivation.

Some records of last year were being studied today to determine whether the growers can do better this season.

Amos Sheaffer, at Biglerville, secured 40 tons of tomatoes from four acres. Luther Lady, another Biglerville grower, produced ten tons from two and one-half acres, while Lloyd Keefer, at York Springs, is recorded as having produced 51 tons from five acres. Clair Taylor, at Biglerville, produced 35 tons on five and

Start Processing Of Raspberries

An expected shortened canning season—because of lack of fruit—began Monday at the C. H. Musselman company, Biglerville, when the regular crew at the plant began processing raspberries, either in jellies or as frozen pack.

The work on raspberries starts things rolling for the canning, one of the largest in the county.

The men expect to spend about two weeks working with raspberries.

Raspberries are delivered to the plant the same day they are picked, company officials said and are inspected and purchased by the pound.

While some growers have been bringing in good crops to the factory, it was stated, a number of regular growers have found their raspberries destroyed by the extremely dry weather.

HOME ON VACATION

Mr. and Mrs. LeRoy Sheads may be engaged in defense work in North Carolina, but when they have free time the home town of Fairfield calls them back. Mr. Sheads, former owner of the Fairfield garage, and his wife left town sometime ago to accept defense work positions. Now the couple is back in Fairfield to spend a three weeks' vacation.

a half acres and C. I. Guldin, at Gardners, obtained 13 tons from three acres. Park Letew, at York Springs, secured 40 tons from three acres.

However, the growers won't be too optimistic in their predictions. "Wait until about the middle of August," they say "and then we'll let you know how the crop turns out."

UPPER COUNTY AREA AROUSED TO WAR EFFORT

Given an even break, upper Adams county will make good on its promise to produce more food for victory, but the effort will tell on the area.

In a recent survey of the county it was learned that nearly every available acre of soil has been given over to intensive cultivation in an effort to produce food even from ground not used in many years for crops.

The survey also disclosed that nearly everyone in the area is engaged in one way or another in the war effort.

Merchants in the communities have closed their stores in afternoons, or left them in care of youngsters so that the older folks may help in the fields and factories.

"Battle For Food"

The number of upper countians engaged in the battle for food is equaled by the number who are engaged in the battle for production. Another contingent has left the farm and town to join the armed forces. Several hundred youths have gone to the armed forces from the area extending north and west of Gettysburg known as upper Adams county.

As a result the section, which normally employs a larger number of people to harvest its main crop, fruit, than are employed on farms in all other sections of the county, is being hard pressed to make a go of harvesting this year.

At the same time the growers have put additional acreage into beans, tomatoes and other crops and some have planted between trees in orchards in order to secure as much as is possible from the fertile soil.

First handicap of the growers and farmers, shortage of help, was aggravated this season by lack of spraying material and fertilizers caused by the war.

Omit Spraying

As a result some of the growers omitted some sprays where it was possible. Next year, however, those growers will have to go into the orchards with more sprays to combat pests that developed under the present lack of spraying.

To start the year off on the wrong foot, the spring weather proved too cold, wiping out a large portion of the cherry crop, and some of the apple and peach crop. The cherries that did develop, however, will be larger in most sections, growers state, because of the few cherries on the trees.

A few fortunate growers have found themselves with much better crops than their neighbors—a few even claiming they will get 70 per cent of their cherry crop, while others report they will get about 25 per cent.

Plant More Trees

Hundreds of trees have been added to already existing orchards to build for the future, with new plantings in many orchards far beyond the number needed to replace old trees.

Many smaller orchardists have already made arrangements with local youngsters between the ages of 11 and 16 to help in the harvest, but the larger canneries and orchards are still worried about manpower.

Tomato growers in the section

Biglerville's Industrial School To Graduate First Class Of Students In '44

School officials are waiting until next spring to determine finally the success of the industrial education program at Biglerville high school. At that time the first "official class" will be graduated from the school although present indications seem to be that the first class will prove the school a great success.

So far, most of the Biglerville school youths who took one or two years instruction since the industrial section was opened two years ago have secured positions in industries in this area. Many of the boys, about 20, have gone to Glenn L. Martin Co. at Baltimore and to the Fairchild plant at Hagerstown to help the nation build vitally needed airplanes.

While the class graduating next spring will be officially considered as having completed the full course, the first students to go through the entire six-year course will graduate four years from now when the youngsters who started in the seventh grade two years ago reach the end of their secondary school career.

The school was originally planned for one teacher but because of the response another teacher has been added to the staff. Edgar Benner instructs the youths in sheet metal work, machine shop studies, welding and forging, while Karl Orndorff teaches woodworking, carpentry, mechanical drawing and blue print work. One hundred and seventy-two boys took the course last year.

The course is compulsory for youngsters in the seventh, eighth and ninth grades while it is an elective major in the tenth, eleventh and twelfth grades.

Musselman Gift

The school has one of the largest industrial programs in the state and the 60 by 120-foot brick building was the gift to the school system from Mr. and Mrs. C. H. Musselman, Biglerville.

While most of the students of the industrial course have gone into industrial work the principal idea is to train them as better farmers. It was pointed out. Because of the increasing use of machinery by farmers, the modern farmer must have a much better knowledge of how to care for and handle equipment than ever before. The industrial training is designed for the most part to give that training to farm youths.

Folks Are Cheerful

People in the upper end of the county are cheerful about the whole thing, however, and refuse to be worried. While the fruit crop is fair, generally speaking, they say, the other crops are doing very nicely.

The growers this year found themselves using somewhat different varieties of sprays than usual, following a number of meetings to determine how best to arrange spray schedules in view of the shortage of chemicals.

The continuous fight against various pests in the orchards seems to be fairly well under control at the present time with the growers girding themselves for a tougher struggle next year, if anything goes wrong with their present battle plans.

Farmers and growers in the fruit belt, accustomed to combatting the "coddling moth and other "normal" pests, have added a new worry to their pest problem. Many have been wondering if the infestation of Japanese beetles in the Gettysburg area, which according to county agent M. T. Hartman and others seems to be making more headway this year than previously, will spread to the upper part of the county.

previous years to help with the harvest, one school principal said "we are standing by right now to see what will be needed. The fruit crop will be lighter this year and it may be the harvest will be completed in shorter time. While we do not know just what demands will be made on us you may be sure the schools will stand by the farmers and growers to give as much assistance as possible."

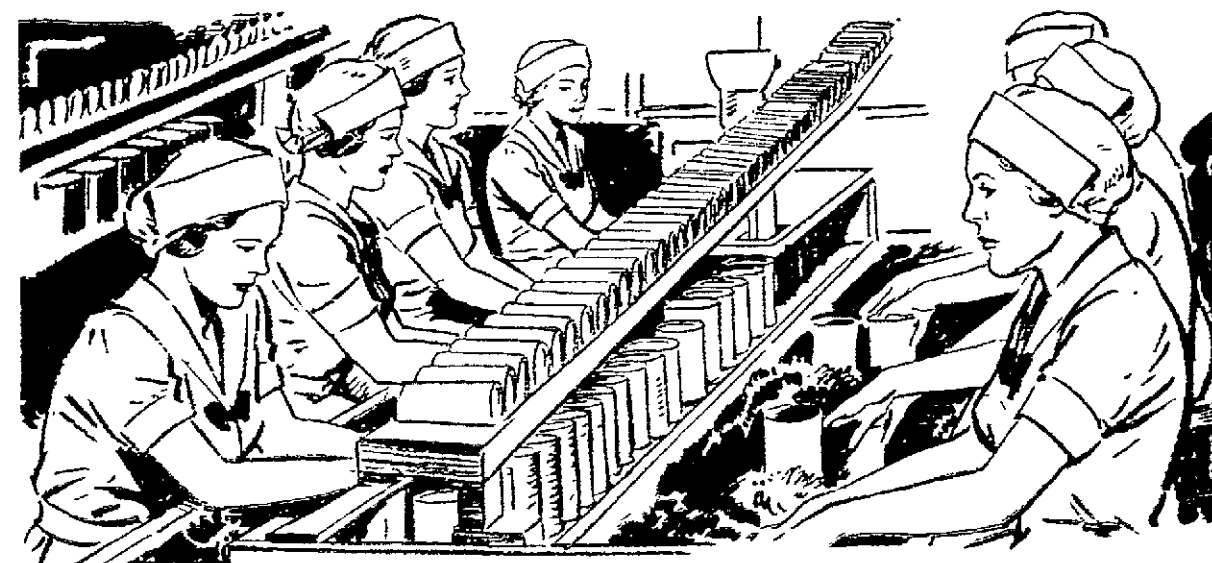

Recent changes in school regulations which allow use of longer days and grant the right to close schools and count the closed days as actual school days were cited as allowing the school boards greater freedom in determining just what will have to be done this fall when the demand is expected to be made for youngsters to work in the fields and orchards.

Most of the school children in the upper Adams county schools, it was pointed out, have some skill in working on farms.

Food Transportation

WE ARE MAKING EVERY POSSIBLE EFFORT TO KEEP OUR FLEET OF TRUCKS IN OPERATION FOR THE ADAMS COUNTY GROWERS IN TRANSPORTING "FOODS FOR FREEDOM." WE ARE PROUD TO AVAIL OURSELVES FOR THIS IMPORTANT JOB TOWARD THE WAR EFFORT BY HELPING TO KEEP FOODS "ROLLING" FOR THE ARMED FORCES AND CIVILIAN POPULATION.

H. EARL PITZER ASPERS, PA.
BUY WAR BONDS FOR VICTORY

THIS IS WAR WORK, TOO!

A call to everyone to help on the Food Front

Have you felt that you have lacked the opportunity to take part in the war? Then here it is. You can become a fighter on the Food Front!

Food in this war is just as important as planes, tanks and guns. Our President himself said these words. And this year the need for more food, especially canned food, is greater than ever before.

Now here's what we face right here in Adams County. Our own local crops are important in this war. Harvested and packed, they will feed our fighting men, our brave Allies, and our own people here at home.

Because of war conditions help is scarce. Yet, when the time comes, the crop must be picked fast and packed fast.

HERE IS YOUR CHANCE TO HELP

When the crop is ready for harvesting and packing, every able-bodied person of Adams County may be asked to help in doing the job. And you will be paid for your help—for that is the American way.

Remember, this is more than a job—it is a duty!

You will have the satisfaction of knowing that you have paid in part the debt that we all owe to the boys who are fighting for us!

First handicap of the growers and farmers, shortage of help, was aggravated this season by lack of spraying material and fertilizers caused by the war.

Omit Spraying

As a result some of the growers omitted some sprays where it was possible. Next year, however, those growers will have to go into the orchards with more sprays to combat pests that developed under the present lack of spraying.

To start the year off on the wrong foot, the spring weather proved too cold, wiping out a large portion of the cherry crop, and some of the apple and peach crop. The cherries that did develop, however, will be larger in most sections, growers state, because of the few cherries on the trees.

A few fortunate growers have found themselves with much better crops than their neighbors—a few even claiming they will get 70 per cent of their cherry crop, while others report they will get about 25 per cent.

Plant More Trees

Hundreds of trees have been added to already existing orchards to build for the future, with new plantings in many orchards far beyond the number needed to replace old trees.

Many smaller orchardists have already made arrangements with local youngsters between the ages of 11 and 16 to help in the harvest, but the larger canneries and orchards are still worried about manpower.

Tomato growers in the section

Biglerville's Industrial School To Graduate First Class Of Students In '44

School officials are waiting until next spring to determine finally the success of the industrial education program at Biglerville high school. At that time the first "official class" will be graduated from the school although present indications seem to be that the first class will prove the school a great success.

So far, most of the Biglerville school youths who took one or two years instruction since the industrial section was opened two years ago have secured positions in industries in this area. Many of the boys, about 20, have gone to Glenn L. Martin Co. at Baltimore and to the Fairchild plant at Hagerstown to help the nation build vitally needed airplanes.

While the class graduating next spring will be officially considered as having completed the full course, the first students to go through the entire six-year course will graduate four years from now when the youngsters who started in the seventh grade two years ago reach the end of their secondary school career.

The school was originally planned for one teacher but because of the response another teacher has been added to the staff. Edgar Benner instructs the youths in sheet metal work, machine shop studies, welding and forging, while Karl Orndorff teaches woodworking, carpentry, mechanical drawing and blue print work. One hundred and seventy-two boys took the course last year.

The course is compulsory for youngsters in the seventh, eighth and ninth grades while it is an elective major in the tenth, eleventh and twelfth grades.

Musselman Gift

The school has one of the largest industrial programs in the state and the 60 by 120-foot brick building was the gift to the school system from Mr. and Mrs. C. H. Musselman, Biglerville.

While most of the students of the industrial course have gone into industrial work the principal idea is to train them as better farmers, it was pointed out. Because of the increasing use of machinery by farmers, the modern farmer must have a much better knowledge of how to care for and handle equipment than ever before. The industrial training is designed for the most part to give that training to farm youths.

Folks Are Cheerful

People in the upper end of the county are cheerful about the whole thing, however, and refuse to be worried. While the fruit crop is fair, generally speaking, they say, the other crops are doing very nicely.

The growers this year found themselves using somewhat different varieties of sprays than usual, following a number of meetings to determine how best to arrange spray schedules in view of the shortage of chemicals.

The continuous fight against various pests in the orchards seems to be fairly well under control at the present time with the growers girding themselves for a tougher struggle next year, if anything goes wrong with their present battle plans.

Farmers and growers in the fruit belt, accustomed to combating the codling moth and other "normal" pests, have added a new worry to their pest problem. Many have been wondering if the infestation of Japanese beetles in the Gettysburg area, which according to county agent M. T. Hartman and others seems to be making more headway this year than previously, will spread to the upper part of the county.

previous years to help with the harvest, one school principal said "we are standing by right now to see what will be needed. The fruit crop will be lighter this year and it may be the harvest will be completed in shorter time. While we do not know just what demands will be made on us you may be sure the schools will stand by the farmers and growers to give as much assistance as possible."

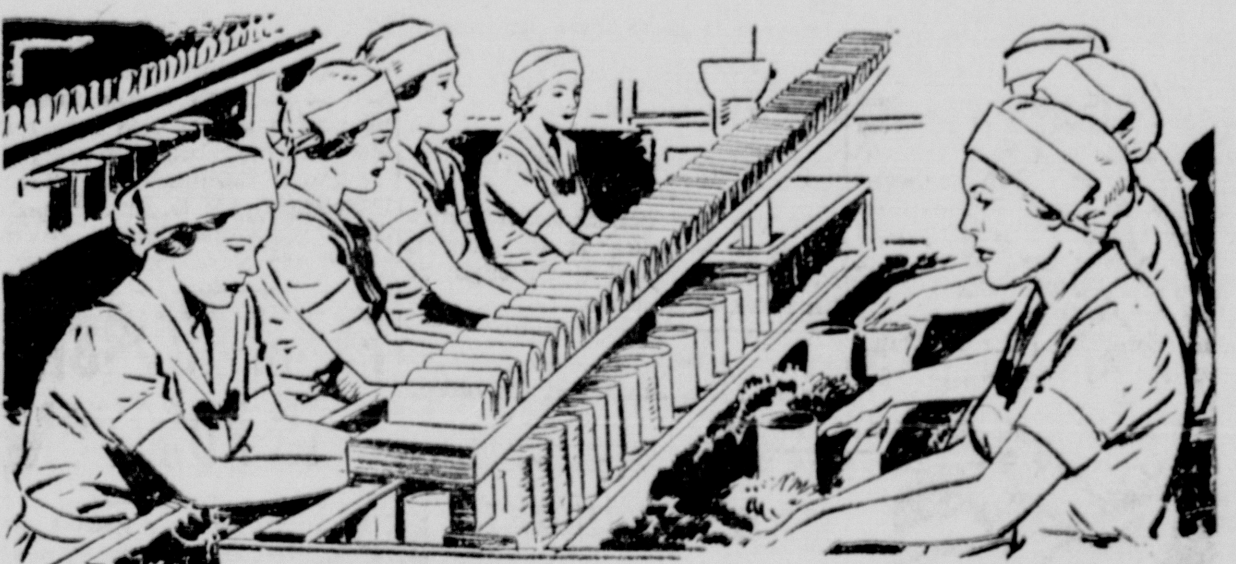

Recent changes in school regulations which allow use of longer days and grant the right to close schools and count the closed days as actual school days were cited as allowing the school boards greater freedom in determining just what will have to be done this fall when the demand is expected to be made for youngsters to work in the fields and orchards.

Most of the school children in the upper Adams county schools, it was pointed out, have some skill in working on farms.

Food Transportation

WE ARE MAKING EVERY POSSIBLE EFFORT TO KEEP OUR FLEET OF TRUCKS IN OPERATION FOR THE ADAMS COUNTY GROWERS IN TRANSPORTING "FOODS FOR FREEDOM." WE ARE PROUD TO AVAIL OURSELVES FOR THIS IMPORTANT JOB TOWARD THE WAR EFFORT BY HELPING TO KEEP FOODS "ROLLING" FOR THE ARMED FORCES AND CIVILIAN POPULATION.

H. EARL PITZER ASPERS, PA.
BUY WAR BONDS FOR VICTORY

THIS IS WAR WORK, TOO!

A call to everyone to help on the Food Front

Have you felt that you have lacked the opportunity to take part in the war? Then here it is. You can become a fighter on the Food Front!

Food in this war is just as important as planes, tanks and guns. Our President himself said these words. And this year the need for more food, especially canned food, is greater than ever before.

Now here's what we face right here in Adams County. Our own local crops are important in this war. Harvested and packed, they will feed our fighting men, our brave Allies, and our own people here at home.

Because of war conditions help is scarce. Yet, when the time comes, the crop must be picked fast and packed fast.

HERE IS YOUR CHANCE TO HELP

When the crop is ready for harvesting and packing, every able-bodied person of Adams County may be asked to help in doing the job. And you will be paid for your help—for that is the American way.

Remember, this is more than a job—it is a duty!

You will have the satisfaction of knowing that you have paid in part the debt that we all owe to the boys who are fighting for us!

"Every community which mobilizes to do its full part and every individual who enlists in the home task forces will be rendering a patriotic service to the nation."
CLAUDE R. WICKARD,
Secretary of Agriculture

Miss Mary Kurtz, Columbia, is visiting Mrs. N. Ling.

OPPOSE USE OF FEDERAL FUNDS IN PRICE WAR

By JOHN H. WIGGINS

Washington, June 30 (AP)—Legislation to outlaw the administration's subsidy-rollback program started through Congress anew today in the form of a reconditioned version of Senate and House bills prohibiting government expenditures to keep retail food prices down.

Regarded as almost certain to set off another subsidy wrangle, the hybrid bill went to the House on the heels of a War Labor board warning that its stabilization program "calls for a prompt carrying forward of the announced policies of the administration affecting the cost of food."

Turned out by a Senate-House conference committee last night after nearly seven consecutive hours of work, the measure contains virtually all of the anti-subsidy provisions of each bill but permits expenditures up to \$150,000,000 to finance present methods of subsidizing increased transportation costs, production of critical metals and output of war essential food products.

The restriction, designed to end the subsidy-rollback on retail prices of meats and butter, was written into a bill giving the Commodity Credit corporation two more years of life and adding \$750,000,000 to its present \$2,650,000,000 lending power.

The war food administrator would supervise what the conferees called a buying-selling system which would permit a subsidizing agency to purchase food at a loss from the farmer or on the open market as an incentive to production.

LOSER TAKE ALL

By Adelaide Hazeltine

Chapter 23

When Ann opened her eyes Bert was bending over her.

"I'm all right," she said at last. "Plain case of hysterics," his smooth professional voice explained. "You're to go to sleep now and then tomorrow, if you're better, we'll talk this thing over."

Tomorrow? Suddenly she hoped tomorrow would never come. She'd lost Terrence House. She'd made a fool of herself to Jerry. She was aching unhappy.

"Now take this," Bert held a little white capsule to her mouth, lifted her head while she sipped water. "If you need me in the night have someone call."

"Why don't you ask me . . . what brought this on? Or don't you want to know that your hundred to one shot was no good?"

"No good? You mean . . . ?" "I mean this little fit of hysterics was started by the burning of my grandmother's will."

"You saw it?" "I caught Jerry Lane in the act." Then she told him the story. When she finished he said, cryptically, "Well, you'll never win if you don't place a bet," and left her to figure that out for herself.

Flora was there the next morning when Ann awakened. The maid brought her a tray of food and a basket for Gibbs.

"I'll try to get it to him sometime during the day," she told the girl. "I'm afraid I can't make it right now."

"You shouldn't go out in the rain miss. If I could take it?" Ann smiled. She hadn't noticed the rain though it was beating against her window. "Thank you, Flora. The rain may stop by noon and I can go with it."

She ate a light breakfast, lay

down and dozed off.

It was 3 o'clock before she felt equal to dressing. She put on her blue and beige suit with a fresh powder blue blouse. Then she sat near the window and watched the rain falling in a grey sheet of water outside.

It was a bleak day on which to give up all the bright, happy plans she had drawn around the possession of Terrence House.

But she would have to give them up. Her last hope was burned with the will last night.

She had just reached the conclusion that she would pack her bags this afternoon and leave tomorrow when Gibbs appeared at her door. He stood, dripping hat in hand, and said, "I come the back way. Ain't nobody stirrin' in this weather."

"You must be careful, Gibbs. I know you thought I'd deserted you. I have a basket here for you."

"I wasn't a-mindin' the grub," he returned. "But," he shuffled his feet. "It's that stuff. I'm 'bout out again."

"Out of minerals?" He nodded.

"I can give you a little more money." She reached for her purse. With the exception of her train fare back, she had only two \$10 bills. She gave one to Gibbs. "It's not much use but we'll keep it going a few days. I wanted to talk to you anyway."

"Yes'm."

"You know you wanted to give it up that night Mr. Baxton fired you and I persuaded you to stay on. I told you then when we gave it up we'd do it together. Well, I'm ready to give it up, Gibbs."

"They ain't no sign of that feller a-showin' the will?" "No signs at all. He burned it last night."

Gibbs' face drew into a knot of resentment. "It'll never do him no good. That's what it won't."

"I . . . I think I'll be leaving tomorrow. Have you any plans?" His eyes were full of wistfulness. "I ain't got no plans."

She knew what he was thinking—that Grand Gussie had always said she would take care of him.

But she hadn't. "You're to come wherever I am, Gibbs. I'll see that you get a good job."

"You're a-goin' to give it up for sure?" "Yes, Gibbs."

He shook his head. "It's a crime. That's what it is!"

Perhaps it was but she had done all she knew to do.

She'd leave Terrence House as she'd come. Alone except for Matilda. There wouldn't be anyone unless it was Bert to whom she might say goodbye. The thought of Bert left her unmoved. He had been nice to her in a way which might have profited him most but she didn't love him.

She stuck her fingers into the bird cage and let Matilda give it a pecking kiss.

"I'm going to clean you up before we travel if I can find that crazy latch underneath."

Matilda cocked an understanding

eye and waited.

The rain came down steadily, dreary and depressing. Shutting her off as life shut her off, too. Losing Terrence House hurt her pride but losing Jerry Lane hurt her heart.

She shivered a little with the cold of what might have been. Then she dragged out her grips and began to pack.

It was growing dusk outside before she finally turned to Matilda. "Now for you, young lady," she said.

She opened the cage door, coaxed the bird to hop to her hand. She carried her lightly to a chair and left her on its arm.

She spread newspapers on the floor and set the cage in the middle of them. She remembered Grand Gussie felt around behind the filigree work and touched a hidden spring. The spring in turn released the wire top which fell completely apart from the base. This made it easy to give the whole cage a thorough cleaning.

Ann ran her fingers tentatively along, turned the cage over, examined it from several angles. She spent a long minute wishing she had watched more closely when her grandmother did it.

A fumbling knock on her door interrupted her. She stepped to answer it and found Jack Mason with Mary Lee in his arms.

They were both drenched. The boy's eyes were big with fright. "Oh, Jack," she cried, what's happened?"

MARKETS Local Prices

Gettysburg-Grain-Eggs

Market prices at the Gettysburg warehouse and the Egg Co-op association, corrected daily, are as follows:

Wheat \$1.40
Barley92
Corn 1.16
Eye87
Brown Eggs40½
White Eggs40½

BALTIMORE EGGS—Newly ungraded, 57 pounds up, offered 38-44c.

Baltimore-Fruit

APPLES—New: Market unsettled. Eastern Shore, Maryland, bushel basket Transpenn. U. S. 12, 2-in. min., mostly \$3.50; 1½-in. min., \$2.50-2.75.

Philadelphia-Butter-Eggs

EGGS (wholesale prices)—Market demand was excellent for top quality eggs. Receipts and supplies were light and arrivals were quickly absorbed. A firm market was evident as retail outlets sought supplies. Wholesale prices on commercial grades: Fancy whites, 45½-48c; brown, 45-47c; medium, 43½-45c; extra, large mixed colors, 44c; medium, 38½-40c; standards, 40-43c; ungraded, 38½-39½c. Receipts, 3,826 cases; by truck, 1,928.

BUTTER—Market arrivals were light in volume and supplies also were light. Wholesalers were barely able to furnish retail outlets with reduced portions. Demand was excellent and a firm market tone prevailed. Trading was light with limited wholesale sales as follows: AA, boxes, 48c; A, boxes, 42½c.

B-Book Twice a Month or 1,000 Miles
A-Book 2 to 3 Months, Regardless

1. Shackle bolts may freeze and spring leaves break.
2. Hard steering may develop and cause mechanical difficulties
3. Troubles may start with distributor, starter or fan which may throw the entire ignition system out of order
4. Rear wheel bearings may wear out causing rear axle failure
5. Brake cable may lock causing brake troubles.
6. Shock absorbers may cease to function properly causing spring breakage, excess tire wear or hard steering.
7. Universal joints may go bad running the joint bearings and causing excessive wear on transmission and differential gears
8. Improperly lubricated chassis parts may cause undue drag on the motor, wasting precious gasoline.

**Breaks Vertebrae
On Eve Of Induction**

Philadelphia, June 30 (AP) — Charles Griffith, 23-year-old University of Pennsylvania student, was to enter the Army today.
In high spirits, he demonstrated the use of a command-type rope ladder to fellow students on the third floor of a fraternity house.
The Army contingent left without him. He broke two vertebrae when he fell to the ground.

**Sewell Sees New
Life For Browns**

St. Louis, June 30 (AP)—The Army's rejection of Vernon Stephens and George McQuinn gives the Browns their second wind, says Manager Luke Sewell.
What he means is goodbye, American League cellar.
With the return of Stephens, hard-hitting shortstop, and McQuinn, the former leading first baseman, Sewell expects the lethargic Browns to step into a hitting stride that will carry them to better quarters and keep them there.
McQuinn was rejected yesterday at Camp Lee, Va., because of a back injury. At the same time, Stephens was turned down at Jefferson Barracks, Mo., because of a knee injury.

Shell fragments (foreground) and burned and battered wreckage of two munitions cars remained after a fire and explosions started the town of Grand Junction in western Chicago. The fire was believed to have started from a hot box or brake shoe on the freight train.

Handshake For A Russian Colonel

David Gerald McGrath, 6, son of Gov. J. Howard McGrath of Rhode Island, shakes hands with Col. Ha Sarayev of the Red Army at a "Tribute to Russia" meeting in New York city. Left to right, Allen Wardwell, chairman of New York committee of Russian War Relief, Joseph E. Davies, former U.S. envoy to Moscow, young McGrath, Col. Sarayev, Mayor F. H. La Guardia of New York.

Spinach	4	6
All other Vegetables and Vegetable Combinations	4	6

DRIED

Peas, Beans, or Lentils (excluding Soybeans and Black-eyed Peas) ... 4 points per pound.

Shell fragments (foreground) and burned and battered wreckage of two munitions cars remained after a fire and explosions startled the town of Grand Junction in western Chicago. The fire was believed to have started from a hot box or brake shoe on the freight train.

David Gerald McGrath, 6, son of Gov. J. Howard McGrath of Rhode Island, shakes hands with Col. Ilya Sarayev of the Red army at a "Tribute to Russia" meeting in New York city. Left to right, Allen Wardwell, chairman of New York committee of Russian War Relief; Joseph E. Davies, former U.S. envoy to Moscow; young McGrath, Col. Sarayev; Mayor F. H. La Guardia of New York.

"Big Inch" Nearing Completion In East
Lancaster, Pa., June 30 (AP)—The Philadelphia arm of the "big inch" oil pipeline from the west will be completed by the middle of July, according to George Brigrance, construction superintendent for the war emergency pipeline office.

Branching off the main pipe at Phoenixville, the 20-inch spur is being directed toward Chester, and from there will branch again to feed refineries in the Philadelphia area, Brigrance said.

GOP DEMANDS PROBE OF NEW DEAL SQUABBLE
(By The Associated Press)
Washington, June 30—Democratic Senators generally adopted a hands-off attitude today toward the public flare-up between Vice President Wallace and Secretary of Commerce Jones but Republican members clamored for an investigation.

While President Roosevelt accused the press and radio of stirring up some of the controversies among members of his official family, Senator Danaher (R-Conn.) declared he "definitely favored" a Congressional inquiry into the background of yesterday's heated exchange between Wallace and Jones over the program for acquiring war critical materials.

FDR Is Surprised
Unlike President Roosevelt, who told his press conference that the charges took him by surprise, Senators did not seem startled that the long-standing disagreement between their presiding officer and the Commerce secretary finally had burst into the open.

The row, coming on the heels of the shakeup in the War Food administration, prompted questioning of Mr. Roosevelt at his press conference on controversies within the government and the executive replied with criticisms of the press. He said he could trace flocks of intramural squabbles to newspaper stories, especially by columnists, and radio commentators.

Mr. Roosevelt said reporters often had to write under orders and cited a story about the morals of the WAACS as an illustration which hurt the war effort. Apparently he referred to a columnist's report—later denied by the War department—that members of the Women's Auxiliary Army Corps were to be furnished contraceptives. Rep. McGraney (D-Pa.) offered a resolution yesterday for an investigation of the story.

Wallace Raps Jones
The President, who said he wished official quarrels would be brought to him before they are aired publicly, declared the home front is doing all right in spite of the wrangling. He advised news writers to take a look around the country for proof.

Wallace, chairman of the Board of Economic Warfare (BEW), issued a 28-page statement accusing Jones of obstructing the agency's efforts to acquire much-needed materials from abroad. Jones fired back that Wallace's statement was full of "malice and misstatement."

With Our Service Men
Lt. J. M. Sheads has been transferred from Camp Claiborne, Louisiana, to the 1st Student Tr. Regt., 1st Co. DOC-6, Ft. Benning, Georgia. Corporal Charles A. Heintzelman is now with the 80th QM Co., APO 80, Nashville, Tennessee.

Pvt. Donald J. Cole has been assigned to the Recruit Depot, Platoon 463, Marine Barracks, Parris Island, South Carolina.

T-5 Robert C. Griffith has been transferred to the 13th Co., TGAFS, Ft. Knox, Kentucky.

S-2 C Paul E. Cooley has been transferred from Sampson, New York, to West 32nd Street, Pier 92, MSM Receiving Ship, New York, New York.

Butchers Threaten To Slaughter Meat
Philadelphia, June 30 (AP)—If the government doesn't find a way to get them more meat in 10 days, Philadelphia butchers intend to start slaughtering their own.

"Unless something is done—and we expect nothing—the butchers will apply for a slaughtering license and start killing their own meat," announced Arthur E. Dennis, counsel for the Associated Butchers of Philadelphia.

Dennis said the butchers probably would take over one of the packing plants which have closed in protest against OPA price regulations. He estimated that 50 per cent of the city's independent meat dealers have no meat for sale.

CRUSHED TO DEATH
Eric, Pa., June 30 (AP)—Peter Trojanovich, 25, was crushed to death by a paper machine in the Ruberoid company's plant yesterday, after his right arm became entangled in the mechanism, dragging him between two heavy rollers.

DIES TO PROBE JAP CAMPS AND DETROIT RIOTS
Washington, June 30 (AP)—Final preparations were made by a Dies subcommittee today for the opening tomorrow of what promises to be a prolonged congressional hearing on conditions in Japanese relocation camps.

At the same time Chairman Dies (D-Tex.) announced the full committee had decided to inquire into the causes behind recent racial disturbances, such as last week's Detroit rioting which took more than a score of lives.

Committee investigators already in the field, he said, had turned up evidence which led him to predict "important developments."

3-Week Probe
Chairman Costello (D-Calif.) of the three-man subcommittee that recently completed a tour of Japanese relocation centers in the west, said hearings probably would last several weeks. Efforts will be made, he said, to find out just how much influence the Japanese themselves have exerted on the policies of the War Relocation Authority.

Among the first witnesses, Costello said, will be Dillon S. Myer, WRA director. Others to be called early will include officers and former officers of the Japanese-American Citizens league and probably three Japanese recently employed on the nearby Maryland farm of Interior Secretary Harold Ickes.

The trio on the Ickes farm, committee investigators said, were reported to have attended a meeting here last month of the Japanese-American Citizens league, records of which have been seized by the committee.

Dies said the investigation of racial troubles would proceed despite a statement by Representative Celler (D-NY) yesterday that it "will prove to be a cure worse than the disease."

Celler suggested that the committee adopt "a new slogan—with malice towards all, with charity towards some."

Dies replied he was surprised the New Yorker would "exhibit such intolerance and bigotry at a time like this."
